

SENATE No. 3008

Senate, July 14, 2022 -- Text of amendment number (39) relative to regional transportation ballot initiatives offered by Mr. Lesser to the Ways and Means amendment (Senate, No. 2989)

The Commonwealth of Massachusetts

In the One Hundred and Ninety-Second General Court
(2021-2022)

1 by adding after section X the following section:-

2 SECTION XX. The General Laws are hereby amended by inserting after Chapter 64N
3 the following chapter:-

4 CHAPTER 64O

5 LOCAL AND REGIONAL TRANSPORTATION BALLOT INITIATIVES

6 Section 1. For purposes of this chapter, the following terms shall have the following
7 meanings unless the context clearly requires otherwise:

8 “District agreement”, a document specifying the terms and conditions of the powers and
9 duties of the 2 or more municipalities forming a district under section 4 of this chapter, pursuant
10 to the laws governing any such municipality, this chapter and such procedural regulations as the
11 commissioner of revenue may promulgate.

12 “Governing body”, in a city having a Plan D or Plan E charter the city manager and city
13 council and in any other city the mayor and the city council and in towns the board of selectmen
14 or equivalent body.

15 “Single subject of taxation”, 1 tax mechanism, including, sales, real or personal property,
16 room occupancy, vehicle excise, or any other tax then authorized to be assessed or collected by
17 the commonwealth or any city or town, as determined annually by the board of assessors or
18 department of revenue, that the city or town, or district, may subject to the tax surcharge.

19 “Transportation project”, a project or program involving the planning, design or
20 construction of public or mass transportation transit systems, transit oriented development, roads,
21 bridges, bikeways, pedestrian pathways, and other transportation-related projects.

22 Section 2. (a) This chapter shall take effect in any city or town upon the approval of its
23 governing body and its acceptance by the voters of any city or town by a ballot question as set
24 forth in section 3.

25 (b) A city or town may impose any tax surcharge within its city or town on a single
26 subject of taxation subject only to the condition that such tax is a surcharge on a tax then
27 authorized by state law; provided, however, that no tax surcharge shall be imposed within the
28 city or town unless it has first been approved by the governing body of such city and town and
29 accepted by a majority of the voters of a city or town through a ballot question as set forth in
30 section 3, except as provided in section 4.

31 (c) Notwithstanding chapters 59, 60A, 64H, 62 or any other general or special law to the
32 contrary but subject this chapter, the governing body of any city or town may vote to accept the
33 provisions of this chapter authorizing a surcharge on a single subject of taxation, as determined
34 annually by the board of assessors or department of revenue. A governing body that intends to
35 accept the provisions of this chapter shall determine prior to approval by the voters which single
36 subject of taxation will be levied and the amount and rate of surcharge. For a real or personal

37 property tax surcharge, the amount of the surcharge shall not be included in a calculation of total
38 taxes assessed for purposes of section 21C of chapter 59.

39 (d) All exemptions and abatements of any single subject of taxation for which a taxpayer
40 qualifies as eligible shall not be affected by this chapter. A taxpayer receiving an exemption for
41 any single subject of taxation shall be exempt from any tax surcharge on any single subject of
42 taxation established under this section. The tax surcharge to be paid by a taxpayer receiving an
43 abatement of any single subject of taxation shall be reduced in proportion to the amount of such
44 abatement.

45 (e) Any amount of the tax surcharge not paid by the due date shall bear interest at the rate
46 per annum as authorized by the law for any single subject of taxation.

47 (f) Revenues raised through the tax surcharge shall be separately accounted for and used
48 by the city or town for transportation projects.

49 Section 3. (a) Upon approval by the governing body, the actions of the governing body
50 shall be submitted for acceptance to the voters of a city or town at the next regular municipal or
51 state election. The city or town clerk or the state secretary shall place it on the ballot in the form
52 of the following question: "Shall this (city or town) accept sections 2 to 5, inclusive of chapter
53 64O of the General Laws, as approved by its (governing body), a summary of which appears
54 below

55 (Set forth here a fair, concise summary and purpose of the law to be acted upon, as
56 determined by the city solicitor or town counsel, including in the summary the specific single
57 subject of taxation to be levied and percentage of the surcharge to be imposed.)"

58 In the ballot question, the city or town may include a list of specific transportation
59 projects for which the tax surcharge funds may be used, or a city or town may include a general
60 description of the types of transportation projects for which the tax surcharge may be used. The
61 city or town may also include a sunset provision in the ballot question, but the authorization for
62 the tax surcharge shall not exceed 30 years.

63 If a majority of the voters voting on said question vote in the affirmative, then its
64 provisions shall take effect in the city or town, or district as set forth under section 4, but not
65 otherwise.

66 (b) The final date for notifying or filing a petition with the city or town clerk or the state
67 secretary to place such a question on the ballot shall be 60 days before the city or town election
68 or 100 days before the state election. For those petitions that will appear on the state election,
69 notice shall be given by filing with the state secretary a certified copy of the governing body's
70 approval, and include a copy of the summary set forth in subsection (a).

71 (c) If the governing body does not vote to accept the provisions of this chapter, not less
72 than 120 days before a regular city or town election or 180 days before a state election, a
73 question seeking said acceptance through approval of a particular surcharge amount and
74 percentage may be so placed on the ballot when a petition including information about the
75 subject of taxation, rate of taxation and project or types of projects is signed by not less than 5
76 per cent of the registered voters of the city or town requesting such action is filed with the
77 registrars, who shall have 7 days after receipt of such petition to certify its signatures. Upon
78 certification of the signatures, the city or town clerk or the state secretary shall cause the question
79 to be placed on the ballot at the next regular city or town election held more than 60 days after

80 such certification or at the next regular state election held more than 90 days after such
81 certification.

82 Section 4. (a) Two or more municipalities may, with the approval of the governing body
83 of each city or town thereof, form a district for the purposes of implementing the provisions of
84 this chapter.

85 (b) If a majority of the voters in the district, for the purposes set forth in subsection (a),
86 vote on said question in the affirmative then the provisions of this chapter shall take effect in the
87 district, but not otherwise.

88 (c) Two or more municipalities that choose to form a district for purposes of this chapter
89 shall apply a tax surcharge to their preferred subject of taxation. The amount and percentage of
90 the tax surcharge may vary for each municipality that comprises the district.

91 (d) Two or more municipalities forming a district shall adopt a district agreement with
92 approval of the applicable governing body prior to presentment to the voters of the 2 or more
93 municipalities by a ballot question. The district agreement shall specify: (i) the purpose and
94 nature of the arrangement; (ii) the single municipality to serve as the treasurer of the
95 transportation fund or the regional planning agency to serve as fiscal agent of the transportation
96 fund under section 7 and that said municipality or regional planning agency shall also serve as
97 treasurer or fiscal agent for purposes of section 9; (iii) how the transportation fund will be used
98 and for what purposes, and how the municipalities will decide on details of use, plan changes or
99 urgent circumstances; (iv) the work to be performed, and the division or sharing of responsibility
100 among the municipalities; (v) the estimated costs and the methods of financing of the
101 transportation projects; (vi) the method of administration of the transportation fund and the

102 transportation projects to be paid for through the fund; (vii) the composition of the district's
103 transportation committee, the length of its term, and the criteria and method of selecting its
104 members; (viii) the duration of the proposed agreement; and (ix) the amount, type and
105 percentage of the tax surcharge for each municipality that comprises the district.

106 (f) Nothing in this section shall be construed to: (i) amend, repeal or otherwise alter the
107 authority or jurisdiction of, or establish, a municipality; or (ii) confer any management authority
108 over transportation projects beyond the authority exercised by participating municipalities in the
109 district agreement set forth in this section and this chapter.

110 Section 5. (a) Upon acceptance of this chapter, the satisfaction of the requirements of this
111 chapter and upon the assessors' warrant to the tax collector, the accepted tax surcharge shall be
112 imposed. The city, town, or district, shall notify the commissioner of revenue of the date and
113 terms on which the voters accepted this chapter.

114 (b) For a tax surcharge levied on either property or excise tax, after receipt of the warrant,
115 the tax collector shall collect the surcharge in the amount and according to the computation
116 specified in the warrant and shall pay the amounts so collected, quarterly or semi-annually,
117 according to the schedule for collection of the single subject of taxation, to the city's or town's
118 treasurer, or the district's treasurer. The tax collector shall cause appropriate books and accounts
119 to be kept with respect to such tax surcharge, which shall be subject to public examination upon
120 reasonable request from time to time.

121 (c) Two or more municipalities forming a district shall select one of the municipalities or
122 the regional planning agency to serve as the district's treasurer for purposes of this chapter. The
123 district agreement shall establish the method of selecting the district treasurer. The municipality

124 or regional planning agency selected to serve as district treasurer shall perform duties in
125 accordance with section 5 of this chapter and chapter 41. Two or more municipalities forming a
126 district shall also select that same municipality or regional planning agency to receive funds and
127 provide certification for all municipalities within said district for purposes of section 9 and in
128 accordance with section 4.

129 Section 6. (a) A city or town that accepts this chapter, either on its own or as part of a
130 district, shall establish by ordinance or by-law and, in the case of a district, the ordinance or by-
131 law shall be established by all member municipalities, a transportation committee not more than
132 90 days following acceptance of this chapter. The committee shall consist of not less than 5
133 members. The ordinance or by-law shall determine the composition of the committee, the length
134 of its term and the criteria and method of selecting its members by appointment only. The
135 committee shall include, but not be limited to, 1 or more representatives from the municipality, 1
136 member of each regional transit authority to which the city or town is a member community, if
137 any, 1 member of the regional planning agency to which the city or town is a member
138 community and persons, as determined by the ordinance or by-law, acting in the capacity of or
139 performing like duties of the department, board or authority if they have not been established in
140 the city or town.

141 (b) Each transportation committee shall study the transportation-related needs,
142 possibilities, and resources of the city, town or district. The committee shall consult with existing
143 transportation agencies, including regional planning agencies, to develop transportation projects
144 in accordance with the ballot initiative. If a list of transportation projects for which the tax
145 surcharge funds may be used was included in a ballot question, the committee shall include said

146 projects in its study; provided, however, that the committee may recommend or not recommend
147 said projects.

148 (c) Each transportation committee shall be subject to the requirements of subsection (a)
149 of section 19 of chapter 30A. Each transportation committee shall keep a full and accurate
150 account of all of its actions, including its recommendations and the action taken on them and
151 records of all appropriations or expenditures made from the Local and Regional Transportation
152 Fund. The records and accounts of the committee shall be public records.

153 (d) Each city, town or district, as applicable, shall consult with entity proposed to own
154 and maintain the transportation project prior to listing any transportation project on the ballot as
155 set forth in this chapter. If a city, town or district, as applicable, includes no specific
156 transportation projects in the ballot question, the transportation committee shall receive the
157 approval of the regional planning agency prior to submitting the local transportation committee's
158 recommendations to a city council or board of selectmen, unless the transportation-related
159 project or activity is solely under local jurisdiction. The city, town, or district shall study projects
160 that promote access to public transportation, biking, and walking.

161 (e) Not less than once every 2 fiscal years, each transportation committee shall make
162 recommendations to the governing body of the applicable city or town or to the district regarding
163 efficient and effective ways to improve and enhance local transportation systems in such city,
164 town or district. Recommendations to the governing body or district shall include anticipated
165 costs over the life cycle of the transportation project. The committee may include in its
166 recommendation to the governing body or district a recommendation to set aside for later
167 spending funds for specific purposes that are consistent with transportation-related purposes but

168 for which sufficient revenues are not currently available in the Local and Regional
169 Transportation Fund, as set forth in section 7, to accomplish that specific purpose, to satisfy debt
170 payments incurred from transportation-related projects or to set aside for later spending funds for
171 general purposes that are consistent with transportation improvements and in accordance with the
172 ballot initiative.

173 (f) After receiving such recommendations from the transportation committee, the
174 governing body or district shall take such action and approve such appropriations from the Local
175 and Regional Transportation Fund as may be necessary and appropriate for the recommendations
176 of the transportation committee, and such additional appropriations as it deems appropriate to
177 carry out the recommendations of the transportation committee and in accordance with the ballot
178 initiative.

179 Section 7. (a) Notwithstanding section 53 of chapter 44 or any other general or special
180 law to the contrary, a city, town or district that accepts the provisions of this chapter shall
181 establish a separate account to be known as the Local and Regional Transportation Fund, of
182 which the municipal treasurer or fiscal agent shall be the custodian. The authority to approve
183 expenditures from the fund shall be limited to the governing body or any city or town, or the
184 designated municipality treasurer or regional planning agency of the district, as applicable, and
185 the municipal treasurer or fiscal agent shall pay such expenditures in accordance with chapter 41.

186 (b) Two or more municipalities forming a district shall select 1 of the municipalities or
187 regional planning agency to establish a separate account known as the Local and Regional
188 Transportation Fund. The municipality or regional planning agency selected to establish said
189 fund shall only use the funds for the district as a whole through the designated fiscal agent and

190 based solely upon the recommendations and approvals of the transportation committee as set
191 forth in this chapter. Administration of the fund by the fiscal agent may, at the option of the
192 governing body of any member city or town, be subject to the further approval of such governing
193 body.

194 (c) The following monies shall be deposited in the Local and Regional Transportation
195 Fund: (i) all funds collected from the tax surcharge on any single subject of taxation pursuant to
196 section 3, except if the single subject of taxation is a tax collected at the state level which shall be
197 deposited with the department of revenue in accordance with sections 8 and 9; and (ii) all funds
198 received from the commonwealth or any other source for such purposes. The treasurer or fiscal
199 agent may deposit or invest the proceeds of the fund in savings banks, trust companies
200 incorporated under the laws of the commonwealth, banking companies incorporated under the
201 laws of the commonwealth that are members of the Federal Deposit Insurance Corporation or
202 national banks, or may invest the proceeds in paid up shares and accounts of and in co-operative
203 banks or in shares of savings and loan associations or in shares of federal savings and loan
204 associations doing business in the commonwealth or in the manner authorized by section 54 of
205 chapter 44 and any income therefrom shall be credited to the fund. The expenditure of revenues
206 from the fund shall be limited to implementing the recommendations of the transportation
207 committees, to providing administrative and operating expenses to the committees, and in
208 accordance with the ballot initiative. The city or town, or the municipality treasurer or regional
209 planning agency of the district as set forth in section 4, shall be prohibited from diverting
210 revenues derived from the tax surcharge into any other fund created by law or ordinance.

211 (d) Only those cities and towns or districts that adopt the tax surcharge allowed by this
212 chapter shall be eligible to receive monies through the Local and Regional Transportation Fund.

213 Section 8. (a) There shall be established and set up on the books of the commonwealth a
214 separate fund, to be known as the Massachusetts Local and Regional Transportation Trust Fund,
215 for the benefit of cities, towns, or districts that have accepted the provisions of this chapter and
216 have imposed a tax surcharge on a tax collected by the commonwealth, subject to any
217 exemptions adopted by a municipality or district. The fund shall consist of all revenues received
218 by the commonwealth: (i) from the tax surcharge on such tax pursuant to section 3; (ii) from
219 public and private sources as gifts, grants and donations to further local or regional transportation
220 projects; and (iii) all other monies credited to or transferred to from any other fund or source
221 pursuant to law.

222 (b) The state treasurer shall deposit revenues received by any such tax surcharge into the
223 fund in accordance with section 9 in such manner as will secure the highest interest rate available
224 consistent with the safety of the fund and with the requirement that all amounts on deposit be
225 available for withdrawal without penalty for such withdrawal at any time. All interest accrued
226 and earnings shall be deposited into the fund. The fund shall be administered in a manner to
227 separately account for revenues raised by each city, town, or district, shall be held for the benefit
228 of such city, town, or district, and expenditures from the fund shall be made solely for the
229 administration and implementation of this chapter. Any unexpended balances shall be
230 redeposited for future use by the city, town, or district consistent with this chapter.

231 (c) The state treasurer shall make all disbursements and expenditures from the fund
232 without further appropriation, as directed by the commissioner of revenue in accordance with
233 section 9. The department of revenue shall report by source all amounts credited to said fund and
234 all expenditures from said fund. The commissioner of revenue shall assign personnel of the
235 department as it may need to administer and manage the fund disbursements and any expense

236 incurred by the department shall be deemed an operating and administrative expense of the
237 program. The operating and administrative expenses shall not exceed 5 per cent of the annual
238 total revenue deposited into the fund.

239 Section 9. (a) All sums received by the commissioner under this chapter shall, not less
240 than quarterly, be distributed, credited and paid by the state treasurer upon certification of the
241 commissioner to each city or town or the municipality treasurer or regional planning agency of
242 the district and notified the commissioner of their acceptance.

243 (b) The state treasurer, upon certification of the commissioner, shall distribute the funds
244 to the city or town, or the municipality treasurer or regional planning agency of the district based
245 on the proportional amount the city, town or district has raised by imposing the surcharge. The
246 total distribution of funds shall include all sources of revenue raised in the previous year as set
247 forth in subsection (a) of section 8, less not more than 5 per cent of the annual total revenue of
248 the fund, as set forth in subsection (c) of section 8. Any city, town or district seeking to dispute
249 the commissioner's calculation of its distribution under this subsection shall notify the
250 commissioner, in writing, not later than 1 year from the date the tax was distributed by the
251 commissioner to the city, town or district.

252 (c) The commissioner shall be prohibited from diverting revenues derived from the tax
253 surcharge into any other fund created by law.

254 (d) Notwithstanding any provision to the contrary, the commissioner may make available
255 to cities, towns and districts any information necessary for administration of the tax surcharge
256 imposed by this chapter including, but not limited to, a report of the amount of the surcharge on
257 tax collected in the aggregate by each city, town or district under this chapter in the preceding

258 fiscal year, and the identification of each individual vendor collecting the surcharge on sales tax
259 collected under this chapter.

260 Section 10. (a) At any time after imposition of the tax surcharge, the governing body of
261 each city or town may approve and the voters may accept an amendment to the amount and
262 computation of the tax surcharge in the same manner and subject to the same requirements set
263 forth in this chapter.

264 (b) At any time after imposition of the tax surcharge, a district under section 4, with the
265 approval of the majority of voters in the district may accept an amendment to the amount and
266 computation of the tax surcharge in the same manner and subject to the same requirements set
267 forth in this chapter so that the surcharge becomes uniform in all municipalities of the district.

268 Section 11. The commissioner of revenue shall have the authority to promulgate rules and
269 regulations to effect the purposes of this chapter.
