An Act relative to patient access to information regarding breast reconstructive surgery.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           Section 70E of chapter 111 of the General Laws, as appearing in the 2008 Official  
2 Edition, is hereby amended by adding the following section:

3           Every facility that provides mastectomy surgery, lymph node dissection or a lumpectomy  
4 shall provide information to the patient concerning the option of reconstructive surgery following  
5 such procedures, including the availability of coverage for reconstructive surgery. The  
6 information shall be provided to the patient in writing and in advance of obtaining consent to the  
7 surgical procedure. The information provided shall include at least the following:

8           1.       A description of the various reconstructive options and the advantages and  
9 disadvantages of each;

10           2.     A description of any required health coverage benefits related to reconstructive  
11 surgery under Federal and State law;

12           3.     A description of how a patient may access reconstructive care, including the  
13 potential of transferring care to a facility that provides reconstructive care or choosing to pursue  
14 reconstruction after completion of breast cancer surgery and chemo/radiotherapy if warranted.
