

HOUSE No. 4891

The Commonwealth of Massachusetts

HOUSE OF REPRESENTATIVES, July 22, 2024.

The committee on Ways and Means, to whom was referred the Senate Bill relative to pharmaceutical access, costs and transparency (Senate, No. 2520), reports recommending that the same ought to pass with amendments striking all after the enacting clause and inserting in place thereof the text contained in House document numbered 4891; and by striking out the title and inserting in place thereof the following title: “ An Act promoting access and affordability of prescription drugs.”.

For the committee,

AARON MICHLEWITZ.

HOUSE No. 4891

Text of amendments, recommended by the committee on Ways and Means, to the Senate Bill relative to pharmaceutical access, costs and transparency (Senate, No. 2520). July 22, 2024.

The Commonwealth of Massachusetts

In the One Hundred and Ninety-Third General Court
(2023-2024)

By striking out all after the enacting clause and inserting in place thereof the following:—

1 SECTION 1. Section 1 of chapter 6D, as appearing in the 2022 Official Edition, is hereby
2 amended by striking out the definition of “Payer” and inserting in place thereof the following
3 definition:—

4 “Payer”, any entity, other than an individual, that pays providers for the provision of
5 health care services, including self-insured plans to the extent allowed under the federal
6 Employee Retirement Income Security Act of 1974.

7 SECTION 2. Said section 1 of said chapter 6D, as so appearing, is hereby further
8 amended by inserting after the definition of “Performance penalty” the following 2 definitions:—

9 “Pharmaceutical manufacturing company”, an entity engaged in the: (i) production,
10 preparation, propagation, compounding, conversion or processing of prescription drugs, directly
11 or indirectly, by extraction from substances of natural origin, independently by means of
12 chemical synthesis or by a combination of extraction and chemical synthesis; or (ii) packaging,
13 repackaging, labeling, relabeling or distribution of prescription drugs; provided, however, that
14 “pharmaceutical manufacturing company” shall not include a wholesale drug distributor licensed

15 under section 36B of chapter 112 or a retail pharmacist registered under section 39 of said
16 chapter 112.

17 “Pharmacy benefit manager”, as defined in section 1 of chapter 176Y.

18 SECTION 3. Said chapter 6D is hereby further amended by inserting after section 3 the
19 following section:-

20 Section 3A. (a) There is hereby established within the commission an office for
21 pharmaceutical policy and analysis, hereinafter referred to as the office. The office shall: (i)
22 analyze pharmaceutical spending data and information collected by the commission under this
23 chapter and other agencies of the commonwealth pursuant to subsection (b); (ii) produce reports
24 and analyses of issues related to the access, affordability of and spending on pharmaceutical
25 drugs in the commonwealth pursuant to subsection (c); (iii) analyze records related to
26 pharmaceutical pricing disclosed to the commission pursuant to section 8A and assist the
27 commission in identifying proposed supplemental rebates for eligible drugs under said section
28 8A; and (iv) advise the general court and state agencies on matters related to pharmaceutical
29 drug policy.

30 (b) The office shall analyze pharmaceutical spending data collected by the commission
31 and other agencies of the commonwealth, including pharmaceutical spending data collected by
32 the center under sections 8 to 10B, inclusive, of chapter 12C, and pharmaceutical spending data
33 available through publicly available sources. As part of its analysis, the office shall conduct an
34 annual survey of payers on pharmaceutical access and plan design, including tiering, cost-sharing
35 and other utilization management techniques employed by payers; provided, however, that any

36 confidential data shall not be a public record and shall be exempt from disclosure pursuant to
37 clause Twenty-sixth of section 7 of chapter 4 and section 10 of chapter 66.

38 (c)(1) The office shall produce an annual report on issues related to access, affordability
39 and spending on pharmaceutical drugs in the commonwealth and other reports as the office may
40 produce from time to time. The annual report shall address trends and underlying factors for
41 pharmaceutical drug spending, including an analysis of: (i) prices and utilization; (ii) drugs or
42 categories of drugs with the highest impact on spending; (iii) trends in patient out-of-pocket
43 spending; and (iv) access and affordability issues for patients with rare diseases and chronic
44 diseases; provided, that any analysis of a drug prescribed to treat a rare disease, or that is
45 otherwise designated as a first-in-class drug, shall be conducted pursuant to paragraph (3). The
46 report shall include any recommendations for strategies to mitigate pharmaceutical spending
47 growth, promote affordability and enhance pharmaceutical access.

48 (2) The annual report shall be based on factors, including, but not limited to: (i) drug
49 pricing; (ii) the impact of aggregate manufacturer rebates, discounts and other price concessions
50 on net drug pricing; (iii) patient cost-sharing such as deductibles, coinsurance, copayments or
51 similar charges paid by patients for drugs; (iv) the impacts of aggregate rebates, discounts and
52 other price concessions on such cost-sharing; and (v) the impacts of utilization management
53 techniques on pharmaceutical access employed by payers, including tiering, prior authorization
54 and step therapy. The annual report shall be informed by: (A) the office's analysis of information
55 provided at the annual cost trends hearing by providers, provider organizations and payers; (B)
56 data collected by the center under sections 8 to 10B, inclusive, of chapter 12C; and (C) any other
57 information available to the commission that is necessary to fulfill its duties under this section, as
58 further defined in regulations promulgated by the commission.

59 (3) The office shall consult with the rare disease advisory council established pursuant to
60 section 241 of chapter 111, and other stakeholders as determined by the office, for any analysis
61 the office performs of a drug that is prescribed to treat a rare disease or is otherwise designated
62 as a first-in-class drug by the United States Food and Drug Administration's Center for Drug
63 Evaluation and Research. Such analysis shall include:

64 (i) the disease treated by the drug;

65 (ii) the severity of disease treated by the drug;

66 (iii) the unmet medical need associated with the disease treated by the drug;

67 (iv) the impact of particular coverage, cost-sharing, tiering, utilization management, prior
68 authorization, medication therapy management or other utilization management policies on
69 access to the drug and on patients' adherence to the treatment regimen prescribed or otherwise
70 recommended by their health care provider;

71 (v) an assessment of the benefits and risks of the drug for patients;

72 (vi) whether patients who need treatment from or a consultation with a rare disease
73 specialist or a specialist in the disease being treated by the first-in-class drug have adequate
74 access and, if not, what factors are causing the limited access; and

75 (vii) the demographic and the clinical description of patient populations.

76 (4) Annually, not later than September 1, the report shall be submitted to the chairs of the
77 house and senate committees on ways and means and the chairs of the joint committee on health
78 care financing and shall be published and made available to the public.

79 (d) The office shall analyze records related to pharmaceutical pricing disclosed to the
80 commission pursuant to section 8A and assist the commission in identifying proposed
81 supplemental rebates for eligible drugs under said section 8A. The office’s analysis of such
82 records shall consider: (i) the effectiveness of the drug in treating the conditions for which it is
83 prescribed; (ii) improvements to a patient’s health, quality of life or overall health outcomes; and
84 (iii) the likelihood that use of the drug will reduce the need for other medical care, including
85 hospitalization.

86 (e) The office may consult with external experts or other third-party entities when the
87 office lacks the specific scientific, medical or technical expertise necessary for the performance
88 of its responsibilities under this section; provided, however, that the commission shall disclose
89 when such external expert or third-party entity contributes to its analysis and reporting and the
90 identity of such external expert or third-party entity.

91 SECTION 4. Section 4 of said chapter 6D, as appearing in the 2022 Official Edition, is
92 hereby amended by striking out, in line 8, the word “manufacturers” and inserting in place
93 thereof the following words:- manufacturing companies, pharmacy benefit managers.

94 SECTION 5. Said chapter 6D is hereby further amended by striking out section 6, as so
95 appearing, and inserting in place thereof the following section:-

96 Section 6. (a) For the purposes of this section, “non-hospital provider organization” shall
97 mean a provider organization required to register under section 11 that is: (i) a non-hospital-
98 based physician practice with not less than \$500,000,000 in annual gross patient service revenue;
99 (ii) a clinical laboratory; (iii) an imaging facility; or (iv) a network of affiliated urgent care
100 centers.

101 (b) Each acute hospital, ambulatory surgical center, non-hospital provider organization,
102 pharmaceutical manufacturing company and pharmacy benefit manager shall pay to the
103 commonwealth an amount for the estimated expenses of the commission.

104 (c) The assessed amount for hospitals, ambulatory surgical centers and non-hospital
105 provider organizations shall be not less than 30 per cent nor more than 40 per cent of the amount
106 appropriated by the general court for the expenses of the commission minus amounts collected
107 from: (i) filing fees; (ii) fees and charges generated by the commission; and (iii) federal matching
108 revenues received for these expenses or received retroactively for expenses of predecessor
109 agencies; provided, that non-hospital provider organizations shall be assessed not less than 3 per
110 cent nor more than 8 per cent of the assessed amount for hospitals, ambulatory surgical centers
111 and non-hospital provider organizations. Each acute hospital, ambulatory surgical center and
112 non-hospital provider organization shall pay such assessed amount multiplied by the ratio of the
113 hospital's, ambulatory surgical center's or non-hospital provider organization's gross patient
114 service revenues to the total gross patient service revenues of all such hospitals, ambulatory
115 surgical centers and non-hospital provider organizations. Each acute hospital, ambulatory
116 surgical center and non-hospital provider organization shall make a preliminary payment to the
117 commission on October 1 of each year in an amount equal to 1/2 of the previous year's total
118 assessment. Thereafter, each hospital, ambulatory surgical center and non-hospital provider
119 organization shall pay, within 30 days' notice from the commission, the balance of the total
120 assessment for the current year based upon its most current projected gross patient service
121 revenue. The commission shall subsequently adjust the assessment for any variation in actual and
122 estimated expenses of the commission and for changes in hospital, ambulatory surgical center
123 and non-hospital provider organization gross patient service revenue. Such estimated and actual

124 expenses shall include an amount equal to the cost of fringe benefits and indirect expenses, as
125 established by the comptroller under section 5D of chapter 29. In the event of late payment by
126 any such hospital, ambulatory surgical center or non-hospital provider organization, the treasurer
127 shall advance the amount of due and unpaid funds to the commission prior to the receipt of such
128 monies in anticipation of such revenues up to the amount authorized in the then current budget
129 attributable to such assessments and the commission shall reimburse the treasurer for such
130 advances upon receipt of such revenues. This section shall not apply to any state institution or to
131 any acute hospital which is operated by a city or town.

132 (d) The assessed amount for pharmaceutical manufacturing companies shall be not less
133 than 5 per cent nor more than 10 per cent of the amount appropriated by the general court for the
134 expenses of the commission minus amounts collected from: (i) filing fees; (ii) fees and charges
135 generated by the commission; and (iii) federal matching revenues received for these expenses or
136 received retroactively for expenses of predecessor agencies. Each pharmaceutical manufacturing
137 company shall pay such assessed amount multiplied by the ratio of MassHealth's net spending
138 for the manufacturer's prescription drugs based on the manufacturer labeler codes used in the
139 MassHealth rebate program to MassHealth's total pharmacy spending.

140 (e) The assessed amount for pharmacy benefit managers shall be not less than 5 per cent
141 nor more than 10 per cent of the amount appropriated by the general court for the expenses of the
142 commission minus amounts collected from: (i) filing fees; (ii) fees and charges generated by the
143 commission; and (iii) federal matching revenues received for these expenses or received
144 retroactively for expenses of predecessor agencies. Each pharmacy benefit manager shall pay
145 such assessed amount multiplied by the ratio of the aggregate revenues of the pharmacy benefit
146 manager attributed to residents of the commonwealth for whom it manages pharmaceutical

147 benefits on behalf of carriers to the total of all such revenues generated by all pharmacy benefit
148 managers attributed to residents of the commonwealth for whom they manage pharmaceutical
149 benefits on behalf of carriers.

150 SECTION 6. Section 8 of said chapter 6D, as so appearing, is hereby amended by
151 inserting after the word “organization”, in lines 6 and 7, the following words:- , pharmacy benefit
152 manager, pharmaceutical manufacturing company.

153 SECTION 7. Said section 8 of said chapter 6D, as so appearing, is hereby further
154 amended by inserting after the word “organizations”, in line 15, the following words:- ,
155 pharmacy benefit managers, pharmaceutical manufacturing companies.

156 SECTION 8. Said section 8 of said chapter 6D, as so appearing, is hereby further
157 amended by striking out, in lines 33 and 34, the words “and (xi) any witness identified by the
158 attorney general or the center” and inserting in place thereof the following words:- (xi) not less
159 than 2 representatives of the pharmacy benefit management industry; (xii) not less than 3
160 representatives of pharmaceutical manufacturing companies, 1 of whom shall be a representative
161 of a publicly traded company that manufactures specialty drugs, 1 of whom shall be a
162 representative of a company that manufactures generic drugs and 1 of whom shall be a
163 representative of a company that has been in existence for fewer than 10 years; and (xiii) any
164 witness identified by the attorney general or the commission.

165 SECTION 9. Said section 8 of said chapter 6D, as so appearing, is hereby further
166 amended by striking out, in line 49, the first time it appears, the word “and”.

167 SECTION 10. Said section 8 of said chapter 6D, as so appearing, is hereby further
168 amended by inserting after the word “commission”, in line 60, the first time it appears, the

169 following words:- ; (iii) in the case of pharmacy benefit managers and pharmaceutical
170 manufacturing companies, testimony concerning factors underlying prescription drug costs and
171 price increases, the impact of aggregate manufacturer rebates, discounts and other price
172 concessions on net pricing; provided, however, that such testimony shall be suitable for public
173 release and not likely to compromise the financial, competitive or proprietary nature of any
174 information or data; and (iv) any other matters as determined by the commission.

175 SECTION 11. Subsection (g) of said section 8 of said chapter 6D, as so appearing, is
176 hereby amended by striking out the second sentence and inserting in place thereof the following
177 sentence:- The report shall be based on the commission's analysis of information provided at the
178 hearings by witnesses, providers, provider organizations, carriers, pharmacy benefit managers
179 and pharmaceutical manufacturing companies, registration data collected pursuant to section 11,
180 data collected or analyzed by the center pursuant to sections 8 to 10B, inclusive, of chapter 12C
181 and any other available information, as defined in regulations promulgated by the commission,
182 that the commission considers necessary to fulfill its duties under this section.

183 SECTION 12. Section 9 of said chapter 6D, as so appearing, is hereby amended by
184 inserting after the word "organization", in line 72, the following words:- , pharmacy benefit
185 manager, pharmaceutical manufacturing company.

186 SECTION 13. Said section 9 of said chapter 6D, as so appearing, is hereby further
187 amended by inserting after the word "organizations", in line 82, the following words:- ,
188 pharmacy benefit managers, pharmaceutical manufacturing companies.

189 SECTION 14. Said chapter 6D is hereby further amended by adding the following
190 section:-

191 Section 22. Every 2 years, the commission, in consultation with the center, the group
192 insurance commission, the office of Medicaid and the division of insurance, shall evaluate the
193 impact of section 17T of chapter 32A, section 10R of chapter 118E, section 47VV of chapter
194 175, section 8WW of chapter 176A, section 4WW of chapter 176B and section 4OO of chapter
195 176G on the effects of capping co-payments on health care costs, including premiums,
196 pharmaceutical spending, aggregate rebates, cost-sharing, drug treatment utilization and
197 adherence, incidence of related acute events and health equity. Biennially, not later than
198 November 30, the commission shall file a report of its findings with the clerks of the house of
199 representatives and senate, the chairs of the joint committee on public health, the chairs of the
200 joint committee on health care financing and the chairs of house and senate committees on ways
201 and means.

202 SECTION 15. Section 1 of chapter 12C of the General Laws, as appearing in the 2022
203 Official Edition, is hereby amended by inserting after the definition of “Dispersed service area”
204 the following definition:-

205 “Drug rebate”, any: (i) negotiated price concessions, whether described as a rebate or
206 otherwise, including, but not limited to, base price concessions, and reasonable estimates of any
207 price protection rebates and performance-based price concessions that may accrue, directly or
208 indirectly, to a carrier, pharmacy benefit manager or other party on a carrier’s behalf during a
209 carrier’s plan year from a pharmaceutical manufacturing company, dispensing pharmacy or other
210 party to the transaction based on the amounts the carrier received in the prior quarter or
211 reasonably expects to receive in the current quarter; and (ii) reasonable estimates of any price
212 concessions, fees and other administrative costs that are passed through or are reasonably
213 anticipated to be passed through to the carrier, pharmacy benefit manager or other party on the

214 carrier's behalf and that serve to reduce the carrier's prescription drug liabilities for the plan year
215 based on the amounts the carrier received in the prior quarter or reasonably expects to receive in
216 the current quarter.

217 SECTION 16. Said section 1 of said chapter 12C, as so appearing, is hereby further
218 amended by inserting after the definition of "Patient-centered medical home" the following 3
219 definitions:-

220 "Payer", any entity, other than an individual, that pays providers for the provision of
221 health care services, including self-insured plans to the extent allowed under the federal
222 Employee Retirement Income Security Act of 1974.

223 "Pharmaceutical manufacturing company", an entity engaged in the: (i) production,
224 preparation, propagation, compounding, conversion or processing of prescription drugs, directly
225 or indirectly, by extraction from substances of natural origin, independently by means of
226 chemical synthesis or by a combination of extraction and chemical synthesis; or (ii) packaging,
227 repackaging, labeling, relabeling or distribution of prescription drugs; provided, however, that
228 "pharmaceutical manufacturing company" shall not include a wholesale drug distributor licensed
229 under section 36B of chapter 112 or a retail pharmacist registered under section 39 of said
230 chapter 112.

231 "Pharmacy benefit manager", as defined in section 1 of chapter 176Y.

232 SECTION 17. Said section 1 of said chapter 12C, as so appearing, is hereby further
233 amended by adding the following definition:-

234 “Wholesale acquisition cost”, the cost of a prescription drug as defined in 42 U.S.C.
235 section 1395w-3a(c)(6)(B).

236 SECTION 18. Section 3 of said chapter 12C, as so appearing, is hereby amended by
237 inserting after the word “organizations”, in lines 13 and 14, the following words:- , pharmacy
238 benefit managers, pharmaceutical manufacturing companies.

239 SECTION 19. Said section 3 of said chapter 12C, as so appearing, is hereby further
240 amended by inserting, after the word “provider”, in line 24, the following words:- , pharmacy
241 benefit manager, pharmaceutical manufacturing company.

242 SECTION 20. Section 5 of said chapter 12C, as so appearing, is hereby amended by
243 inserting after the word “organizations”, in line 11, the following words:- , pharmacy benefit
244 managers, pharmaceutical manufacturing companies.

245 SECTION 21. Said section 5 of said chapter 12C, as so appearing, is hereby further
246 amended by inserting after the word “providers”, in line 15, the following words:- , affected
247 pharmacy benefit managers, affected pharmaceutical manufacturing companies.

248 SECTION 22. Said chapter 12C is hereby further amended by striking out section 7, as so
249 appearing, and inserting in place thereof the following section:-

250 Section 7. (a) For the purposes of this section, “non-hospital provider organization” shall
251 mean a provider organization required to register under section 11 under chapter 6D that is: (i) a
252 non-hospital-based physician practice with not less than \$500,000,000 in annual gross patient
253 service revenue; (ii) a clinical laboratory; (iii) an imaging facility; or (iv) a network of affiliated
254 urgent care centers.

255 (b) Each acute hospital, ambulatory surgical center and non-hospital provider
256 organization shall pay to the commonwealth an amount for the estimated expenses of the center
257 and for the other purposes described in this chapter which shall include any transfer made to the
258 Community Hospital Reinvestment Trust Fund established in section 2TTTT of chapter 29.

259 (c) The assessed amount for hospitals, ambulatory surgical centers and non-hospital
260 provider organizations shall be not less than 30 per cent nor more than 40 per cent of the amount
261 appropriated by the general court for the expenses of the center and for the other purposes
262 described in this chapter which shall include any transfer made to the Community Hospital
263 Reinvestment Trust Fund established in section 2TTTT of chapter 29 minus amounts collected
264 from: (i) filing fees; (ii) fees and charges generated by the center's publication or dissemination
265 of reports and information; and (iii) federal matching revenues received for these expenses or
266 received retroactively for expenses of predecessor agencies; provided, that non-hospital provider
267 organizations shall be assessed not less than 3 per cent nor more than 8 per cent of the assessed
268 amount for hospitals, ambulatory surgical centers and non-hospital provider organizations. Each
269 acute hospital, ambulatory surgical center and non-hospital provider organization shall pay such
270 assessed amount multiplied by the ratio of the hospital's, ambulatory surgical center's or non-
271 hospital provider organization's gross patient service revenues to the total gross patient services
272 revenues of all such hospitals, ambulatory surgical centers and non-hospital provider
273 organizations. Each acute hospital, ambulatory surgical center and non-hospital provider
274 organization shall make a preliminary payment to the center on October 1 of each year in an
275 amount equal to 1/2 of the previous year's total assessment. Thereafter, each hospital,
276 ambulatory surgical center and non-hospital provider organization shall pay, within 30 days'
277 notice from the center, the balance of the total assessment for the current year based upon its

278 most current projected gross patient service revenue. The center shall subsequently adjust the
279 assessment for any variation in actual and estimated expenses of the center and for changes in
280 hospital, ambulatory surgical center and non-hospital provider organization gross patient service
281 revenue. Such estimated and actual expenses shall include an amount equal to the cost of fringe
282 benefits and indirect expenses, as established by the comptroller under section 5D of chapter 29.
283 In the event of late payment by any such hospital, ambulatory surgical center or non-hospital
284 provider organization, the treasurer shall advance the amount of due and unpaid funds to the
285 center prior to the receipt of such monies in anticipation of such revenues up to the amount
286 authorized in the then current budget attributable to such assessments and the center shall
287 reimburse the treasurer for such advances upon receipt of such revenues. This section shall not
288 apply to any state institution or to any acute hospital which is operated by a city or town.

289 (d) The assessed amount for pharmaceutical manufacturing companies shall be not less
290 than 5 per cent nor more than 10 per cent of the amount appropriated by the general court for the
291 expenses of the center minus amounts collected from: (i) filing fees; (ii) fees and charges
292 generated by the center's publication or dissemination of reports and information; and (iii)
293 federal matching revenues received for these expenses or received retroactively for expenses of
294 predecessor agencies. Each pharmaceutical manufacturing company shall pay such assessed
295 amount multiplied by the ratio of MassHealth's net spending for the manufacturer's prescription
296 drugs based on the manufacturer labeler codes used in the MassHealth rebate program to
297 MassHealth's total pharmacy spending.

298 (e) The assessed amount for pharmacy benefit managers shall be not less than 5 per cent
299 nor more than 10 per cent of the amount appropriated by the general court for the expenses of the
300 center minus amounts collected from: (i) filing fees; (ii) fees and charges generated by the

301 center's publication or dissemination of reports and information; and (iii) federal matching
302 revenues received for these expenses or received retroactively for expenses of predecessor
303 agencies. Each pharmacy benefit manager shall pay such assessed amount multiplied by the ratio
304 of the aggregate revenues of the pharmacy benefit manager attributed to residents of the
305 commonwealth for whom it manages pharmaceutical benefits on behalf of carriers to the total of
306 all such revenues generated by all pharmacy benefit managers attributed to residents of the
307 commonwealth for whom they manage pharmaceutical benefits on behalf of carriers.

308 SECTION 23. Said chapter 12C is hereby further amended by inserting after section 10
309 the following 2 sections:-

310 Section 10A. The center shall promulgate regulations necessary to ensure the uniform
311 reporting of information from pharmacy benefit managers that enables the center to analyze: (i)
312 year-over-year changes in wholesale acquisition cost; (ii) year-over-year trends in formulary,
313 maximum allowable cost lists and cost-sharing design, including the establishment and
314 management of specialty product lists; (iii) aggregate information regarding discounts,
315 utilizations limits, rebates, manufacturer administrative fees and other financial incentives or
316 concessions related to pharmaceutical products or formulary programs; (iv) information
317 regarding the aggregate amount of payments made from a pharmacy benefit manager to
318 pharmacies owned or controlled by the pharmacy benefit manager, and the aggregate amount of
319 payments made from a pharmacy benefit manager to pharmacies that are not owned or controlled
320 by the pharmacy benefit manager; (v) data necessary for monitoring and enforcement of chapter
321 176Y and regulations promulgated thereof; and (vi) any other additional information deemed
322 reasonably necessary by the center as set forth in the center's regulations.

323 Section 10B. (a) As used in this section, the following words shall, unless the context
324 clearly requires otherwise, have the following meanings:

325 “Cost to the commonwealth”, the cost incurred for outpatient prescription drugs by the
326 office of Medicaid and the group insurance commission.

327 “Substantial net increase”, an increase in the wholesale acquisition cost less rebates paid
328 to the state and payers in the commonwealth, of not less than 25 per cent in the immediate prior
329 calendar year.

330 (b)(1) Annually, not later than March 31, the center shall prepare a list of not more than
331 10 outpatient prescription drugs that the center determines: (i) are provided at a substantial cost
332 to the commonwealth considering the net cost of such drugs; and (ii) experienced a substantial
333 net increase. The list shall include outpatient prescription drugs from different therapeutic classes
334 and not more than 3 generic outpatient prescription drugs.

335 (2) Prior to publishing the annual list pursuant to paragraph (1), the center shall prepare a
336 preliminary list that includes outpatient prescription drugs that the center plans to include on
337 such annual list. The center shall make such preliminary list available for public comment for not
338 less than 30 days. During the public comment period, any manufacturer of an outpatient
339 prescription drug included on the preliminary list may produce documentation, as permitted by
340 federal law, to the center to establish that such drug did not experience a substantial net increase.
341 If such documentation establishes, to the satisfaction of the center, that a substantial net increase
342 did not occur, the center shall, not later than 15 days after the closing of the public comment
343 period, remove such drug from the preliminary list before publishing the annual list pursuant to
344 paragraph (1).

345 (c) The pharmaceutical manufacturing company that manufactures a prescription drug
346 included on the annual list prepared by the center pursuant to paragraph (1) of subsection (b)
347 shall provide to the center the following:

348 (i) a written, narrative description, suitable for public release, of factors that caused the
349 increase in the wholesale acquisition cost of the listed prescription drug; and

350 (ii) aggregate, company-level research and development costs and such other capital
351 expenditures that the center deems relevant for the most recent calendar year for which final
352 audited data is available.

353 (d) The quality and types of information and data that a pharmaceutical manufacturing
354 company submits to the center pursuant to this section shall be consistent with the quality and
355 types of information and data that the pharmaceutical manufacturing company includes in: (i)
356 such pharmaceutical manufacturing company's annual consolidated report on Securities and
357 Exchange Commission Form 10-K; or (ii) any other public disclosure.

358 (e) The center shall consult with pharmaceutical manufacturing companies to establish a
359 single, standardized form for reporting information and data pursuant to this section. The form
360 shall minimize the administrative burden and cost imposed on the center and pharmaceutical
361 manufacturing companies.

362 (f) The center shall compile an annual report based on the information that the center
363 receives pursuant to subsection (c). The center shall publish such report and the information
364 described in this section on the center's website not later than October 1 of each year.

365 (g) Except as otherwise provided in this section, information and data submitted to the
366 center pursuant to this section shall not be a public record and shall be exempt from disclosure
367 pursuant to clause Twenty-sixth of section 7 of chapter 4 or section 10 of chapter 66. No such
368 information and data shall be disclosed in a manner that may: (i) compromise the financial,
369 competitive or proprietary nature of such information and data; or (ii) enable a third-party to
370 identify: (A) an individual drug, therapeutic class of drugs or pharmaceutical manufacturing
371 company; (B) the prices charged for any particular drug or therapeutic class of drugs; or (C) the
372 value of any rebate provided for any particular drug or class of drugs.

373 SECTION 24. Said chapter 12C is hereby further amended by striking out section 11, as
374 appearing in the 2022 Official Edition, and inserting in place thereof the following section:-

375 Section 11. The center shall ensure the timely reporting of information required under
376 sections 8 to 10B, inclusive. The center shall notify payers, providers, provider organizations,
377 pharmacy benefit managers and pharmaceutical manufacturing companies of any applicable
378 reporting deadlines. The center shall notify, in writing, a payer, provider, provider organization,
379 pharmacy benefit manager or pharmaceutical manufacturing company that has failed to meet a
380 reporting deadline of such failure and that failure to respond within 2 weeks of the receipt of the
381 notice may result in penalties. The center may assess a penalty against a payer, provider,
382 provider organization, pharmacy benefit manager or pharmaceutical manufacturing company that
383 fails, without just cause, to provide the requested information not later than 2 weeks following
384 receipt of the written notice required under this section, of not more than \$25,000 per week for
385 each week of delay after the 2-week period following receipt of the notice. Amounts collected
386 under this section shall be deposited in the Healthcare Payment Reform Fund established in
387 section 100 of chapter 194 of the acts of 2011.

388 SECTION 25. Section 12 of said chapter 12C, as so appearing, is hereby amended by
389 striking out, in line 2, the words “8, 9 and 10” and inserting in place thereof the following
390 words:- 8 to 10B, inclusive.

391 SECTION 26. Subsection (a) of section 16 of said chapter 12C, as so appearing, is hereby
392 amended by striking out the first sentence and inserting in place thereof the following sentence:-
393 The center shall publish an annual report based on the information submitted pursuant to: (i)
394 sections 8 to 10B, inclusive, concerning health care provider, provider organization, pharmacy
395 benefit manager, pharmaceutical manufacturing company and private and public health care
396 payer costs and cost and price trends; (ii) section 13 of chapter 6D relative to market impact
397 reviews; and (iii) section 15 relative to quality data.

398 SECTION 27. Chapter 32A of the General Laws is hereby amended by inserting after
399 section 17S the following section:-

400 Section 17T. (a) As used in this section, the following words shall, unless the context
401 clearly requires otherwise, have the following meanings:

402 “Brand name drug”, a drug that is: (i) produced or distributed pursuant to an original new
403 drug application approved under 21 U.S.C. 355(c) except for: (A) any drug approved through an
404 application submitted under section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act that
405 is pharmaceutically equivalent, as that term is defined by the United States Food and Drug
406 Administration, to a drug approved under 21 U.S.C. 355(c); (B) an abbreviated new drug
407 application that was approved by the United States Secretary of Health and Human Services
408 under section 505(c) of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. 355(c), before the
409 date of the enactment of the federal Drug Price Competition and Patent Term Restoration Act of

410 1984, Public Law 98-417, 98 Stat. 1585; or (C) an authorized generic drug as defined in 42
411 C.F.R. 447.502; (ii) produced or distributed pursuant to a biologics license application approved
412 under 42 U.S.C. 262(a)(2)(C); or (iii) identified by the health benefit plan as a brand name drug
413 based on available data resources such as Medi-Span.

414 “Generic drug”, a retail drug that is: (i) marketed or distributed pursuant to an
415 abbreviated new drug application approved under 21 U.S.C. 355(j); (ii) an authorized generic
416 drug as defined in 42 C.F.R. 447.502; (iii) a drug that entered the market before January 1, 1962
417 and was not originally marketed under a new drug application; or (iv) identified by the health
418 benefit plan as a generic drug based on available data resources such as Medi-Span.

419 (b) The commission shall identify 1 generic drug and 1 brand name drug used to treat
420 each of the following chronic conditions: (i) diabetes; (ii) asthma; and (iii) the most prevalent
421 heart condition among its members.

422 (c) The commission shall identify insulin as the drug used to treat diabetes. In
423 determining the 1 generic drug and 1 brand name drug used to treat each chronic condition, the
424 commission shall consider whether the drug is:

425 (i) of clear benefit and strongly supported by clinical evidence;

426 (ii) likely to reduce hospitalizations or emergency department visits, reduce future
427 exacerbations of illness progression or improve quality of life;

428 (iii) cost effective for the commission and its members;

429 (iv) at low risk for overutilization, abuse, addiction, diversion or fraud; and

430 (v) one of the most widely utilized as a treatment for the chronic condition.

431 (d) The commission shall provide coverage for the brand name drugs and generic drugs
432 identified pursuant to subsection (b). Coverage for the identified generic drugs shall not be
433 subject to any cost-sharing, including co-payments and co-insurance, and shall not be subject to
434 any deductible. Coverage for identified brand name drugs shall not be subject to any deductible
435 or co-insurance and any co-payment shall not exceed \$25 per 30-day supply. Coverage for 1
436 brand name insulin drug per dosage and type, including rapid-acting, short-acting, intermediate-
437 acting, long-acting, ultra long-acting and premixed under this section shall not be subject to any
438 deductible or co-insurance and any co-payment shall not exceed \$25 per 30-day supply.

439 (e) The commission shall implement a continuity of coverage policy to apply to members
440 that are new to the commission and that provides coverage for a 30-day fill of a United States
441 Food and Drug Administration-approved drug reimbursed through a pharmacy benefit that the
442 member has already been prescribed and on which the member is stable, upon documentation by
443 the member's prescriber; provided, that the commission shall not apply any greater deductible,
444 coinsurance, copayments or out-of-pocket limits than would otherwise apply to other drugs
445 covered by the plan.

446 (f) The commission shall make changes in the drugs selected pursuant to this section not
447 more than annually.

448 (g) The commission shall make public the drugs selected pursuant to subsection (b).

449 SECTION 28. Chapter 94C of the General Laws is hereby amended by inserting after
450 section 21B the following section:-

451 Section 21C. (a) For the purposes of this section, the following words shall, unless the
452 context clearly requires otherwise, have the following meanings:

453 “Cost-sharing”, as defined in section 1 of chapter 176Y.

454 “Health benefit plan”, as defined in section 1 of chapter 176O.

455 “Pharmacy retail price”, the amount an individual would pay for a prescription drug at a
456 pharmacy if the individual purchased that prescription drug at that pharmacy without using a
457 health benefit plan or any other prescription medication benefit or discount.

458 (b) At the point of sale, a pharmacy shall charge an individual for a prescription drug the
459 lesser of: (i) the applicable cost-sharing amount; or (ii) the pharmacy retail price.

460 (c) A health benefit plan or carrier shall not require an insured to make a cost-sharing
461 payment for a prescription drug in an amount greater than that charged pursuant to subsection

462 (b).

463 (d) No contractual obligation as between a pharmacy benefit manager and a pharmacist
464 shall prohibit a pharmacist from complying with this section.

465 SECTION 29. Chapter 118E of the General Laws is hereby amended by inserting after
466 section 10Q the following section:-

467 Section 10R. (a) As used in this section, the following words shall, unless the context
468 clearly requires otherwise, have the following meanings:

469 “Brand name drug”, a drug that is: (i) produced or distributed pursuant to an original new
470 drug application approved under 21 U.S.C. 355(c) except for: (A) any drug approved through an
471 application submitted under section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act that
472 is pharmaceutically equivalent, as that term is defined by the United States Food and Drug
473 Administration, to a drug approved under 21 U.S.C. 355(c); (B) an abbreviated new drug

474 application that was approved by the United States Secretary of Health and Human Services
475 under section 505(c) of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. 355(c), before the
476 date of the enactment of the federal Drug Price Competition and Patent Term Restoration Act of
477 1984, Public Law 98-417, 98 Stat. 1585; or (C) an authorized generic drug as defined in 42
478 C.F.R. 447.502; (ii) produced or distributed pursuant to a biologics license application approved
479 under 42 U.S.C. 262(a)(2)(C); or (iii) identified by the health benefit plan as a brand name drug
480 based on available data resources such as Medi-Span.

481 “Generic drug”, a retail drug that is: (i) marketed or distributed pursuant to an
482 abbreviated new drug application approved under 21 U.S.C. 355(j); (ii) an authorized generic
483 drug as defined in 42 C.F.R. 447.502; (iii) a drug that entered the market before January 1, 1962
484 and was not originally marketed under a new drug application; or (iv) identified by the health
485 benefit plan as a generic drug based on available data resources such as Medi-Span.

486 (b) The division shall identify 1 generic drug and 1 brand name drug used to treat each of
487 the following chronic conditions: (i) diabetes; (ii) asthma; and (iii) the most prevalent heart
488 condition among its enrollees.

489 (c) The division shall identify insulin as the drug used to treat diabetes. In determining
490 the 1 generic drug and 1 brand name drug used to treat each chronic condition, the division shall
491 consider whether the drug is:

492 (i) of clear benefit and strongly supported by clinical evidence;

493 (ii) likely to reduce hospitalizations or emergency department visits, reduce future
494 exacerbations of illness progression or improve quality of life;

495 (iii) cost effective for the division and its enrollees;

496 (iv) at low risk for overutilization, abuse, addiction, diversion or fraud; and

497 (v) one of the most widely utilized as a treatment for the chronic condition.

498 (d) The division and its contracted health insurers, health plans, health maintenance
499 organizations, behavioral health management firms and third-party administrators under contract
500 to a Medicaid managed care organization or primary care clinician plan shall provide coverage
501 for the brand name drugs and generic drugs identified pursuant to subsection (b). Coverage for
502 the identified generic drugs shall not be subject to any cost-sharing, including co-payments and
503 co-insurance and shall not be subject to any deductible. Coverage for identified brand name
504 drugs shall not be subject to any deductible or co-insurance and any co-payment shall not exceed
505 \$25 per 30-day supply. Coverage for 1 brand name insulin drug per dosage and type, including
506 rapid-acting, short-acting, intermediate-acting, long-acting, ultra long-acting and premixed under
507 this section shall not be subject to any deductible or co-insurance and any co-payment shall not
508 exceed \$25 per 30-day supply.

509 (e) This provision shall not apply to health plans providing coverage in the senior care
510 options program to MassHealth-only members who are ages 65 and older.

511 (f) The division shall implement a continuity of coverage policy that apply to enrollees
512 that are new to the Medicaid program and that provides coverage for a 30-day fill of a United
513 States Food and Drug Administration-approved drug reimbursed through a pharmacy benefit that
514 the enrollee has already been prescribed and on which the enrollee is stable, upon documentation
515 by the enrollee's prescriber; provided, that the division shall not apply any greater deductible,

516 coinsurance, copayments or out-of-pocket limits than would otherwise apply to other drugs
517 covered by the plan.

518 (g) The division shall make changes in the drugs selected pursuant to this section not
519 more than annually.

520 (h) The division shall make public the drugs selected pursuant to this subsection (b).

521 SECTION 30. Chapter 175 of the General Laws is hereby amended by inserting after
522 section 47UU, added by section 56 of chapter 28 of the acts of 2023, the following section:-

523 Section 47VV. (a) As used in this section, the following words shall, unless the context
524 clearly requires otherwise, have the following meanings:

525 “Brand name drug”, a drug that is: (i) produced or distributed pursuant to an original new
526 drug application approved under 21 U.S.C. 355(c) except for: (A) any drug approved through an
527 application submitted under section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act that
528 is pharmaceutically equivalent, as that term is defined by the United States Food and Drug
529 Administration, to a drug approved under 21 U.S.C. 355(c); (B) an abbreviated new drug
530 application that was approved by the United States Secretary of Health and Human Services
531 under section 505(c) of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. 355(c), before the
532 date of the enactment of the federal Drug Price Competition and Patent Term Restoration Act of
533 1984, Public Law 98-417, 98 Stat. 1585; or (C) an authorized generic drug as defined in 42
534 C.F.R. 447.502; (ii) produced or distributed pursuant to a biologics license application approved
535 under 42 U.S.C. 262(a)(2)(C); or (iii) identified by the health benefit plan as a brand name drug
536 based on available data resources such as Medi-Span.

537 “Generic drug”, a retail drug that is: (i) marketed or distributed pursuant to an
538 abbreviated new drug application approved under 21 U.S.C. 355(j); (ii) an authorized generic
539 drug as defined in 42 C.F.R. 447.502; (iii) a drug that entered the market before January 1, 1962
540 and was not originally marketed under a new drug application; or (iv) identified by the health
541 benefit plan as a generic drug based on available data resources such as Medi-Span.

542 (b) Any policy, contract, agreement, plan or certificate of insurance issued, delivered or
543 renewed within the commonwealth, which is considered credible coverage under section 1 of
544 chapter 111M, shall identify 1 generic drug and 1 brand name drug used to treat each of the
545 following chronic conditions: (i) diabetes; (ii) asthma; and (iii) the most prevalent heart
546 condition among its enrollees.

547 (c) The carrier shall identify insulin as the drug used to treat diabetes. In determining the
548 1 generic drug and 1 brand name drug used to treat each chronic condition, the carrier shall
549 consider whether the drug is:

550 (i) of clear benefit and strongly supported by clinical evidence;

551 (ii) likely to reduce hospitalizations or emergency department visits, reduce future
552 exacerbations of illness progression or improve quality of life;

553 (iii) cost effective for the carrier and its enrollees;

554 (iv) at low risk for overutilization, abuse, addiction, diversion or fraud; and

555 (v) one of the most widely utilized as a treatment for the chronic condition.

556 (d) Any such policy, contract, agreement, plan or certificate of insurance issued,
557 delivered or renewed within the commonwealth, which is considered credible coverage under

558 section 1 of chapter 111M, shall provide coverage for the brand name drugs and generic drugs
559 identified pursuant to paragraph (b). Coverage for the identified generic drugs shall not be
560 subject to any cost-sharing, including co-payments and co-insurance and shall not be subject to
561 any deductible. Coverage for identified brand name drugs shall not be subject to any deductible
562 or co-insurance and any co-payment shall not exceed \$25 per 30-day supply. Coverage for 1
563 brand name insulin drug per dosage and type, including rapid-acting, short-acting, intermediate-
564 acting, long-acting, ultra long-acting and premixed under this section shall not be subject to any
565 deductible or co-insurance and any co-payment shall not exceed \$25 per 30-day supply.

566 (e) The carrier shall implement a continuity of coverage policy to apply to enrollees that
567 are new to the carrier and that provides coverage for a 30-day fill of a United States Food and
568 Drug Administration-approved drug reimbursed through a pharmacy benefit that the enrollee has
569 already been prescribed and on which the enrollee is stable, upon documentation by the
570 enrollee's prescriber; provided, that a carrier shall not apply any greater deductible, coinsurance,
571 copayments or out-of-pocket limits than would otherwise apply to other drugs covered by the
572 plan.

573 (f) The carrier shall make changes in the drugs selected pursuant to this section not more
574 than annually.

575 (g) The carrier shall make public the drugs selected pursuant to subsection (b).

576 SECTION 31. Section 226 of said chapter 175 is hereby repealed.

577 SECTION 32. Chapter 176A of the General Laws is hereby amended by inserting after
578 section 8VV, added by section 58 of chapter 28 of the acts of 2023, the following section:-

579 Section 8WW. (a) As used in this section, the following words shall, unless the context
580 clearly requires otherwise, have the following meanings:

581 “Brand name drug”, a drug that is: (i) produced or distributed pursuant to an original new
582 drug application approved under 21 U.S.C. 355(c) except for: (A) any drug approved through an
583 application submitted under section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act that
584 is pharmaceutically equivalent, as that term is defined by the United States Food and Drug
585 Administration, to a drug approved under 21 U.S.C. 355(c); (B) an abbreviated new drug
586 application that was approved by the United States Secretary of Health and Human Services
587 under section 505(c) of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. 355(c), before the
588 date of the enactment of the federal Drug Price Competition and Patent Term Restoration Act of
589 1984, Public Law 98-417, 98 Stat. 1585; or (C) an authorized generic drug as defined in 42
590 C.F.R. 447.502; (ii) produced or distributed pursuant to a biologics license application approved
591 under 42 U.S.C. 262(a)(2)(C); or (iii) identified by the health benefit plan as a brand name drug
592 based on available data resources such as Medi-Span.

593 “Generic drug”, a retail drug that is: (i) marketed or distributed pursuant to an
594 abbreviated new drug application approved under 21 U.S.C. 355(j); (ii) an authorized generic
595 drug as defined in 42 C.F.R. 447.502; (iii) a drug that entered the market before January 1, 1962
596 and was not originally marketed under a new drug application; or (iv) identified by the health
597 benefit plan as a generic drug based on available data resources such as Medi-Span.

598 (b) Any contract between a subscriber and the corporation under an individual or group
599 hospital service plan that is delivered, issued or renewed within the commonwealth shall identify

600 1 generic drug and 1 brand name drug used to treat each of the following chronic conditions: (i)
601 diabetes; (ii) asthma; and (iii) the most prevalent heart condition among its enrollees.

602 (c) The carrier shall identify insulin as the drug used to treat diabetes. In determining the
603 1 generic drug and 1 brand name drug used to treat each chronic condition, the carrier shall
604 consider whether the drug is:

605 (i) of clear benefit and strongly supported by clinical evidence;

606 (ii) likely to reduce hospitalizations or emergency department visits, reduce future
607 exacerbations of illness progression or improve quality of life;

608 (iii) cost effective for the carrier and its enrollees;

609 (iv) at low risk for overutilization, abuse, addiction, diversion or fraud; and

610 (v) one of the most widely utilized as a treatment for the chronic condition.

611 (d) Any contract between a subscriber and the corporation under an individual or group
612 hospital service plan that is delivered, issued or renewed within the commonwealth shall provide
613 coverage for the brand name drugs and generic drugs identified pursuant to subsection (b).

614 Coverage for the identified generic drugs shall not be subject to any cost-sharing, including co-
615 payments and co-insurance and shall not be subject to any deductible. Coverage for identified
616 brand name drugs shall not be subject to any deductible or co-insurance and any co-payment
617 shall not exceed \$25 per 30-day supply. Coverage for 1 brand name insulin drug per dosage and
618 type, including rapid-acting, short-acting, intermediate-acting, long-acting, ultra long-acting and
619 premixed under this section shall not be subject to any deductible or co-insurance and any co-
620 payment shall not exceed \$25 per 30-day supply.

621 (e) The carrier shall implement a continuity of coverage policy to apply to enrollees that
622 are new to the plan and that provides coverage for a 30-day fill of a United States Food and Drug
623 Administration-approved drug reimbursed through a pharmacy benefit that the enrollee has
624 already been prescribed and on which the enrollee is stable, upon documentation by the
625 enrollee’s prescriber; provided, that a carrier shall not apply any greater deductible, coinsurance,
626 copayments or out-of-pocket limits than would otherwise apply to other drugs covered by the
627 plan.

628 (f) The carrier shall make changes in the drugs selected pursuant to this section not more
629 than annually.

630 (g) The carrier shall make public the drugs selected pursuant to subsection (b).

631 SECTION 33. Chapter 176B of the General Laws is hereby amended by inserting after
632 section 4VV, added by section 59 of chapter 28 of the acts of 2023, the following section:-

633 Section 4WW. (a) As used in this section, the following words shall, unless the context
634 clearly requires otherwise, have the following meanings:

635 “Brand name drug”, a drug that is: (i) produced or distributed pursuant to an original new
636 drug application approved under 21 U.S.C. 355(c) except for: (A) any drug approved through an
637 application submitted under section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act that
638 is pharmaceutically equivalent, as that term is defined by the United States Food and Drug
639 Administration, to a drug approved under 21 U.S.C. 355(c); (B) an abbreviated new drug
640 application that was approved by the United States Secretary of Health and Human Services
641 under section 505(c) of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. 355(c), before the
642 date of the enactment of the federal Drug Price Competition and Patent Term Restoration Act of

643 1984, Public Law 98-417, 98 Stat. 1585; or (C) an authorized generic drug as defined in 42
644 C.F.R. 447.502; (ii) produced or distributed pursuant to a biologics license application approved
645 under 42 U.S.C. 262(a)(2)(C); or (iii) identified by the health benefit plan as a brand name drug
646 based on available data resources such as Medi-Span.

647 “Generic drug”, a retail drug that is: (i) marketed or distributed pursuant to an
648 abbreviated new drug application approved under 21 U.S.C. 355(j); (ii) an authorized generic
649 drug as defined in 42 C.F.R. 447.502; (iii) a drug that entered the market before January 1, 1962
650 and was not originally marketed under a new drug application; or (iv) identified by the health
651 benefit plan as a generic drug based on available data resources such as Medi-Span.

652 (b) A subscription certificate under an individual or group medical service agreement
653 delivered, issued or renewed within the commonwealth shall identify 1 generic drug and 1 brand
654 name drug used to treat each of the following chronic conditions: (i) diabetes; (ii) asthma; and
655 (iii) the most prevalent heart condition among its enrollees.

656 (c) The carrier shall identify insulin as the drug used to treat diabetes. In determining the
657 1 generic drug and 1 brand name drug used to treat each chronic condition, the carrier shall
658 consider whether the drug is:

659 (i) of clear benefit and strongly supported by clinical evidence;

660 (ii) likely to reduce hospitalizations or emergency department visits, reduce future
661 exacerbations of illness progression or improve quality of life;

662 (iii) cost effective for the carrier and its enrollees;

663 (iv) at low risk for overutilization, abuse, addiction, diversion or fraud; and

664 (v) one of the most widely utilized as a treatment for the chronic condition.

665 (d) A subscription certificate under an individual or group medical service agreement
666 delivered, issued or renewed within the commonwealth shall provide coverage for the brand
667 name drugs and generic drugs identified pursuant to subsection (b). Coverage for the identified
668 generic drugs shall not be subject to any cost-sharing, including co-payments and co-insurance
669 and shall not be subject to any deductible. Coverage for identified brand name drugs shall not be
670 subject to any deductible or co-insurance and any co-payment shall not exceed \$25 per 30-day
671 supply. Coverage for 1 brand name insulin drug per dosage and type, including rapid-acting,
672 short-acting, intermediate-acting, long-acting, ultra long-acting and premixed under this section
673 shall not be subject to any deductible or co-insurance and any co-payment shall not exceed \$25
674 per 30-day supply.

675 (e) The carrier shall implement a continuity of coverage policy to apply to enrollees that
676 are new to the plan and that provides coverage for a 30-day fill of a United States Food and Drug
677 Administration-approved drug reimbursed through a pharmacy benefit that the enrollee has
678 already been prescribed and on which the enrollee is stable, upon documentation by the
679 enrollee's prescriber; provided, that a carrier shall not apply any greater deductible, coinsurance,
680 copayments or out-of-pocket limits than would otherwise apply to other drugs covered by the
681 plan.

682 (f) The carrier shall make changes in the drugs selected pursuant to this section not more
683 than annually.

684 (g) The carrier shall make public the drugs selected pursuant to subsection (b).

685 SECTION 34. Chapter 176G of the General Laws is hereby amended by inserting after
686 section 4NN, added by section 60 of chapter 28 of the acts of 2023, the following section:-

687 Section 400. (a) As used in this section, the following words shall, unless the context
688 clearly requires otherwise, have the following meanings:

689 “Brand name drug”, a drug that is: (i) produced or distributed pursuant to an original new
690 drug application approved under 21 U.S.C. 355(c) except for: (A) any drug approved through an
691 application submitted under section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act that
692 is pharmaceutically equivalent, as that term is defined by the United States Food and Drug
693 Administration, to a drug approved under 21 U.S.C. 355(c); (B) an abbreviated new drug
694 application that was approved by the United States Secretary of Health and Human Services
695 under section 505(c) of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. 355(c), before the
696 date of the enactment of the federal Drug Price Competition and Patent Term Restoration Act of
697 1984, Public Law 98-417, 98 Stat. 1585; or (C) an authorized generic drug as defined in 42
698 C.F.R. 447.502; (ii) produced or distributed pursuant to a biologics license application approved
699 under 42 U.S.C. 262(a)(2)(C); or (iii) identified by the health benefit plan as a brand name drug
700 based on available data resources such as Medi-Span.

701 “Generic drug”, a retail drug that is: (i) marketed or distributed pursuant to an
702 abbreviated new drug application approved under 21 U.S.C. 355(j); (ii) an authorized generic
703 drug as defined in 42 C.F.R. 447.502; (iii) a drug that entered the market before January 1, 1962
704 and was not originally marketed under a new drug application; or (iv) identified by the health
705 benefit plan as a generic drug based on available data resources such as Medi-Span.

706 (b) An individual group health maintenance contract that is issued or renewed within or
707 without the commonwealth shall identify 1 generic drug and 1 brand name drug used to treat
708 each of the following chronic conditions: (i) diabetes; (ii) asthma; and (iii) the most prevalent
709 heart condition among its enrollees.

710 (c) The carrier shall identify insulin as the drug used to treat diabetes. In determining the
711 1 generic drug and 1 brand name drug used to treat each chronic condition, the carrier shall
712 consider whether the drug is:

713 (i) of clear benefit and strongly supported by clinical evidence to be cost-effective;

714 (ii) likely to reduce hospitalizations or emergency department visits, reduce future
715 exacerbations of illness progression or improve quality of life;

716 (iii) cost effective for the carrier and its enrollees;

717 (iv) at low risk for overutilization, abuse, addiction, diversion or fraud; and

718 (v) one of the most widely utilized as a treatment for the chronic condition.

719 (d) An individual group health maintenance contract that is issued or renewed within or
720 without the commonwealth shall provide coverage for the brand name drugs and generic drugs
721 identified pursuant to subsection (b). Coverage for the identified generic drugs shall not be
722 subject to any cost-sharing, including co-payments and co-insurance and shall not be subject to
723 any deductible. Coverage for identified brand name drugs shall not be subject to any deductible
724 or co-insurance and any co-payment shall not exceed \$25 per 30-day supply. Coverage for 1
725 brand name insulin drug per dosage and type, including rapid-acting, short-acting, intermediate-

726 acting, long-acting, ultra long-acting and premixed under this section shall not be subject to any
727 deductible or co-insurance and any co-payment shall not exceed \$25 per 30-day supply.

728 (e) The carrier shall implement a continuity of coverage policy to apply to enrollees that
729 are new to the plan and that provides coverage for a 30-day fill of a United States Food and Drug
730 Administration-approved drug reimbursed through a pharmacy benefit that the enrollee has
731 already been prescribed and on which the enrollee is stable, upon documentation by the
732 enrollee's prescriber; provided, that a carrier shall not apply any greater deductible, coinsurance,
733 copayments or out-of-pocket limits than would otherwise apply to other drugs covered by the
734 plan.

735 (f) The carrier shall make changes in the drugs selected pursuant to this section not more
736 than annually.

737 (g) The carrier shall make public the drugs selected pursuant to subsection (b).

738 SECTION 35. Chapter 176O of the General Laws is hereby amended by adding the
739 following 2 sections:-

740 Section 30. (a) On an annual basis, each carrier shall report to the division the drugs
741 selected to be provided with no or limited cost-sharing under section 47VV of chapter 175,
742 section 8WW of chapter 176A, section 4WW of chapter 176B and section 4OO of chapter 176G.
743 The commissioner shall review the drugs to verify that the selected drugs meet the criteria
744 identified in those sections. Should a selected drug be deemed by the commissioner to not meet
745 the criteria, the commissioner may require a different drug to be selected. The commissioner
746 shall disclose the list of drugs selected by each entity annually on the division's website.

747 Section 31. (a) As used in this section, the following words shall, unless the context
748 clearly requires otherwise, have the following meanings:

749 “Cost-sharing”, as defined in section 1 of chapter 176Y.

750 “Estimated rebate”, any: (i) negotiated price concessions, whether described as a rebate
751 or otherwise, including, but not limited to, base price concessions, and reasonable estimates of
752 any price protection rebates and performance-based price concessions that may accrue, directly
753 or indirectly, to a carrier, pharmacy benefit manager or other party on a carrier’s behalf during a
754 carrier’s plan year from a pharmaceutical manufacturing company, dispensing pharmacy or other
755 party to the transaction based on the amounts the carrier received in the prior quarter or
756 reasonably expects to receive in the current quarter; and (ii) reasonable estimates of any price
757 concessions, fees and other administrative costs that are passed through, or are reasonably
758 anticipated to be passed through to the carrier, pharmacy benefit manager or other party on the
759 carrier’s behalf and that serve to reduce the carrier’s prescription drug liabilities for the plan year
760 based on the amounts the carrier received in the prior quarter or reasonably expects to receive in
761 the current quarter.

762 “Pharmacy benefit manager”, as defined in section 1 of chapter 176Y.

763 “Price protection rebate”, a negotiated price concession that accrues directly or indirectly
764 to the carrier, or other party on behalf of the carrier, including a pharmacy benefit manager, in
765 the event of an increase in the wholesale acquisition cost of a drug that is greater than a specified
766 threshold.

767 (b) A carrier, or any pharmacy benefit manager, shall make available to an insured at
768 least 80 per cent of the estimated rebates received by such carrier, or any pharmacy benefit

769 manager, by reducing the amount of defined cost-sharing that the carrier would otherwise charge
770 at the point of sale, except that the reduction amount shall not result in a credit at the point of
771 sale. Neither the insured nor the carrier shall be responsible for any difference between the
772 estimated rebate amount and the actual rebate amount the carrier receives; provided, that such
773 estimates were calculated in good faith.

774 (c) Nothing in this section shall preclude a pharmacy benefit manager from decreasing an
775 insured's defined cost-sharing by an amount greater than that required under subsection (b).

776 (d) Annually, not later than April 1, a carrier shall file with the division a report in the
777 manner and form determined by the commissioner demonstrating the manner in which the carrier
778 has complied with this section. If the commissioner determines that a carrier has not complied
779 with 1 or more requirements of this section, the commissioner shall notify the carrier of such
780 noncompliance and a date by which the carrier must demonstrate compliance. If the carrier does
781 not come into compliance by such date, the division shall impose a fine not to exceed \$5,000 for
782 each day during which such noncompliance continues.

783 (e) In implementing the requirements of this section, the division shall only regulate a
784 carrier or pharmacy benefit manager to the extent permissible under applicable law.

785 (f) A pharmacy benefit manager, its agent or any third-party administrator shall not
786 publish or otherwise disclose information regarding the actual amount of rebates a carrier
787 receives on a specific product or therapeutic class of products, manufacturer or pharmacy-
788 specific basis. Such information shall be considered to be a trade secret and confidential
789 commercial information, shall not be a public record as defined by clause Twenty-sixth of
790 section 7 of chapter 4 or section 10 of chapter 66, and shall not be disclosed directly or

791 indirectly, or in a manner that would allow for the identification of an individual product,
792 therapeutic class of products or manufacturer, or in a manner that would have the potential to
793 compromise the financial, competitive or proprietary nature of the information. A pharmacy
794 benefit manager shall impose the confidentiality protections and requirements of this section on
795 any agent or third-party administrator that performs health care or administrative services on
796 behalf of the pharmacy benefit manager that may receive or have access to rebate related
797 information.

798 SECTION 36. The General Laws are hereby amended by inserting after chapter 176X
799 the following chapter:-

800 CHAPTER 176Y

801 LICENSURE AND REGULATION OF PHARMACY BENEFIT MANAGERS

802 Section 1. As used in this chapter, unless the context clearly requires otherwise, the
803 following words shall have the following meanings:

804 “Carrier”, as defined in section 1 of chapter 176O.

805 “Clean claim”, a claim that has no defect or impropriety, including a lack of any required
806 substantiating documentation, or other circumstance requiring special treatment that prevents
807 timely payment from being made on the claim.

808 “Commissioner”, the commissioner of the division of insurance.

809 “Cost-sharing”, any copayment, coinsurance, deductible or any other amount owed by an
810 insured under the terms of the insured’s health benefit plan, or as required by a pharmacy benefit
811 manager.

812 “Division”, the division of insurance.

813 “Health benefit plan”, as defined in section 1 of chapter 176O.

814 “Independent pharmacy”, a pharmacy registered under section 39 of chapter 112 that is
815 under common ownership with not more than 5 other pharmacies.

816 “Insured”, as defined in section 1 of chapter 176O.

817 “Mail-order pharmacy”, a pharmacy whose primary business is to receive prescriptions
818 by mail, telefax or through electronic submissions and to dispense medication to insureds
819 through the use of the United States mail or other common or contract carrier services.

820 “Net price”, a price for a prescription drug that takes into account all rebates received or
821 expected to be received in connection with the dispensing or administration of the prescription
822 drug.

823 “Pharmacy”, a facility under the direction or supervision of a registered pharmacist
824 authorized to dispense controlled substances under the supervision of a pharmacist registered in
825 the commonwealth under section 39 of chapter 112.

826 “Pharmacy benefit management services”, services performed by a pharmacy benefit
827 manager, including: (i) negotiating the price of prescription drugs, including negotiating and
828 contracting for direct or indirect rebates, discounts or other price concessions; (ii) managing any
829 aspects of a prescription drug benefit, including, but not limited to, formulary administration,

830 mail and specialty drug pharmacy services, clinical, safety and adherence programs for pharmacy
831 service, the processing and payment of claims for prescription drugs, arranging alternative access
832 to or funding for prescription drugs, the performance of drug utilization review, the processing of
833 drug prior authorization requests, the adjudication of appeals or grievances related to the
834 prescription drug benefit, contracting with network pharmacies, controlling the cost of covered
835 prescription drugs and managing or providing data relating to the prescription drug benefit or the
836 provision of services related thereto; (iii) performance of any administrative, managerial,
837 clinical, pricing, financial, reimbursement, data administration or reporting or billing service
838 related to a health benefit plan's prescription drug benefit; and (iv) such other services as the
839 division may define in regulation.

840 "Pharmacy benefit manager", a person, business or other entity that, pursuant to a
841 contract or under an employment relationship with a carrier, a self-insurance plan or other third-
842 party administrator, either directly or through an intermediary, performs pharmacy benefit
843 management services; provided, that "pharmacy benefit manager" shall include a health benefit
844 plan sponsor that does not contract with a pharmacy benefit manager and manages its own
845 prescription drug benefits unless specifically exempted by the division.

846 "Pharmacy benefit manager network", a network of pharmacies or pharmacists that are
847 offered an agreement or contract to provide pharmacy services for a pharmacy benefit manager
848 or health benefit plan.

849 "Rebate", any: (i) negotiated price concessions, whether described as a rebate or
850 otherwise, including, but not limited to, base price concessions and reasonable estimates of any
851 price protection rebates and performance-based price concessions that may accrue, directly or

852 indirectly, to a carrier, pharmacy benefit manager or other party on a carrier's behalf during a
853 carrier's plan year from a pharmaceutical manufacturing company, dispensing pharmacy or other
854 party to the transaction based on the amounts the carrier received in the prior quarter or
855 reasonably expects to receive in the current quarter; and (ii) reasonable estimates of any price
856 concessions, fees and other administrative costs that are passed through, or are reasonably
857 anticipated to be passed through to the carrier, pharmacy benefit manager or other party on the
858 carrier's behalf, and that serve to reduce the carrier's prescription drug liabilities for the plan
859 year based on the amounts the carrier received in the prior quarter or reasonably expects to
860 receive in the current quarter.

861 "Spread pricing", model of prescription drug pricing in which the pharmacy benefits
862 manager charges a health benefit plan a contracted price for prescription drugs, and the
863 contracted price for the prescription drugs differs from the amount the pharmacy benefits
864 manager directly or indirectly pays the pharmacy.

865 "Third-party administrator", any person that directly or indirectly solicits or effects
866 coverage of, underwrites, collects charges or premiums from, arranges alternative access to or
867 funding for prescription drugs, or adjusts or settles claims on behalf of residents of the
868 commonwealth or residents of another state from offices in this commonwealth, in connection
869 with health insurance coverage.

870 Section 2. (a) No person, business or other entity shall establish or operate as a pharmacy
871 benefit manager without obtaining a license from the division pursuant to this section. A license
872 shall be granted only when the division is satisfied that the entity possesses the necessary
873 organization, background expertise and financial integrity to supply the services sought to be

874 offered. A pharmacy benefit manager license shall be valid for a period of 3 years and shall be
875 renewable for additional 3-year periods. The commissioner shall charge application and renewal
876 fees in the amount of \$25,000. A license granted pursuant to this section and any rights or
877 interests therein shall not be transferable.

878 (b) The division shall develop an application for licensure that includes at least the
879 following information: (i) the name of the applicant or pharmacy benefit manager; (ii) the
880 address and contact telephone number for the applicant or pharmacy benefit manager; (iii) the
881 name and address of the agent of the applicant or pharmacy benefit manager for service of
882 process in the commonwealth; and (iv) the name and address of each person with management or
883 control over the applicant or pharmacy benefit manager.

884 (c)(1) The division may suspend, revoke or place on probation a pharmacy benefit
885 manager license if: (i) the pharmacy benefit manager has engaged in fraudulent activity that is
886 found by a court of law to be a violation of state or federal law; (ii) the division receives
887 consumer complaints that justify an action under this chapter to protect the safety and interests of
888 consumers; (iii) the pharmacy benefit manager fails to pay an application fee for the license; (iv)
889 the pharmacy benefit manager fails to comply with a requirement set forth in this chapter; or (v)
890 the pharmacy benefit manager fails to comply with reporting requirements of the center for
891 health information and analysis under section 10A of chapter 12C.

892 (2) The division shall provide written notice to the pharmacy benefit manager and advise
893 in writing of the reason for any suspension, revocation or placement on probation of a pharmacy
894 benefit manager license under this chapter. The pharmacy benefit manager may make written
895 demand upon the division within 30 days of receipt of such notification for a hearing before the

896 division to determine the reasonableness of the division's action. The hearing shall be held
897 pursuant to chapter 30A. The division shall not suspend or cancel a license unless the division
898 has first afforded the pharmacy benefit manager an opportunity for a hearing pursuant to said
899 chapter 30A.

900 (d) If a person, business or other entity performs the functions of a pharmacy benefit
901 manager in violation of this chapter, the person, business or other entity shall be subject to a fine
902 of not less than \$5,000 per day for each day that the person, business or other entity is found by
903 the division to be in violation.

904 (e) A pharmacy benefit manager that violates this chapter or any rule or regulation
905 promulgated pursuant to this chapter shall be subject to a fine of not less than \$5,000 for each
906 violation.

907 Section 3. (a)(1) A pharmacy benefit manager shall have a duty to perform pharmacy
908 benefit management services with care, skill, prudence, diligence and professionalism. Such duty
909 shall extend to both the insured and the health plan for whom the pharmacy benefit manager is
910 performing pharmacy benefit management services.

911 (2) A pharmacy benefit manager interacting with an insured shall have the same duty to
912 an insured as the health plan for whom it is performing pharmacy benefit services.

913 (b) A pharmacy benefit manager shall have a duty of good faith and fair dealing with all
914 parties with which it interacts in the performance of pharmacy benefit management services.

915 Section 4. (a) A pharmacy benefit manager shall provide a reasonably adequate and
916 accessible pharmacy benefit manager network for the provision of prescription drugs, which

917 shall provide for convenient patient access to pharmacies within a reasonable distance from a
918 patient's residence.

919 (b) A pharmacy benefit manager shall not deny a pharmacy the opportunity to participate
920 in a pharmacy benefit manager network at preferred participation status if the pharmacy is
921 willing to accept the terms and conditions that the pharmacy benefit manager has established for
922 other pharmacies as a condition of preferred network participation status.

923 (c) A mail-order pharmacy shall not be included in the calculations for determining
924 pharmacy benefit manager network adequacy.

925 Section 5. (a) After adjudication of a clean claim for payment made by a pharmacy, a
926 pharmacy benefit manager shall not retroactively reduce payment on the claim, either directly or
927 indirectly, through an aggregated effective rate, direct or indirect remuneration, quality assurance
928 program or otherwise, except if the claim: (i) is found not to be a clean claim during the course
929 of a routine audit performed pursuant to an agreement between the pharmacy benefit manager
930 and the pharmacy; or (ii) was submitted as a result of fraud, waste, abuse or other intentional
931 misconduct.

932 (b) When a pharmacy adjudicates a claim, the reimbursement amount provided to the
933 pharmacy by the pharmacy benefit manager shall constitute a final reimbursement amount;
934 provided, however, that nothing in this section shall be construed to prohibit any retroactive
935 increase in payment to a pharmacy pursuant to a contract between the pharmacy benefit manager
936 or a pharmacy.

937 (c) No pharmacy benefit manager shall charge or collect from an insured any cost-sharing
938 amount that exceeds the total contracted amount by the pharmacy for which the pharmacy is

939 paid. If an insured pays a copayment, the pharmacy shall retain the adjudicated costs and the
940 pharmacy benefit manager shall not reduce or recoup the adjudicated cost.

941 Section 6. (a) As used in this section the following words shall, unless the context clearly
942 requires otherwise, have the following meanings:

943 “Generically equivalent drug”, a drug that is pharmaceutically and therapeutically
944 equivalent to the drug prescribed.

945 “Maximum allowable cost list”, a listing of drugs or other methodology used by a
946 pharmacy benefit manager, directly or indirectly, to set the maximum allowable payment to a
947 pharmacy for a generic drug.

948 “National Drug Code”, the numerical code assigned to a prescription drug by the United
949 States Food and Drug Administration.

950 “Pharmacy acquisition cost”, the net amount a pharmacy paid for a pharmaceutical
951 product.

952 “Pharmacy benefit manager affiliate”, a pharmacy that directly or indirectly, through 1 or
953 more intermediaries, owns or controls, is owned or controlled by or is under common ownership
954 or control with a pharmacy benefits manager.

955 (b) A drug shall not be placed on a maximum allowable cost list unless:

956 (i) the drug is a generically equivalent drug, it is listed as therapeutically equivalent and
957 pharmaceutically equivalent A or B rated in the United States Food and Drug Administration's
958 most recent version of the Orange Book or Green Book, it has an NR or NA rating by Medi-Span
959 or Gold Standard, or it has a similar rating by a nationally recognized reference;

960 (ii) the drug is in stock and available for purchase by each pharmacy in the pharmacy
961 benefit manager's network from wholesale drug distributors licensed under section 36B of
962 chapter 112; and

963 (iii) the drug is not obsolete.

964 (c) A pharmacy benefit manager shall:

965 (i) provide access to its maximum allowable cost list to each pharmacy in the pharmacy
966 benefit manager's network that is subject to the maximum allowable cost list;

967 (ii) update its maximum allowable cost list on a timely basis, but not less than once every
968 7 calendar days;

969 (iii) provide a process for each pharmacy subject to the maximum allowable cost list to
970 receive prompt notification of an update to the maximum allowable cost list; and

971 (iv) provide a reasonable internal grievance process consistent with subsection (d) to
972 allow pharmacies to challenge a maximum allowable cost list as not compliant with this section,
973 and to challenge reimbursements made under a maximum allowable cost list for a specific drug
974 or drugs that are below the pharmacy acquisition cost.

975 (d)(1) A pharmacy benefit manager shall maintain a formal internal grievance process for
976 pharmacies, and such formal internal grievance process shall provide for adequate consideration
977 and timely resolution of grievances. A pharmacy benefit manager's internal grievance process
978 shall include the following: (i) a dedicated telephone number, email address and website for the
979 purpose of submitting a grievance; (ii) the ability to submit a grievance directly to the pharmacy

980 benefit manager regarding the pharmacy benefits plan or program; and (iii) the ability to file a
981 grievance within not less than 30 business days of the qualifying event.

982 (2) The pharmacy benefit manager shall respond to a grievance within 30 business days
983 of receipt of the grievance. If the pharmacy benefit manager determines as a result of the internal
984 grievance process that the pharmacy benefit manager's challenged conduct was not compliant
985 with this section, the pharmacy benefit manager shall: (i) provide the pharmacy with the National
986 Drug Code upon which the maximum allowable cost was based; (ii) reprocess the claim; (iii)
987 reimburse the pharmacy in an amount that is not less than the pharmacy acquisition cost; and (iv)
988 to the extent practicable, reprocess claims submitted by similarly situated pharmacies and
989 reimburse said pharmacies an amount that is not less than the pharmacy acquisition cost.

990 (3) If the pharmacy benefit manager determines as a result of the internal grievance
991 process that the pharmacy benefit manager's challenged conduct was compliant with this section,
992 the pharmacy benefit manager shall: (i) provide the pharmacy with the National Drug Code upon
993 which the maximum allowable cost was based and the name of any wholesale drug distributors
994 licensed under section 36B of chapter 112 that have the drug currently in stock at a price below
995 the maximum allowable cost; or (ii) if the National Drug Code provided by the pharmacy benefit
996 manager is not available at a price below the pharmacy acquisition cost from the wholesale drug
997 distributor from whom the pharmacy purchases the majority of its prescription drugs for resale,
998 then the pharmacy benefit manager shall adjust the maximum allowable cost as listed on the
999 maximum allowable cost list above the challenging pharmacy's pharmacy acquisition cost, and
1000 permit the pharmacy to reverse and rebill each claim affected by the inability to procure the drug
1001 at a cost that is equal to or less than the challenged maximum allowable cost.

1002 (e) A pharmacy benefit manager shall not reimburse an independent pharmacy an amount
1003 less than the amount that the pharmacy benefit manager reimburses a pharmacy benefit manager
1004 affiliate for providing the same pharmacist services. The reimbursement amount shall be
1005 calculated on a per unit basis using the same Medi-Span generic product identifier or First
1006 DataBank generic code number.

1007 (f) A violation of this section shall constitute an unfair or deceptive act or practice under
1008 chapter 93A.

1009 Section 7. (a) No pharmacy benefit manager or carrier may, either directly or indirectly
1010 through an intermediary, agent or affiliate, engage in spread pricing. A pharmacy benefit
1011 manager or carrier that violates this section shall be subject to the surcharge under section 8. A
1012 carrier shall be jointly responsible to pay the surcharge amount for violations of this section by
1013 its contracted pharmacy benefit manager.

1014 (b) A pharmacy benefit manager shall report to the commissioner on a quarterly basis, for
1015 each health benefit plan with which it contracts, the data required to be collected by the center
1016 for health information and analysis pursuant to section 10A of chapter 12C.

1017 Section 8. (a) A pharmacy benefit manager or carrier shall be subject to a surcharge
1018 payable to the division equal to 10 per cent of the aggregate dollar amount of reimbursements
1019 paid by the pharmacy benefit manager or carrier to pharmacies in the previous contract year for
1020 prescription drugs in the commonwealth if the pharmacy benefit manager or carrier: (i) engages
1021 in spread pricing; or (ii) imposes point-of-sale fees or retroactive fees.

1022 (b) A pharmacy benefit manager or carrier subject to enforcement action by the division
1023 for a violation of this section shall, upon the filing of a written request with the division, be
1024 afforded an adjudicatory hearing pursuant to chapter 30A.

1025 Section 9. (a) When calculating an insured's contribution to any applicable cost-sharing
1026 requirement, a carrier shall include any cost-sharing amounts paid by the insured or on behalf of
1027 the insured by another person. If under federal law, application of this requirement would result
1028 in health savings account ineligibility under section 223 of the federal Internal Revenue Code,
1029 this requirement shall apply for health savings account-qualified high deductible health plans
1030 with respect to the deductible of such a plan after the insured has satisfied the minimum
1031 deductible under section 223 of the federal Internal Revenue Code, except for with respect to
1032 items or services that are preventive care pursuant to section 223(c)(2)(C) of the federal Internal
1033 Revenue Code, in which case the requirements of this paragraph shall apply regardless of
1034 whether the minimum deductible under section 223 has been satisfied.

1035 (b) A carrier, pharmacy benefit manager or third-party administrator shall not directly or
1036 indirectly set, alter, implement or condition the terms of health benefit plan coverage, including
1037 the benefit design, based in part or entirely on information about the availability or amount of
1038 financial or product assistance available for a prescription drug.

1039 (c) The division may promulgate such rules and regulations as it may deem necessary to
1040 implement this section.

1041 Section 10. (a)(1) A pharmacy benefit manager shall conduct an audit of the records of a
1042 pharmacy with which it contracts.

1043 (2) The contract between a pharmacy and a pharmacy benefit manager shall identify and
1044 describe the audit procedures in detail.

1045 (3) With the exception of an investigative fraud audit, the auditor shall give the pharmacy
1046 written notice not less than 2 weeks prior to conducting the initial on-site audit for each audit
1047 cycle.

1048 (4) A pharmacy benefit manager shall not audit claims beyond 2 years prior to the date of
1049 audit.

1050 (5) The auditor shall not interfere with the delivery of pharmacist services to a patient and
1051 shall make a reasonable effort to minimize the inconvenience and disruption to the pharmacy
1052 operations during the audit process.

1053 (6) Any audit that involves clinical or professional judgment shall be conducted by, or in
1054 consultation with, a licensed pharmacist from any state.

1055 (7) A finding of an overpayment or underpayment shall be based on the actual
1056 overpayment or underpayment. A statistically sound calculation for overpayment or
1057 underpayment may be used to determine recoupment as part of a settlement as agreed to by the
1058 pharmacy.

1059 (8) The auditor shall audit each pharmacy under the same standards and parameters with
1060 which they audit other similarly situated pharmacies.

1061 (9) An audit shall not be initiated or scheduled during the first 5 calendar days of any
1062 month for any pharmacy that averages more than 600 prescriptions per week without the
1063 pharmacy's consent.

1064 (10) A preliminary audit report shall be delivered to the pharmacy not later than 30 days
1065 after the conclusion of the audit.

1066 (11) The preliminary audit report shall be signed and shall include the signature of any
1067 pharmacist participating in the audit.

1068 (12) A pharmacy benefit manager shall not withhold payment to a pharmacy for
1069 reimbursement claims as a means to recoup money until after the final internal disposition of an
1070 audit, including the appeals process, as provided in subsection (b), unless fraud or
1071 misrepresentation is reasonably suspected or the discrepant amount exceeds \$15,000.

1072 (13) The auditor shall provide a copy of the final audit report to the pharmacy and plan
1073 sponsor within 30 days following the pharmacy's receipt of the signed preliminary audit report
1074 or the completion of the appeals process, as provided in subsection (b), whichever is later.

1075 (14) No auditing company or agent shall receive payment based upon a percentage of the
1076 amount recovered or other financial incentive tied to the findings of the audit.

1077 (b)(1) Each auditor shall establish an appeal process under which a pharmacy may appeal
1078 findings in a preliminary audit.

1079 (2) To appeal a finding, a pharmacy may use the records of a hospital, physician or other
1080 authorized prescriber to validate the record with respect to orders or refills of prescription drugs
1081 or devices.

1082 (3) A pharmacy shall have 30 days to appeal any discrepancy found during the
1083 preliminary audit.

1084 (4) The National Council for Prescription Drug Programs or any other recognized
1085 national industry standard shall be used to evaluate claims submission and product size disputes.

1086 (5) If an audit results in the identification of any clerical or record-keeping errors in a
1087 required document or record, the pharmacy shall not be subject to recoupment of funds by the
1088 pharmacy benefit manager; provided, that the pharmacy may provide proof that the patient
1089 received the medication billed to the plan via patient signature logs or other acceptable methods,
1090 unless there is financial harm to the plan or errors that exceed the normal course of business.

1091 (c) This section shall not apply to any audit or investigation of a pharmacy that involves
1092 potential fraud, willful misrepresentation or abuse, including, but not limited to, investigative
1093 audits or any other statutory or regulatory provision which authorizes investigations relating to
1094 insurance fraud.

1095 (d) This section shall not apply to a public health care payer, as defined in section 1 of
1096 chapter 12C.

1097 (e) The commissioner shall promulgate regulations to enforce this section.

1098 Section 11. (a) The commissioner may make an examination of the affairs of a pharmacy
1099 benefit manager when the commissioner deems prudent, but not less than once every 3 years.

1100 The focus of the examination shall be to ensure that a pharmacy benefit manager is able to meet
1101 its responsibilities under contracts with carriers. The examination shall be conducted in

1102 accordance with subsection (6) of section 4 of chapter 175.

1103 (b) The commissioner, a deputy or an examiner may conduct an on-site examination of
1104 each pharmacy benefit manager in the commonwealth to thoroughly inspect and examine its
1105 affairs.

1106 (c) The charge for each such examination shall be determined annually in accordance
1107 with subsection (6) of section 4 of chapter 175.

1108 (d) Not later than 60 days following completion of the examination, the examiner in
1109 charge shall file with the commissioner a verified written report of examination under oath.
1110 Upon receipt of the verified report, the commissioner shall transmit the report to the pharmacy
1111 benefit manager examined with a notice that shall afford the pharmacy benefit manager
1112 examined a reasonable opportunity of not more than 30 days to make a written submission or
1113 rebuttal with respect to any matters contained in the examination report. Not later than 30 days
1114 after the end of the period allowed for the receipt of written submissions or rebuttals, the
1115 commissioner shall consider and review the reports together with any written submissions or
1116 rebuttals and any relevant portions of the examiner's work papers and enter an order:

1117 (i) adopting the examination report as filed with modifications or corrections and, if the
1118 examination report reveals that the pharmacy benefit manager is operating in violation of this
1119 section or any regulation or prior order of the commissioner, the commissioner may order the
1120 pharmacy benefit manager to take any action the commissioner considers necessary and
1121 appropriate to cure such violation;

1122 (ii) rejecting the examination report with directions to the examiners to reopen the
1123 examination for the purposes of obtaining additional data, documentation or information and re-
1124 filing pursuant to the above provisions; or

1125 (iii) calling for an investigatory hearing with no less than 20 days' notice to the pharmacy
1126 benefit manager for purposes of obtaining additional documentation, data, information and
1127 testimony.

1128 (e) Notwithstanding any general or special law to the contrary, including clause Twenty-
1129 sixth of section 7 of chapter 4 and section 10 of chapter 66, the records of any such examination
1130 and the information contained in the records, reports or books of any pharmacy benefit manager
1131 examined pursuant to this section shall be confidential and open only to the inspection of the
1132 commissioner, or the examiners and assistants. Access to such confidential material may be
1133 granted by the commissioner to law enforcement officials of the commonwealth or any other
1134 state or agency of the federal government at any time, so long as the agency or office receiving
1135 the information agrees in writing to keep such material confidential. Nothing herein shall be
1136 construed to prohibit the required production of such records and information contained in the
1137 reports of such company or organization before any court of the commonwealth or any master or
1138 auditor appointed by any such court, in any criminal or civil proceeding, affecting such
1139 pharmacy benefit manager, its officers, partners, directors or employees. The final report of any
1140 such audit, examination or any other inspection by or on behalf of the division of insurance shall
1141 be a public record.

1142 Section 12. A pharmacy benefit manager shall be required to submit to periodic audits by
1143 a licensed carrier if the pharmacy benefit manager has entered into a contract with the carrier to
1144 provide pharmacy benefits to the carrier or its members. The commissioner shall direct or
1145 provide specifications for such audits.

1146 Section 13. (a) A contract between a pharmacy benefit manager and a pharmacy shall not
1147 include any provision that prohibits, restricts or limits a pharmacy or its employed pharmacists'
1148 ability to provide an insured with information on the amount of the insured's cost-sharing for
1149 such insured's prescription drug and the clinical efficacy of a more affordable alternative drug if
1150 one is available. No contract shall penalize a pharmacy or an individual pharmacist for disclosing
1151 such information to an insured or for dispensing to an insured a more affordable alternative
1152 prescription drug if one is available.

1153 (b) A pharmacy benefit manager shall not charge a pharmacy a fee related to the
1154 adjudication of a claim unless such fee is set out in a contract between the pharmacy benefit
1155 manager and the pharmacist or contracting agent or pharmacy, including, but not limited to, a fee
1156 for: (i) the receipt and processing of a pharmacy claim; (ii) the development or management of
1157 claims processing services in a pharmacy benefit manager network; or (iii) participation in a
1158 pharmacy benefit manager network.

1159 (c) A contract between a pharmacy benefit manager and a pharmacy shall not include any
1160 provision that prohibits, restricts or limits disclosure of information to the division deemed
1161 necessary by the division to ensure a pharmacy benefit manager's compliance with the
1162 requirements under this section or section 21C of chapter 94C.

1163 SECTION 37. Sections 131 and 226 of chapter 139 of the acts of 2012 are hereby
1164 repealed.

1165 SECTION 38. (a) Notwithstanding any general or special law to the contrary, the office
1166 of pharmaceutical policy and analysis, in consultation with the office of Medicaid, shall conduct
1167 an analysis and issue a report on the future of cell and gene therapy in the commonwealth with

1168 the objective of addressing anticipated barriers to access that may exist with respect to such
1169 treatments for patients covered by MassHealth programs and other vulnerable populations. The
1170 analysis shall be focused on cell and gene therapy products, hereinafter referred to as products,
1171 that are expected to come to market in the United States by the year 2035. The analysis and
1172 report shall include, but not be limited to:

1173 (i) a projection of the estimated total number of products that are expected to come to
1174 market in the United States;

1175 (ii) information on the diseases and conditions such products will be approved to treat,
1176 including the total estimated number of impacted individuals in the commonwealth and the total
1177 number of impacted individuals enrolled in MassHealth;

1178 (iii) an assessment of anticipated costs of coverage and existing reimbursement
1179 frameworks and methodologies that may be employed by MassHealth for the products to the
1180 extent the products are purchased by health care facilities for administration to MassHealth
1181 beneficiaries during inpatient hospital stays;

1182 (iv) an assessment of whether the reimbursement frameworks and methodologies
1183 identified pursuant to clause (iii) would lead to barriers to access to the products in light of the
1184 projected costs to the health care system associated with the utilization of the products, and
1185 whether such barriers to access, if any, would disproportionately impact MassHealth
1186 beneficiaries or other vulnerable populations, including population groups that may be more
1187 likely to have adverse health outcomes due to experience with historic disparities or
1188 discrimination; and

1189 (v) an assessment of whether the current health care facility infrastructure necessary for
1190 the administration of the products is adequate to ensure equitable access for patients in need of
1191 treatment with the products.

1192 (b) To the extent that the analysis identifies any barriers to access to the products, the
1193 office of pharmaceutical policy and analysis and the office of Medicaid shall analyze and report
1194 on the reasons for such barriers and shall propose corrective policy solutions. If any identified
1195 barriers are the result of or otherwise related to current MassHealth reimbursement
1196 methodologies for the products, the report shall propose modifications designed to eliminate
1197 such barriers to such methodologies to the extent authorized under federal law.

1198 (c) In conducting the analysis and producing the report required by this section, the health
1199 office of pharmaceutical policy and analysis and the office of Medicaid shall consult with the
1200 Massachusetts Biotechnology Council, Inc., the Massachusetts Health and Hospital Association,
1201 Inc., the Conference of Boston Teaching Hospitals, Inc., the Massachusetts Association of
1202 Health Plans, Inc., Blue Cross and Blue Shield of Massachusetts, Inc. and the rare disease
1203 advisory council established pursuant to section 241 of chapter 111.

1204 (d) The report shall be made available electronically on the commission's website and
1205 shall be filed with the secretary of administration and finance, the clerks of the house of
1206 representatives and the senate, the house and senate committees on ways and means and the joint
1207 committee on health care financing by not later than July 31, 2025.

1208 SECTION 39. Section 17T of chapter 32A of the General Laws, inserted by section 27;
1209 section 10R of chapter 118E of the General Laws, inserted by section 29; section 47VV of 175 of
1210 the General Laws, inserted by section 30; section 8WW of 176A of the General Laws, inserted

1211 by section 32; section 4WW of 176B of the General Laws, inserted by section 33; and section
1212 400 of chapter 176G of the General Laws, inserted by section 34, shall apply with respect to
1213 health benefit plans that are entered into, amended, extended or renewed on or after August 1,
1214 2025.

1215 SECTION 40. The center shall prepare the list required pursuant to section 10B of
1216 chapter 12C, inserted by section 23, not later than March 31, 2026.

1217 SECTION 41. Section 31 of chapter 176O of the General Laws, inserted by section 35,
1218 shall take effect on April 1, 2025. All carriers shall file the first annual report required by
1219 subsection (d) of said section 31 of said chapter 176O of the General Laws not later than April 1,
1220 2026.

1221 SECTION 42. All entities performing pharmacy benefit management services shall be
1222 licensed by the division of health insurance as pharmacy benefit managers pursuant to section 2
1223 of chapter 176Y of the General Laws, inserted by section 36, not later than January 1, 2025.

1224 SECTION 43. Sections 7 to 9, inclusive, of chapter 176Y, inserted by section 36, shall
1225 apply with respect to health benefit plans that are entered into, amended, extended or renewed on
1226 or after August 1, 2025.; and

1227 by striking out the title and inserting in place thereof the following title: “An Act
1228 promoting access and affordability of prescription drugs.”.
