The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Third General Court
(2023-2024)**

An Act to ensure access and continuity of care to specialist and hospital services for dual eligibles.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 9d of Chapter 118E of the general laws is hereby amended by
2 adding the following new paragraph (r):

3 (r) To ensure access to specialist and hospital care for dually eligible individuals residing
4 in the Commonwealth, any dually eligible individual shall be permitted to receive health care
5 services from any specialist or hospital provider in the Commonwealth that participates in and is
6 enrolled in Medicare or MassHealth, irrespective of any health plan or provider network
7 limitation and subject to all other terms and conditions of the member’s benefit plan. In such
8 situations where an existing contractual relationship between the health plan and the hospital or
9 specialist provider does not exist, the provider shall be reimbursed by the One Care or SCO plan
10 at the Medicare or MassHealth fee-for-service amount for the service rendered, as applicable,

11 unless the plan and provider already have a contract agreement in place for the covered service,
12 or mutually agree to a different reimbursement amount for the service.

13 (r-1) To ensure continued access to primary, specialist, and hospital care for our most
14 vulnerable members MassHealth shall require any One Care or SCO plan and provider that has
15 terminated a contract that includes the provision of health care services to One Care or SCO
16 members, to allow impacted members to continue to receive services from their primary care,
17 specialist provider, or any inpatient or outpatient hospital subject to the termination, under the
18 terms of the pre-existing contract, for twelve months following the expiration of any continuity
19 of care requirements that may follow the contractual termination. During this period, plans shall
20 be required to maintain all contractual terms and conditions that were in effect with the provider
21 prior to the notice of termination being sent by either party, including but not limited to
22 reimbursement, unless mutually agreed upon by the plan and the provider. Plans and providers
23 shall be prohibited from using this provision to avoid using good faith efforts to negotiate
24 contractual arrangements.
