The District shall have all the rights and powers necessary or convenient to carry out and effectuate its purpose as described herein, including making such payments and incurring such obligations as may be deemed necessary to obtain the water supply and distribution system described in section 1.
SECTION 3. The powers conferred upon the District by this act shall be exercised by a Water District Commission, herein the Commission of the District or Commission, consisting of 3 members who shall be residents of the Town, one of whom shall be appointed by the selectboard of the Town, and may be a member of said board, one of whom shall be appointed by the largest water user in the District and one of whom shall be elected by the owners of the property located in the District. When the District is first established, the three members shall be appointed as follows: 1 member to a 2-year term shall be appointed by the selectboard of the Town; 1 member to a 1-year term shall be appointed by the selectboard of the Town and said term shall expire upon the election of a Commissioner at the next Town election at which the seat shall be for a 3-year term, the remaining member shall be appointed by the largest water user in the District to a 3-year term. The successors to the original members shall serve for terms of 3 years each. Vacancies on the Commission shall be filled in the same manner as their appointment and a person appointed to fill a vacancy shall serve until the expiration of the term of the vacant seat. Any commissioner may be removed prior to the expiration of their term upon good cause by the appointing authority.

SECTION 4. The Commission shall be responsible for the expenditure and shall expend the money raised and borrowed by the District, and shall annually prepare and approve a budget. Approval of the budget shall be deemed to constitute an appropriation for the expenses enumerated therein. The Commission shall have the same powers and duties relative to the assessment, collection and abatement or granting of exemptions relative to money voted by the District as provided by the General Laws. The District shall, at the request of the Town, include in each budget compensation to the Town for any services rendered and expenses incurred by
Town officers with respect to the District. The fiscal year of the District shall be the same fiscal
year established by the General Laws or otherwise for the Town.

SECTION 5. The District and all of its revenue, income, and real property shall be
exempt from taxation and from betterments and special assessments, and the District shall not be
required to pay any tax, excise, or assessment to or for the Commonwealth or any of its political

limitations:
(a) The Commission may fix, revise, charge, collect and abate fees, rates, rents, assessments, delinquency charges, lien, or other charges for water supply, treatment, and distribution and other services, facilities and commodities it furnishes or supplies. Subject to clause (c), fees, rates, rents, assessments, delinquency charges and other charges of general application shall be adopted and, as necessary, revised by the Commission at least annually in accordance with procedures to be established by the Commission for ensuring that interested persons are afforded notice and an opportunity to present data, views and arguments. The Commission shall hold at least 1 public hearing on its schedule of fees, rates and charges or any revision thereof prior to its adoption, notice of which shall be delivered to the selectboard of the Town and published on the Town’s municipal website and in a newspaper of general circulation in the Town at least 10 days in advance of the hearing. Not later than the date of such hearing, the Commission shall make the proposed schedule available to the public. The Commission may combine its fees, rates and other charges for services provided by it in a single schedule. Fees, rates, rents, assessments, abatements, and other charges established by the Commission shall not be subject to supervision of or regulation by any department, division, commission, board, bureau, or agency of the Town or Commonwealth or any political subdivision. In order to provide for the collection and enforcement of any charges for fees, rates and other charges, the Commission shall have the benefit, without further acceptance of sections 42A to 42F, inclusive, of chapter 40 of the General Laws or filing of any certificate relating thereto, of liens for unpaid fees, rates, rents, assessments and other charges as provided in sections 42A and 42B of said chapter 40 to the extent applicable and consistent with this act. The Commission shall certify to the Town tax collector any fee, rate or charge for which a lien has arisen, and the Assessors shall add them to the property tax assessed on the property to which it relates when the annual
assessment of Town property taxes is made. The Town tax collector shall act as collector for the
District and collect the rate, fee or charge as provided in section 42D of said chapter 40. The
collector or Town treasurer shall pay over to the District any amounts collected on account of
such rates, fees or charges.

(b) Subject to clause (e), the fees, rates, rents, assessments and other charges established
by the Commission in accordance with clause (a) shall be fixed and adjusted relative to the
aggregate thereof so as to provide revenues sufficient: (i) to pay the current expenses of the
Commission; (ii) to pay the principal, premium, and interest on bonds for costs as they become
due and payable; (iii) to create and maintain such reasonable reserves as may be reasonably
required by the Commission or by any trust agreement or resolution securing bonds issued by the
District on account of capital costs; (iv) to provide funds for paying the costs of all necessary
repairs, replacements and renewals of the water system; and (v) to pay or provide for any
amounts which the Commission may be obligated to pay or provide for by law or contract,
including a resolution or contract with or for the benefit of the holders of bonds issued for the
Commission. The Commission shall issue an annual operating budget and may allocate the use
of such amounts as it shall, in its sole discretion, determine.

(c) The Commission shall undertake a study and examination of its estimated expenses
and costs of constructing, maintaining, operating and improving the system, and shall, one year
after the effective date of this Act, promulgate, in accordance with clauses (a) and (b), a schedule
of fees, rents, rates and other charges. The schedule shall become effective upon promulgation
and shall provide for the metering, monitoring and other measuring of, and charging for, water
supply, treatment, and distribution services provided by the Commission to consumers of such
services in the District.
(d) The District may make special assessments under sections 42G, 42H, 42I and 42K of chapter 40 of the General Laws by vote of the Commission. The Commission shall certify any District special assessment or betterment to the town assessors, and the assessors shall commit them to the Town tax collector as provided in chapter 80 of the General Laws. The Town tax collector shall act as collector for the District and collect any betterments or special assessments as provided in chapter 80. The collector shall include on municipal lien certificates of the Town any District water rates, fees or charges that are liens, and shall issue certificates under section 12 of said chapter 80 to dissolve liens for special assessments or betterments of the District when such assessments or betterments have been paid in full or abated.

(e) For purposes of operation of the water treatment and distribution system, the District is hereby authorized upon majority vote of the Commission to establish and maintain (i) a reserve fund, which may carry over the remaining balance of such fund into the ensuing fiscal year; and (ii) an Enterprise Fund in accordance with the provisions of section 53F1/2 of chapter 44 of the General Laws.

(f) A water treatment and distribution system shall be subject to the applicable rules and regulations of the Town and the applicable laws of the Commonwealth and shall comply with any approval required thereunder.

SECTION 13. Notwithstanding the provisions of section 13 of chapter 80 of the General Laws, or the provisions of any other general or special law to the contrary, an assessment on account of a betterment project of the District may be apportioned into such number of equal portions as may be determined by the District.
SECTION 14. Insofar as this act is inconsistent with a general or special law, administrative order or regulation or law of the Town other than a rule or regulation of the Board of Health, this act shall be controlling.

SECTION 15. This act, being necessary for the welfare of the Town and its inhabitants, shall be liberally construed to effect its purposes.

SECTION 16. This act shall be construed in all respects so as to meet all constitutional requirements. In carrying out the purposes and provisions of this act, all steps shall be taken which are necessary to meet constitutional requirements whether or not such steps are required by statute.

SECTION 17. This act shall take effect upon its passage.
