In total, the work authorization clinics supported 2,910 individuals, completed 1,951 biometrics with USCIS, vaccinated 1,031 adults and children, and facilitated 734 visits to MassHire stations.

This excludes (1) US citizens, green card holders, and other categories of individuals who have not recently migrated but are eligible to work; and (2) those who entered as migrants, refugees, or asylum seekers who have applied for work authorization but who have not reported confirmation of approved work authorization.		
Total number of individuals in EA who entered as migrants, refugees, or asylum seekers who have filed for work authorizations		In addition to the approved work authorization efforts, the Administration is working with local legal services providers to file additional work authorization applications for migrants staying in emergency shelter.  This number includes those captured above who have confirmed receipt of a work permit, as well as those who have filed and are waiting for their application to be processed.
