Competitive Grant Awards

Under the Green Communities Act, cities and towns must meet five criteria to be designated a Green Community and receive funding. The grants provide financial support for energy efficiency and renewable energy projects that further the designated communities' clean energy goals. This ninth annual round of DOER Green Communities competitive grants is awarded to existing Green Communities that have successfully invested their initial designation grants and previous competitive grant awards. Grants are capped at \$200,000 per municipality.

Designation Awards

The Initial Designation awards are a formula-based grants awarded to newly minted Green Communities for clean energy projects at municipal and school facilities, as well as vehicular fuel reduction projects. Initial Designation Grants are based on a \$125,000 base for each designated Green Community, plus additional amounts tied to per capita income and population, and for municipalities that provide as-of-right siting for renewable energy generation.
