HOUSE No. 2362

By Representative Linsky of Natick, a petition (accompanied by bill, House, No. 2362) of David Paul Linsky and others for legislation to establish a firearm violence institute within the Department of Public Health. Public Safety and Homeland Security.

[SIMILAR MATTER FILED IN PREVIOUS SESSION
SEE HOUSE, NO. 2490 OF 2021-2022.]

The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Third General Court
(2023-2024)**

An Act establishing an institute within the Department of Public Health.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 Chapter 140 of the General Laws is hereby amended by inserting after Section 131 the
2 following section:-

3 Section 1317/8. The governor shall establish the Commonwealth of Massachusetts
4 firearm violence institute, herein referred to as the institute, within the department of public
5 health subject to appropriations. The purposes of the institute shall include: (1) advising the
6 governor, governmental agencies, and the legislature on matters relating to firearm violence in
7 the Commonwealth of Massachusetts; (2) fostering, pursuing, and sponsoring collaborative
8 firearm violence research; (3) increasing understanding by establishing reporting on what is
9 known and what is not known about firearm violence of the state; (4) identifying priority needs
10 for firearm violence research and inventory work within the Commonwealth of Massachusetts

11 that currently are not receiving adequate attention, and identifying public or private entities that
12 are best situated to address such needs, thereby leading to better coordination of firearm violence
13 research efforts in the state; (5) promoting awareness of existing and new sources of firearm
14 violence information and firearm violence while educating the elected officials, governmental
15 agencies, and the general public on firearm violence issues through such means as it may
16 determine; (6) organizing and sponsoring meetings on firearm violence topics; (7) raising
17 sensitivity to firearm violence concerns among state and local government agencies, and serving
18 as a forum for enhanced interagency information sharing and cooperation; (8) working on a
19 continuing basis with policymakers in the legislature and state agencies to identify, implement,
20 and evaluate innovative firearm violence prevention policies and programs; (9) supplementing its
21 own research by administering a small grants program for research on firearm violence, which
22 shall be awarded on the basis of scientific merit as determined by an open, competitive peer
23 review process that assures objectivity, consistency, and high quality; and (10) providing copies
24 of their research publications to the legislature and to agencies supplying data used in the
25 conduct of such research as soon as is practicable following publication. The institute shall be
26 guided by an executive committee, which shall consist of 15 members, 1 of whom will be the
27 commissioner of the department of criminal justice information services or their designee, 1 of
28 whom will be the commissioner of the department of public health or their designee, 7 of whom
29 will be at large members appointed by the governor whereby 1 of whom shall be chairperson, 2
30 of whom will be appointed by the president of the senate, 1 of whom shall be appointed by the
31 minority leader of the senate, 2 of whom shall be appointed by the speaker of the house, and 1 of
32 whom shall be appointed by the minority leader of the house. Appointed members shall serve for
33 a term of 3 years, provided that such members may be reappointed. The institute shall have a

34 director who shall be appointed by the executive committee and shall after appointment be an
35 employee of the department of public health. The institute director shall serve at the pleasure of
36 the executive committee and serve as the chief administrative officer of the institute and provide
37 the necessary support for the executive committee. The executive committee shall: (1) adopt
38 policies, procedures, and criteria governing the programs and operations of the institute; (2)
39 recommend to the governor and legislature appropriate actions to deal with firearm violence
40 within the state; (3) develop and implement the research, education, and information transfer
41 programs of the institute; (4) identify and rate proposals for firearm violence research; and (5)
42 meet publicly at least twice a year, giving at least 2 weeks notice prior to each meeting. The
43 institute shall foster, pursue, and sponsor basic, translational, and transformative research, field
44 studies, and all other such activities to research: (1) the nature of firearm violence, including
45 individual and societal determinants of risk for involvement in firearm violence, whether as a
46 victim or a perpetrator; (2) the individual, community, and societal consequences of firearm
47 violence; (3) the prevention and treatment of firearm violence at the individual, community, and
48 societal levels; and (4) the effectiveness of existing laws and policies intended to reduce firearm
49 violence, including the criminal misuse of firearms, and efforts to promote responsible
50 ownership and use of firearms. The institute shall foster the collection, transfer, and application
51 of firearm violence information in the state by fostering access, compatibility, interchange, and
52 synthesis of data about firearm violence maintained by public entities, academic and research
53 institutions, and private organizations. The institute shall prepare and submit a report every year
54 to the governor and the legislature describing programs undertaken or sponsored by the institute,
55 the status of knowledge regarding the state's firearm violence, and research needs related thereto.
