The Commonwealth of Massachusetts

In the One Hundred and Ninety-Fourth General Court
(2025-2026)

An Act establishing fairness for agricultural laborers in Massachusetts.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 136 of the General Laws, as appearing in the 2022 Official Edition,
2 is hereby amended by adding the following section: -

3 Section 17 (a) Every person employed in agricultural and farm work, as defined in
4 section 2 of chapter 151, who is not the parent, child, spouse, or other member of the employer's
5 immediate family, shall be entitled to accrue paid-time-off at the rate of one (1) hour for every 40
6 hours worked, up to a maximum of 55 hours per benefit year. A benefit year shall be defined as a
7 calendar year.

8 (b) Agricultural employees shall begin accruing paid time off commencing on the date of
9 hire of the employee or the date this law becomes effective, whichever is later, however
10 employees shall not be entitled to use accrued paid time off until the 45th calendar day following
11 commencement of their employment. On or after this 45-day waiting period, employees may use
12 earned paid time off as it accrues. Any seasonal agricultural employee returning to the same
13 employer as the previous harvest season shall be considered a continuing employee for the

subsequent benefit year and shall not be subject to the 45-day waiting period in the new benefit year.

(c) At the beginning of every benefit year, January 1, all paid time off accrued by agricultural employees, including agricultural employees performing work on a seasonal basis, will be reset to zero hours, regardless of whether the accrued paid time off has been exhausted.

(d) All accrued paid time off taken by an agricultural employee shall be compensated at the current rate of pay and paid out during the pay period in which the accrued paid time off is taken.

(e) Upon resignation or discharge, agricultural employees shall be paid the paid time off they accrued during that calendar year, in accordance with the time designated in section 148 of chapter 149.

(f) Agricultural employees shall be allowed to take accrued paid time off for any reason if the employee has provided reasonable notice to the employer and has accrued the requested paid time off.

(g) Nothing in this section shall be construed to replace an employers' obligation to provide earned sick time or paid earned sick time according to chapter 149 section 148C, which must be provided for the reasons, and according to the terms, enumerated in that section. An employer may not require an agricultural worker to use paid time off instead of sick time for those reasons.

(h) Agricultural employees shall not be retaliated against, disciplined, or terminated, in accordance with Chapter 151 section 19 of the General Laws, for using any of their available accrued paid time off.

(i) Nothing in this section shall be construed to discourage or prohibit an employer from allowing the accrual of earned paid time off at a faster rate, allowing the rolling over of paid time off balances to a new benefit year, or the use of earned paid time off at an earlier date, than this section requires.
