29 of the commission chosen by the members.

30 (b) The commission shall investigate and study ways to increase equity in agriculture in
31 the commonwealth, and shall prepare a report that shall include, but not be limited to,
32 recommendations for: (i) data collection and dissemination; (ii) benchmark development and
33 targeting areas of need; (iii) transparency for grantmaking to promote equitable access to grant
34 programs and equitable distribution of funds; (iv) generating greater equity in the laws,
35 regulations and other policies that regulate and support agriculture in the commonwealth,

36 including, but not limited to, legislative, regulatory and sub-regulatory processes; (v) improving
37 equity in the programs and services offered by the department of agricultural resources
38 including, but not limited to, those programs regarding land access and protection, farmer
39 technical assistance and education, marketing and others; (iv) the ongoing role of the
40 commission or another representative body in supporting the implementation and monitoring of

45 members of the commission under procedures established by the department.

46 (d) The commission shall hold 3 or more public hearings in various regions of the
47 commonwealth, including 1 in a rural area and 1 in an urban area with potential for increased
48 urban agriculture. Not more than 18 months after the effective date of this act, the commission
49 shall file a report on the results of its investigation and study together with its findings and
50 recommendations, including any drafts of legislation necessary to carry out those
51 recommendations, with the clerks of the senate and house of representatives, the senate and
52 house committees on ways and means and the joint committee on environment, natural resources
53 and agriculture. The report shall be posted on the website of the department of agricultural
