12 agency, including, but not limited to: a city, town or district police department, the office of
13 environmental law enforcement, the University of Massachusetts police department, the

15 as the Port of Boston Authority police department, and the Massachusetts Bay Transportation
16 Authority police department; (ii) a sheriff’s department in its performance of police duties and
17 functions; or (iii) a public or private college, university or other educational institution or
18 hospital police department.

19 “Law enforcement officer” or “officer”, any officer of a law enforcement agency,
20 including the head of the law enforcement agency; a special state police officer appointed

29 municipal police training committee shall develop guidelines for law enforcement response to
