The membership of the planning committee shall include at least one nurse, one certified nurse assistant, one unlicensed assistive care worker, and one representative for each labor organization representing bargaining units at the facility. The membership of the planning committee shall include no more than the same number of management representatives relative to the number of appointed members of the health care workforce.

(b) The committee shall participate in at least one meeting of labor management committee training. Such training shall be provided by an outside training vendor with demonstrated experience in labor-management training. The training vendor shall be selected by majority vote of the planning committee and the facility shall pay for costs of this training.
