**In the One Hundred and Ninety-Fourth General Court
(2025-2026)**

An Act relative to overtime pay for agricultural laborers in Massachusetts.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 6 of chapter 62 of the General Laws, as most recently amended by
2 section 103 of chapter 268 of the acts of 2022, is hereby further amended by adding the
3 following subsection: --

4 (dd) A person or taxpayer who employs persons engaged in agricultural and farm work,
5 as defined in section 2 of chapter 151, except when the employee is a parent, spouse, child or
6 other member of the employer's immediate family, shall be allowed a refundable credit against
7 the tax liability imposed by this chapter as follows: the amount of the refundable credit shall
8 equal up to 40% of the hourly wages paid for agricultural and farm work that exceeds the
9 employee's regular hourly rate as overtime wages pursuant to section 1A of said chapter 151. For
10 taxpayers who employ persons engaged in agricultural and farm work, as defined in section 2 of
11 chapter 151, the percentage of the refundable credit shall be determined by the number of
12 employees engaged in agricultural and farm work, as defined in section 2 of chapter 151,
13 employed by the taxpayer, and scaled according to size, such that farms with fewer employees

14 engaged in agricultural and farm work will receive a tax credit worth a larger percent of their
15 overtime wages paid than farms with a larger number of employees engaged in agricultural and
16 farm work will receive. The tax credit shall not exceed 40%. If the amount of the credit allowed
17 under this section exceeds the taxpayer's liability, the commissioner of revenue shall treat such
18 excess as an overpayment and shall pay the taxpayer 100 per cent of the amount of such excess,
19 without interest.

20 SECTION 2. Chapter 63 of the General Laws, as appearing in the 2022 Official Edition,
21 is hereby amended by adding the following section: ----

22 Section 82. A person or taxpayer who employs persons engaged in agricultural and farm
23 work, as defined in section 2 of chapter 151, except when the employee is a parent, spouse, child
24 or other member of the employer's immediate family, shall be allowed a refundable credit against
25 the tax liability imposed by this chapter as follows: the amount of the refundable credit shall
26 equal up to 40% of the hourly wages paid for agricultural and farm work that exceeds the
27 employee's regular hourly rate as overtime wages pursuant to section 1A of said chapter 151. For
28 taxpayers who employ persons engaged in agricultural and farm work, as defined in section 2 of
29 chapter 151, the percentage of the refundable credit shall be determined by the number of
30 employees engaged in agricultural and farm work, as defined in section 2 of chapter 151,
31 employed by the taxpayer, and scaled according to size, such that farms with fewer employees
32 engaged in agricultural and farm work will receive a tax credit worth a larger percent of their
33 overtime wages paid than farms with a larger number of employees engaged in agricultural and
34 farm work will receive. The tax credit shall not exceed 40%. If the amount of the credit allowed
35 under this section exceeds the taxpayer's liability, the commissioner of revenue shall treat such

36 excess as an overpayment and shall pay the taxpayer 100 per cent of the amount of such excess,
37 without interest.

44 who for a work week longer than 55 hours are engaged in solely primary or both primary and

49 amended by striking out clause 19.

50 SECTION 5. Section 2 of said chapter 151, as so appearing, is hereby amended by

78 1 and 2, the department of revenue shall issue regulations after input from stakeholders to

79 implement the tax credit including determining size of the credit farm employers shall receive.
80 Specifically, the department shall determine the percentage of overtime premium paid that shall
81 be offset by a tax credit, scaling the percentage according to farm size wherein farms with the
82 fewest number of agricultural employees engaged in “agricultural and farm work” receive the
83 largest tax credit amounting to no more than 40%, and farms with a greater number of
