SENATE No. 220

By Mr. Montigny, a petition (accompanied by bill, Senate, No. 220) of Mark C. Montigny and Michael O. Moore for legislation to protect personal biometric data. Consumer Protection and Professional Licensure.

The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Second General Court
(2021-2022)**

An Act to protect personal biometric data.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 The General Laws, as appearing in the 2020 Official Edition, are hereby amended by
2 inserting after chapter 93K the following chapter:-

3 Chapter 93L. Biometric Information Privacy Act.

4 Section 1. Definitions.

5 As used in this chapter, the following words shall, unless the context clearly requires
6 otherwise, have the following meanings:

7 "Biometric identifier" means a retina or iris scan, fingerprint, voiceprint, or scan of hand
8 or face geometry. Biometric identifiers do not include writing samples, written signatures,
9 photographs, human biological samples used for valid scientific testing or screening,
10 demographic data, tattoo descriptions, or physical descriptions such as height, weight, hair color,
11 or eye color. Biometric identifiers do not include donated organs or tissues or blood or serum

12 stored on behalf of recipients or potential recipients of living or cadaveric transplants and
13 obtained or stored by a federally designated organ procurement agency. Biometric identifiers do
14 not include information captured from a patient in a health care setting or information collected,
15 used, or stored for health care treatment, payment, or operations under the federal Health
16 Insurance Portability and Accountability Act of 1996. Biometric identifiers do not include an X-
17 ray, roentgen process, computed tomography, MRI, PET scan, mammography, or other image or
18 film of the human anatomy used to diagnose, prognose, or treat an illness or other medical
19 condition or to further validate scientific testing or screening.

20 "Biometric information" means any information, regardless of how it is captured,
21 converted, stored, or shared, based on an individual's biometric identifier used to identify an
22 individual. Biometric information does not include information derived from items or procedures
23 excluded under the definition of biometric identifiers.

24 "Confidential and sensitive information" means personal information that can be used to
25 uniquely identify an individual or an individual's account or property. Examples of confidential
26 and sensitive information include, but are not limited to, a genetic marker, genetic testing
27 information, a unique identifier number to locate an account or property, an account number, a
28 PIN number, a pass code, a driver's license number, or a social security number.

29 "Private entity" means any individual, partnership, corporation, limited liability company,
30 association, or other group, however organized.

31 "Written consent " means informed written consent.

32 Section 2. Collection, Retention, Destruction, and Disclosure of Biometric Information.

33 (a) A private entity in possession of biometric identifiers or biometric information must
34 develop a written policy, made available to the person from whom biometric information is to be
35 collected or was collected, establishing a retention schedule and guidelines for permanently
36 destroying biometric identifiers and biometric information when the initial purpose for collecting
37 or obtaining such identifiers or information has been satisfied or within 1 year of the individual's
38 last interaction with the private entity, whichever occurs first. Absent a valid order, warrant, or
39 subpoena issued by a court of competent jurisdiction or a local or federal governmental agency, a
40 private entity in possession of biometric identifiers or biometric information must comply with
41 its established retention schedule and destruction guidelines.

42 (b) No private entity may collect, capture, purchase, receive through trade, or otherwise
43 obtain a person's or a customer's biometric identifier or biometric information, unless it first:

44 (1) informs the subject or the subject's legally authorized representative in writing that a
45 biometric identifier or biometric information is being collected or stored;

46 (2) informs the subject or the subject's legally authorized representative in writing of the
47 specific purpose and length of term for which a biometric identifier or biometric information is
48 being collected, stored, and used; and

49 (3) receives written consent executed by the subject of the biometric identifier or
50 biometric information or the subject's legally authorized representative. Written consent may be
51 obtained by electronic means.

52 (c) No private entity in possession of a biometric identifier or biometric information may
53 sell, lease, trade, or otherwise profit from a person's or a customer's biometric identifier or
54 biometric information.

55 (d) No private entity in possession of a biometric identifier or biometric information may
56 disclose, redisclose, or otherwise disseminate a person's or a customer's biometric identifier or
57 biometric information unless:

58 (1) the subject of the biometric identifier or biometric information or the subject's legally
59 authorized representative provides written consent to the disclosure or redisclosure;

60 (2) the disclosure or redisclosure completes a financial transaction requested or
61 authorized by the subject of the biometric identifier or the biometric information or the subject's
62 legally authorized representative;

63 (3) the disclosure or redisclosure is required by state or federal law or municipal
64 ordinance; or

65 (4) the disclosure is required pursuant to a valid warrant or subpoena issued by a court of
66 competent jurisdiction.

67 (e) A private entity in possession of a biometric identifier or biometric information shall:

68 (1) store, transmit, and protect from disclosure all biometric identifiers and biometric
69 information using the reasonable standard of care within the private entity's industry; and

70 (2) store, transmit, and protect from disclosure all biometric identifiers and biometric
71 information in a manner that is the same as or more protective than the manner in which the
72 private entity stores, transmits, and protects other confidential and sensitive information.

73 Section 3. Right of Action.

74 (a) Any person aggrieved by a violation of this chapter shall have a cause of action
75 pursuant to the procedures set forth in chapter 93A. Damages pursuant to any said action shall
76 be no less than \$5,000 per violation or actual damages suffered, whichever is greater, or up to
77 three but not less than two times such amount if the court finds that the violation was a willful or
78 knowing act. Damages may also include attorneys' fees and costs.

79 (b) The attorney general may bring an action in the name of the commonwealth pursuant
80 to the procedures set forth in chapter 93A upon any violation or suspected violation of this
81 chapter. Damages pursuant to any said action shall be no less than \$5,000 per violation or actual
82 damages suffered, whichever is greater, or up to three but not less than two times such amount if
83 the court finds that the violation was a willful or knowing act.

84 Section 4. Construction.

85 (a) Nothing in this chapter shall be construed to impact the admission or discovery of
86 biometric identifiers and biometric information in any action of any kind in any court, or before
87 any tribunal, board, or agency.

88 (b) Nothing in this chapter shall be construed to conflict with the federal Health Insurance
89 Portability and Accountability Act of 1996 and the rules promulgated under said Act.
