The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Second General Court
(2021-2022)**

Resolutions enhancing global governance via a strengthened and revised United Nations Charter.

1 RESOLUTIONS Urging the President and Congress of the United States to call for a
2 conference to review the Charter of the United Nations, and to propose or support amendments
3 which will insure its transformation into a United Federation of Nations, with powers which,
4 while defined and limited to international affairs, shall be adequate to insure global tranquility by
5 preserving peace and preventing aggression through the enactment, interpretation and
6 enforcement of world law.

7 Whereas, the United Nations has failed to save the people of the earth from the scourge
8 of war because of its structural inability to enact and enforce international law; and

9 Whereas, a revised United Nations charter must be framed to be of, for and by the
10 PEOPLE; to establish genuine international law and order; to effectively render war, as a means
11 of settling international disputes, obsolete, and

12 Whereas, an effective and revised charter must include these essentials of democratic
13 federal government:

14 A representative and democratic global legislature with authority to enact international
15 law;

16 An executive, responsible to the legislature, with the authority to enforce international
17 law;

18 A court system to interpret international law, a system with compulsory jurisdiction to
19 adjudicate disputes between nation-states and individual world citizens;

20 A Bill of Rights to guarantee the basic rights and civil liberties essential to a democratic
21 republic form of government; therefore be it

22 Resolved, that the Massachusetts Senate calls upon the President and Congress of the
23 United States to call for a conference to review the charter of the United Nations, and to propose
24 or support amendments which will insure its transformation into a United Federation of Nations,
25 with powers which, while defined and limited to international affairs, shall be adequate to insure
26 global tranquility by preserving peace and preventing aggression through the enactment,
27 interpretation and enforcement of world law; and be it further

28 Resolved, that copies of these resolutions be transmitted forthwith by the clerk of the
29 Massachusetts Senate to the President of the United States, to the presiding officer of each
30 branch of Congress, and to the members thereof from the Commonwealth.
