An Act commissioning a study to increase regional housing production.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 There shall be established, under the Department of Housing and Community
2 Development, a commission to research and establish regional housing production goals to meet
3 a statewide housing need of no less than 430,000 new housing units by the year 2030.

4 The department shall work with; regional housing non-profit organizations,
5 municipalities, municipal planning organizations, regional housing authorities, regional
6 transportation authorities, the Department of Transportation, municipal transportation authorities,
7 and local private or public institutions of higher education to identify and set housing production
8 regions and to report within one year to the legislature on recommendations that: (i) identify
9 regional housing production needs; (ii) set regional housing productions goals; (iii) devise
10 funding mechanisms for housing production projects; (iv) outline tax, subsidy, or other

- 11 incentives for municipalities or regions to meet said goals; (v) improve the permitting process for
- 12 such housing production projects; (v) outline optimal residential development zoning codes for
- 13 housing production; and (v) better set housing affordability standards.
