**HOUSE . . . . . No. 971**

---

By Representatives Hunt of Boston and Garballey of Arlington, a petition (accompanied by bill, House, No. 971) of Daniel J. Hunt, Sean Garballey and others for legislation to establish a climate change superfund and promoting polluter responsibility. Environment and Natural Resources.

---

**The Commonwealth of Massachusetts**

**In the One Hundred and Ninety-Fourth General Court  
(2025-2026)**

An Act establishing a pilot program for nature-based solutions to climate change.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           Section 1. (a) The executive office of energy and environmental affairs shall establish a  
2 pilot program for research activities and demonstration projects for nature-based solutions, as  
3 defined in section 1 of chapter 21N of the General Laws. The program shall: (i) define categories  
4 of nature-based solutions and develop standards for their use; (ii) coordinate, streamline and  
5 expedite the permitting and review process for activities and projects; and (iii) prioritize  
6 activities and projects that advance scientific knowledge, provide conservation benefits, and  
7 minimize impacts to existing wetlands. The secretary of energy and environmental affairs and  
8 commissioners/directors of permitting agencies may modify specific performance standards for  
9 nature-based solutions.

10           (b) The pilot program shall commence upon the effective date of this Act and operate for  
11 5 years. Not later than one year from the effective date of this Act, and annually thereafter, the  
12 secretary shall file a report with the clerks of the senate and house of representatives and the joint

13 committee on environment and natural resources that: (i) details the categories of nature-based  
14 solutions; (ii) analyzes the approval time for all permits required for each approved research  
15 activity or demonstration project; (iii) specifies any specific performance standards modified for  
16 each approved research activity or project; and (iv) provides data about the effectiveness of each  
17 approved research activity or project.
