NAME:	DISTRICT/ADDRESS:	DATE ADDED:
<i>Marjorie C. Decker</i>	<i>25th Middlesex</i>	<i>1/15/2025</i>

**HOUSE . . . . . No.**

[Pin Slip]

**The Commonwealth of Massachusetts**

**In the One Hundred and Ninety-Fourth General Court  
(2025-2026)**

An Act relative to the prescription monitoring program.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Section 24A of chapter 94C of the General Laws, as appearing in the 2022  
2 Official Edition, is hereby amended by inserting after subsection (c) the following subsection:-

3 (c½) The department shall establish, by rule or regulation, a process by which to include  
4 information about the administration of opioid maintenance treatment in the prescription  
5 monitoring program, when the inclusion of such information does not conflict with state or  
6 federal privacy rules. The purpose of this subsection shall be to ensure that licensed professionals  
7 authorized to prescribe controlled substances receive information, through utilization of the  
8 prescription monitoring program, about an individual patient’s participation in opioid  
9 maintenance treatment prior to issuing a new prescription for an opioid substance other than the  
10 substance used for opioid maintenance treatment.

11 SECTION 2. Section 18 of chapter 111E of the General Laws, as appearing in the 2022  
12 Official Edition, is hereby amended by inserting after subsection (a) the following subsection:-

13           (a½) For each facility that is an opioid treatment program, as defined under 42 CFR Part  
14 8, the facility shall present to each individual entering treatment a form that allows the individual  
15 to consent to the release of information, through the prescription monitoring program, about the  
16 administration of opioid maintenance treatment at the facility. Said consent form shall be  
17 accompanied by information clearly explaining that such consent is not required but is  
18 encouraged to improve coordination of services; and by information on how the individual may  
19 complete and return the form to the facility or to the department of public health if they elect to  
20 give such consent. A record of the individual's election relative to this form shall be maintained  
21 by the facility as part of the record of treatment required by this section. The same form and  
22 information shall be presented to the individual upon their discharge from the facility.
