**In the One Hundred and Ninety-Third General Court  
(2023-2024)**

An Act providing for diaper changing stations in public buildings and accommodations.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Chapter 143 of the General Laws is hereby amended by inserting after  
2 section 100 the following section:-

3 Section 101. (a) All public buildings shall install and maintain at least one private or  
4 semi-private baby diaper changing station accessible to any caretaker regardless of their sex,  
5 gender, or disability. All places of public accommodation, resort or amusement, as defined in  
6 section 92A of chapter 272, that provide a public bathroom shall install and maintain at least one  
7 private or semi-private baby diaper changing station accessible to any caretaker regardless of  
8 their sex, gender, or disability.

9 (b) Signage indicating the location of any baby diaper changing station shall be posted at  
10 or near the entrance of a building or place of public accommodation and at or near any station. If  
11 there is a central directory identifying, for the benefit of the public, the location of offices,

12 restrooms, and other facilities in the building or public accommodation, that central directory  
13 shall indicate the location of any baby diaper changing stations.

14           c) This section applies to: (1) all public buildings; (2) public accommodations constructed  
15 on or after the effective date of this section; and (3) public accommodations existing on or after  
16 the effective date of this section which undergo substantial renovation or remodeling. This  
17 section shall not apply to public accommodations that are generally restricted in age to those of  
18 13 years or more.

19           (d) The provisions of this section shall be implemented in compliance with local, state,  
20 and federal laws regarding access for persons with disabilities, and with existing fire, health, and  
21 safety standards.
