1 SECTION 1. Section 1 of chapter 66A of the General Laws, as appearing in the 2020  
2 Official Edition, is hereby amended by inserting after the definition of “Automated personal data  
3 system,” the following definition:-

4 “Commonwealth fusion center”, an entity established in executive order no. 476 within  
5 the criminal information section of the department of state police, established in section 38 of  
6 chapter 22C, and under the direction of the executive office of public safety and security, or any  
7 successor entity.

8 SECTION 2. Said section 1 of said chapter 66A, as so appearing, is hereby further  
9 amended by inserting after the definition of “Criminal intelligence agency,” the following 2  
10 definitions:-

11 “Criminal intelligence information”, data collected on an individual or organization that  
12 is reasonably suspected of involvement in criminal activity for the purpose of their identification  
13 or for acquiring evidence of their criminal activity. Reasonable suspicion is established when

14 information exists that establishes sufficient facts to give a trained law enforcement or criminal  
15 justice agency officer, investigator or employee a basis to believe that there is a reasonable  
16 possibility that an individual or organization is involved in a definable criminal activity or  
17 enterprise.

18 “Criminal intelligence system”, the arrangements, equipment, facilities and procedures  
19 used for the receipt, storage, interagency exchange or dissemination, and analysis of criminal  
20 intelligence information, including the commonwealth fusion center, the Boston Regional  
21 Intelligence Center, any successor entities and any other entities in the commonwealth bound by  
22 the provisions of 28 CFR Part 23.

23 SECTION 3. Said section 1 of said chapter 66A, as so appearing, is hereby further  
24 amended by striking out the definition of “Personal data,” and inserting in place thereof the  
25 following definition:-

26 “Personal data”, any information concerning an individual that, because of a name,  
27 identifying number, mark or description, can be readily associated with a particular individual;  
28 provided however, that personal data shall not include information that would reasonably be  
29 expected to: (i) interfere with an ongoing criminal investigation or other law enforcement  
30 proceeding; (ii) constitute a clearly unwarranted invasion of personal privacy; (iii) disclose the  
31 identity of a confidential source; or (iv) endanger the life or physical safety of any individual.

32 SECTION 4. Said section 1 of said chapter 66A, as so appearing, is hereby further  
33 amended by adding the following definition:-

34 “Protected information”, information about the political, religious or social views,

59 access to the office of the inspector general, who shall submit to the clerks of the house of  
60 representatives and the senate, the house and senate committees on post audit and oversight, and

68 reasonable grounds to suspect the subject of the information is involved in criminal conduct.

69 (b) (1) No protected information obtained in violation of any applicable federal, state or  
70 local law, ordinance or regulation shall be knowingly accessed, received, maintained or  
71 disseminated.

72 (2) All protected information shall be evaluated for the reliability of its source and the  
73 accuracy of its content prior to being included in any investigation file, whether temporary,  
74 interim or permanent in nature.

75 (3) Protected information shall be disseminated only to law enforcement agencies,  
76 contingent upon review and prior written authorization by the head of the originating law  
77 enforcement agency or criminal intelligence system. The originating law enforcement agency  
78 shall maintain a record of any such written authorization, specifying the reasons the  
79 dissemination is necessary, for a minimum of 5 years. The originating entity shall record each  
80 instance of dissemination in a log containing: (i) the method of dissemination; (ii) the name of  
81 the subject; (iii) the name of the entity with whom the information was shared; and (iv) the date  
82 of dissemination.

83 (4) All investigations undertaken on the basis of any protected information shall first be  
84 authorized in writing by the head of the investigating law enforcement agency or criminal

93 protected information, shall be retained. Information retained in an investigation file after a  
94 review shall be accompanied by the following documentation: the name of the reviewer, the date  
95 of review and an explanation of the decision to retain the information.

104 that may include retraining, suspension or termination, in accordance with any memorandums of  
105 understanding with employee bargaining units.

111 reasonable suspicion of a crime as outlined in 28 CFR part 23.20, the department of state police  
112 shall suspend cooperation with the entity that produced the report until such time as all records  
113 held by these agencies pertaining to Massachusetts residents have been reviewed for compliance
