Michael D. Hurley, Senate Clerk
Steven T. James, House Clerk

From: Lisa M. Hemmerle, Director, Department of Economic Research

Date: November 15, 2023

Subject: November 2023 Unemployment Insurance Trust Fund Information

The following information relates to the reporting on the Unemployment Insurance Trust Fund for the month of October 2023.

As of October 31, 2023, the preliminary Massachusetts Unemployment Insurance Trust Fund ("UI Trust Fund") ending balance was \$3.10 billion.

Year-to-date through October 31, 2023, preliminary employer contributions totaled \$825.89 million.

Year-to-date through October 31, 2023, DUA paid \$1.75 billion in benefits for regular UI for 710,939 initial and continuing claims.

In response to the COVID-19 pandemic, the federal government enacted laws and developed programs to provide expanded and enhanced federal unemployment insurance benefits to affected individuals. Such federal programs were administered by the Commonwealth primarily through the Executive Office of Labor and Workforce Development (EOLWD). In connection with the Commonwealth's fiscal 2022 audit, EOLWD undertook a reconciliation of federal funding received during fiscal years 2020 through 2023 with respect to these expanded and enhanced unemployment insurance programs developed and required by the federal government. Such reconciliation identified \$2.491 billion drawn by the Commonwealth from federal funding sources in fiscal years 2020 through 2022 in error. The amount that may be due to the federal

government, and the timing, method, and source of such reimbursement, are currently unknown. The Commonwealth is engaged in discussions with the U.S. Department of Labor to resolve this matter. The beginning balance of the Unemployment Compensation Trust Fund in the 2022 ACFR was restated and reduced to account for the results of this reconciliation for fiscal years 2020 and 2021.¹

The Unemployment Insurance Trust Fund data is also available at mass.gov/UITrustFund.
