The Honorable Aaron Michlewitz  
Chair, House Committee on Ways and Means  
State House, Room 243  
Boston, MA 02133

Dear Chairs Rodrigues and Michlewitz,

Enclosed is the December Resettlement Agency Report, submitted in compliance with item 4003-0123 of chapter 77 of the acts of 2023. That act, which became law in December of 2023, appropriated \$10 million for resettlement agencies (RAs) that resettle and support refugees and immigrants under contract with the U.S. State Department. The money is authorized to be expended by the RAs to “provide services to refugees and other displaced persons eligible for [RA] services” and “to prevent families from entering the emergency shelter system.”

Eight resettlement agencies have been working under contract with the Office for Refugees and Immigrants (ORI) since March, 2024. RAs and shelter providers are coordinating on rehousing work with migrants in shelters and temporary respite centers.

In their contracts, RAs agreed to exit specific numbers of families by the end of December, 2024, but none met those targets. This slow start reflected the difficulty of ramping up a new set of services during a state emergency, under pressure of time, and in a tight housing market. ORI, with support from Housing and Livable Communities, worked with RAs to address barriers to success, and agreed to extend contracts for RAs that hit at least 10% of their target by the end of November, 2024; all but one met this threshold. ORI is working with that one to wrap up the contract.

## **Resettlement Agency Report**

### **As of December, 2024**

Chapter 77 of the acts of 2023, the final supplemental appropriations act for the state's fiscal year 2023, appropriated \$10 million in item 4003-0123 for resettlement agencies (RAs) that resettle and support refugees and immigrants under contract with the U.S. State Department. The money is authorized to be expended by the RAs to "provide services to refugees and other displaced persons eligible for [RA] services" and "to prevent families from entering the emergency shelter system."

The \$10 million in c. 77 supplemented \$500,000 appropriated in the same item in the fiscal year 2024 budget. This \$10.5 million, which goes to the same entities for the same purposes, is addressed in combination in this report.

Chapter 77 requires that monthly reports to the House and Senate Committees on Ways and Means detail the following information:

- (i) a list of recipients of such funds; (ii) the amounts distributed to each recipient; (iii) the number of immigrants and refugees served by each recipient, delineated by municipality; (iv) a breakdown of the number of immigrants and refugees served by each recipient, delineated by individuals: (a) currently residing in the emergency housing assistance program under section 30 of chapter 23B of the General Laws; (b) who entered said program as migrants, refugees or asylum seekers as a result of the ongoing humanitarian crisis; and (c) who are currently on the waitlist for placement into said program; (v) a breakdown of the number of immigrants and refugees served by each recipient who have been resettled into long term housing other than the emergency shelter system; (vi) a breakdown of the number of immigrants and refugees served by each recipient who are currently awaiting federal work authorization versus the number of said immigrants and refugees who have had their federal work authorization approved; and (vii) a list of all municipalities served by each recipient of such funds

The status of these items is as follows:

**(i) a list of recipients of such funds; (ii) the amounts distributed to each recipient;**

Eight RAs receive funds through this item, covering eight geographic regions of the state. ORI worked with the RAs to assess the number of refugees they serve, and to develop expectations about the numbers of EA shelter families they can each commit to resettling by the end of calendar year 2024.

In their contracts, RAs agreed to exit specific numbers of families by the end of December, but none met those targets. ORI agreed to extend contracts for RAs that hit at least 10% of their

target by the end of November, 2024; all but one met this threshold. ORI is working with that one to wrap up the contract.

Of the \$10.5 million in authorized spending, \$2.5 million was distributed to support each recipients' work with their identified caseload of refugees as of January of 2024, when the contracts were negotiated. These funds are allocated in proportion to the January caseload.

The remaining \$8.0 million is committed based on RA's estimates of the numbers of families they can rehouse by the end of the contract; half was distributed in an initial payment at the commencement of the contract.

See Attachment 1 for more detail, which is current though December and has not changed since the spring.

**(iii) the number of immigrants and refugees served by each recipient, delineated by municipality;**

See Attachment 2 for number of immigrants and refugees served by each recipient, delineated by municipality.

**(iv) a breakdown of the number of immigrants and refugees served by each recipient, delineated by individuals: (a) currently residing in the emergency housing assistance program under section 30 of chapter 23B of the General Laws; (b) who entered said program as migrants, refugees or asylum seekers as a result of the ongoing humanitarian crisis; and (c) who are currently on the waitlist for placement into said program;**

All people served through these contracts are residing in shelters, or were in shelter and subsequently exited, and all of them entered the program as migrants, refugees or asylum seekers as a result of the ongoing humanitarian crisis. Therefore, the only difference between category (a) and (b) is whether they are currently still in shelter (a), versus were in shelter, were placed in permanent housing, and continue to receive stabilization services (b but not a).

No one served by these contracts is in category (c) (waitlisted for shelter). Data below is as of December 31, 2024:

Agency	Individuals Served Currently in EA Shelter (a)	Individuals Arrived as Refugees/Migrants/Asylum Seekers (b)
Ascentria	150	246
Catholic Charities Association Boston (CCAB)	221	272
Catholic Charities Association of Springfield (CCAB)	96	105
International Institute of New England (IINE)	174	251
Jewish Family Services Metro West (JFSMW)	78	113
Jewish Family Services Western Mass (JFSWM)	27	31
Organization for Refugee and Immigrant Success (ORIS)	97	130
Refugee and Immigrant Assistance Center (RIAC)	90	98
<b>Total</b>	<b>837</b>	<b>1141</b>

**(v) a breakdown of the number of immigrants and refugees served by each recipient who have been resettled into long term housing other than the emergency shelter system;**

As of the end of December, a total of 93 immigrants and refugee families have been resettled into long-term housing through the efforts of the RAs funded through this appropriation, while 131 have signed leases and appear poised to move. Please note that this number is not the total for refugees and immigrants resettled out of shelters, but narrowly those resettled through this program.

**(vi) a breakdown of the number of immigrants and refugees served by each recipient who are currently awaiting federal work authorization versus the number of said immigrants and refugees who have had their federal work authorization approved; and**

RAs have approximately 654 “enrolled” adults with whom they are actively working. Within this active caseload, as of December 31, the breakdown is as follows:

EAD Status	Individual Adults Served
EAD Received	206
Filed	222
Not Specified	226
<b>Total</b>	<b>654</b>

**(vii) a list of all municipalities served by each recipient of such funds**

See Attachment 2 for a list of municipalities served by each RA.
