Dear Members of the Massachusetts State Senate,

For the seventh time as the Chair of the Senate Committee on Ways and Means, I have the great honor and distinct privilege to present the Committee's annual recommendations for the General Appropriations Act—the Fiscal Year 2026 (FY 2026) Budget.

Thank you to Senate President Karen Spilka for her enduring partnership and continued confidence in me to lead the Committee as we work together to advance a fiscally responsible and sound budget plan for FY 2026. Faced with rising federal uncertainty, our budget strives to protect core services for our most vulnerable populations and chart a sustainable pathway forward for the Commonwealth.

I would like to also thank our friends in the House Committee on Ways & Means, especially Chair Aaron Michlewitz and his staff as well as our counterparts in the Healey-Driscoll Administration, Secretary Matthew Gorzkowicz and his staff in the Executive Office for Administration and Finance. Because of their ongoing partnership, our diligent efforts to collaborate and remain clear-eyed over these last few years have allowed us to preserve our state's fiscal health and responsibly meet the needs of our residents.

Today, we find ourselves in an "*all-hands on deck*" situation as discussions about major federal funding plans to cut billions in spending have ramped up in Washington and fueled further uncertainty. Clouding the Commonwealth's short- and long-term fiscal outlook, the plans being contemplated at the federal level represent a visibly growing threat that could impact nearly $16 billion in federal financial assistance, primarily related to MassHealth, which is used to support our most vulnerable populations. While Congress has yet to act, significant concerns persist about the future of the second largest revenue source, which we rely upon to balance the state budget, potentially undermining our capacity to navigate uncharted fiscal terrain if reductions to federal Medicaid funding become reality.

Additionally, the ongoing trade war propelled by the federal government is driving the economy towards the precipice of a possible downturn. Simply considering the costs alone brought on by federally imposed trade barriers could have far-reaching ripple effects for the health of our economy, further burdening our residents, sapping business confidence, hurting Main Street, and blunting our ongoing work to advance the state's competitiveness and tackle affordability challenges. Moreover, highlighting the uncertain fiscal climate before us, tax revenue collections – after spiking to record highs during the pandemic – have regressed to a more modest pre-pandemic level of revenue growth, arriving at a time when significant cost pressures have intensified, and the future of available federal financial assistance has grown murkier.

Mindful of our current challenges, the fog of federal uncertainty, and stiff economic headwinds, a steady and stable hand is essential as we adjust to the evolving landscape without undermining the fiscal integrity of the Commonwealth. To that end, I present the Senate Committee on Ways and Means FY 2026 budget recommendations for your respectful consideration. The Committee's FY 2026 budget proposal reflects the advocacy of residents across

the Commonwealth, considers the voices of every single Senator, and underscores the diligent work of the dedicated staff at Senate Ways and Means, whose commitment to public service is exemplary.

Anchored in the principle of fiscal responsibility, the Committee's budget reflects the Senate's deep and steadfast desire to achieve long-term sustainability and protect core services for our most vulnerable populations during this increasingly volatile and uncertain economic time. Built on a sensible consensus revenue tax estimate, the Committee's budget recommends an approach that endeavors to address several areas essential to reinforcing and strengthening the Commonwealth's broader economic foundation, investing significant resources into education, transportation, local aid, health and human services, housing, public safety and other vital areas, while further ensuring that we never forget state government's solemn responsibility to care for, help, and support the residents of this Commonwealth, especially our most vulnerable populations.

Again, thank you to my good friend, Senate President Karen Spilka, for her steadfast leadership and continued confidence in me to lead the Committee. I would also like to thank all the members of the Senate Committee on Ways and Means, especially Vice Chair Senator Jo Ann Comerford of Northampton, Assistant Vice Chair Senator Paul Feeney of Foxboro, and Ranking Minority Member Senator Patrick O'Connor of Weymouth for providing their invaluable input and help in writing the Committee's FY 2026 budget recommendations.

Finally, thank you to all my colleagues for lending your voices and sharing your concerns throughout this process. The time, effort, and dedication that went into crafting and producing this Committee budget reflect your thoughtfulness, sincerity, and passion for addressing our shared priorities, helping our constituents, and supporting policy making that upholds Senate values.

In the days and weeks ahead, I am confident that we – in the Senate – will all work together to pass a balanced and fiscally responsible FY 2026 budget plan that strives to protect core services for our most vulnerable and charts a sustainable pathway forward as we navigate rising uncertainty without undermining the fiscal integrity of the Commonwealth.

For the Committee,

Michael J. Rodrigues

Chair, Senate Committee on Ways and Means

Senate Committee on Ways and Means

Fiscal Year 2026 Budget Recommendations

Executive Summary

As we adapt, plan, and chart a way forward through the fog of uncertainty and stiffening economic headwinds, the Senate Committee on Ways and Means Fiscal Year 2026 (FY 2026) recommendations take a fiscally responsible approach. It strives to collectively manage increasing cost pressures and adjust to slower revenue growth, while we – in the Senate - remain vigilant about the growing threat of potential federal actions that represent a clear and present danger to the underlying health and well-being of our residents and the continued stability of our Commonwealth's broader economy.

Reflecting the advocacy and priorities of each Senator, the Committee's FY 2026 budget proposes to safeguard the state's fiscal health, achieve long-term sustainability, and protect core services for our most vulnerable residents. Prioritizing prudent budget management, the Committee's recommendations invest heavily in education, health and human services, housing, local aid, and transportation, ensuring we never forget our responsibility to care for, help, and support the people of this great Commonwealth during this incredibly turbulent and volatile time.

In accordance with the consensus revenue agreement reached in January, this responsible and prudent spending recommendation is based on a tax revenue estimate of $41.214 billion for FY 2026, representing a 2.25 percent increase over the current Fiscal Year 2025 (FY 2025) benchmark. Ensuring state spending is responsibly aligned with the estimated level of tax revenue growth while meeting our fiduciary commitments, the Committee's budget recommends a total of $61.33 billion in spending, a $3.61 billion increase over the FY 2025 General Appropriations Act (GAA) and $627 million below the Governor's FY 2026 budget proposal in House 1.

The Committee's budget also includes $1.95 billion in estimated revenues generated from the Fair Share surtax to support education and transportation initiatives, an increase of $650 million in additional surtax funds available to invest over FY 2025. In addition, the Committee's budget plan does not raise taxes on our residents, nor does it draw from the "Rainy-Day fund," preserving readily available reserves for potential use in the event of a future economic downturn.

With these budget recommendations, our economic and fiscal foundation will remain firmly anchored as we navigate the increasing uncertainty without undermining the fiscal integrity of the Commonwealth.

Maximizing Fair Share Investments to Improve Education and Transportation

In accordance with the consensus revenue agreement reached in January, the FY 2026 budget includes $1.95 billion in estimated revenues generated from the Fair Share surtax. This represents the third year in which the Committee's budget dedicates these revenues to fund a host of initiatives that will further reinforce two vital cornerstones of our state's economic foundation by boosting support for quality *public education* investments and bolstering the state's *transportation infrastructure*. These investments combine with $1.28 billion in critical education and transportation projects recently funded in the Senate's Fair Share supplemental budget, supported by surtax collections that have exceeded expectations in recent years.

As we brace for future federal actions, there remains significant concern for additional economic uncertainty and ongoing market volatility, which could disproportionally impact high income earners who are subject to the Fair Share surtax. In line with our steadfast commitment to uphold fiscal responsibility, the Committee budget recommends depositing $165 million of the $1.95 billion currently projected to be collected in Fair Share surtax revenues into the Education and Transportation Reserve fund. With this prudent step, we are setting aside available resources as a downpayment to maintain our commitments to key public education programming and transportation infrastructure in the event there are significant changes to the economy because of future federal disruptions.

Notable Fair Share ***Education*** investments include:

Together with the supplemental budget recently released, the Committee is dedicating $820 million in operating resources to fully fund MBTA's operations for FY 2026.

Education

The Senate Ways and Means Committee budget makes strong commitments to supporting each education sector and students of all ages by maintaining investments in high quality education to help reinforce a foundational cornerstone of our economy. The Committee's budget fully funds the fifth year of the Student Opportunity Act, provides a historic funding commitment to the Department of Early Education and Care, following the passage of the EARLY ED Act, and stands by our public and private institutions of higher education amid this incredibly volatile time.

Early Education and Care

Building off the successful passage of last year's EARLY ED Act, the Senate Ways and Means Committee budget supports a significant investment of $1.7 billion to maintain accessibility and

affordability of our high-quality early education and care sector. With this level of funding, we are continuing to show strong support for our early education workforce, protect early education programming, and maintain access to affordable care across every region of the Commonwealth during this time of rising economic anxiety for many families.

- $517.6 million for Income-Eligible Child Care and $448.2 million for DCF and DTA Related Child Care, providing critical services for families eligible for subsidized care, in addition to $98 million on Fair Share to maintain rate increases that are crucial to supporting the early education workforce.
- $475 million for the Commonwealth Cares for Children (C3) operational grant program for the third year in a row, supporting critical operational and workforce needs across the early education sector.

Elementary and Secondary Education

Supporting school districts across Massachusetts, whether it be urban, suburban, regional, vocational–technical, or rural, has been a long-standing hallmark of the Senate, and the Committee's budget features our strong support for our schools and our students, dedicating significant funds to support our public K-12 education system and respond to the urgent fiscal challenges confronting our communities.

Chapter 70/The Student Opportunity Act. Consistent with our unyielding commitment to fully implement the Student Opportunity Act by FY 2027, we fund Chapter 70 at its highest level ever at $7.3 billion, representing an increase of $460 million over FY 2025. Aware of the significant financial challenges and constraints facing all school districts, the Committee's budget also increases minimum aid for school districts to a historic level of $150 per pupil, devoting an additional $39.6 million in resources for FY 2026 to extend a much-needed helping hand to school districts confronting the increasing costs and feeling the weight of immense fiscal pressures that come with the responsibility of delivering high-quality public education to all students across the Commonwealth.

School District Reimbursements. The Committee's budget provides additional resources to support school districts with extraordinary costs of special education, charter school tuition, regional school transportation, and educating students in our rural communities. Consequently, the Committee's budget allocates $492 million for the Special Education Circuit Breaker in addition to the $190 million included in the Fair Share supplemental budget recently released by the Committee. Together, with the Fair Share supplemental funding, the Committee is recommending $740 million to reimburse school districts for the high cost of educating students with disabilities. It also includes $183 million to reimburse school districts for costs incurred when students leave to attend charter schools, $103.7 million for regional school transportation from both General Fund and Fair Share resources, along with study language to address how to contain rising school transportation costs, and it includes $16 million in funding for rural school aid.

- $1 million for Hate Crimes Prevention Grants to support K-12 schools with the education and prevention of hate crimes and incidences of bias in public schools.

Higher Education

As a long-standing cornerstone of the Commonwealth's economic foundation, our public higher education institutions are under constant duress brought forth by the actions of the current federal government. Recognizing the current upheaval, along with stiffening cost pressures, the Committee's budget dedicates resources to maintain support and protect access to our public higher education system, consisting of 15 community colleges, 12 state universities, and the 5 campuses of the University of Massachusetts, our flagship state university system, all of which are incredibly vital to meeting the education and employment needs of our citizens, and critical to the core of our state's resilient economic ecosystem.

- $844.7 million for the University of Massachusetts, our world-class public research university system.
- $405.7 million for the fifteen community colleges, including $2 million for mental and behavioral health supports.

- $399.8 million for the nine state universities, including $2 million for mental and behavioral health support.
- $175.2 million for the Massachusetts State Scholarship Reserve.
- $120 million for full funding of the Commonwealth's universal community college program — free of tuition and fees.
- $30 million for the higher education wraparound services, including $16 million in General Fund resources, to support wraparound services for students attending community colleges campuses because of Free Community College and $14 million in Fair Share resources to support wraparound services for students attending state universities.
- $5 million for the Massachusetts Inclusive Postsecondary Education Initiative (MAIPSE) to support high school students with intellectual disabilities ages 18–22 with increased access to higher education opportunities, including $3 million for MAIPSE planning grants and $2 million for the Inclusive Concurrent Enrollment Initiative Trust Fund to fulfill the 2022 public higher education access law throughout our public higher education system.

Free Community College. For the second year, the Committee's budget dedicates necessary resources to fully fund the Commonwealth's universal community college program — free of tuition and fees. Maintaining last year's success in fulfilling the Senate President's vision, the Committee's budget invests $120 million to continue support for this vital educational access and workforce development initiative in a regionally equitable manner across the Commonwealth and includes funding to support efforts to address workforce shortages and training access to those looking for opportunities as paramedics and EMTs.

Local and Regional Aid

Highlighting the Senate's enduring and unyielding commitment to a strong and productive state-local partnership, the Committee's budget once again provides significant resources to support all our cities and towns, further ensuring that we protect the needs of every region, city, and town, and leave no corner of our Commonwealth behind during this incredibly volatile time.

Unrestricted General Government Aid (UGGA). To sustain this productive partnership, the Committee's budget provides certainty for cities and towns, funding UGGA at $1.337 billion, an increase of $28.7 million over FY 2025. With this level of funding, cities and towns will receive funds to maintain public services as they collectively manage municipal budgets and confront increased fiscal constraints at a time when they're experiencing limited growth in municipal revenues.

Special Commission on UGGA. The Committee's budget establishes a special commission to study the distribution method used to allocate UGGA to municipalities, evaluate the effectiveness and equity of the method and make recommendations to maximize the equity of the distribution for our communities.

Regional Transit Authorities (RTAs). As an essential public service, our RTAs connect cities, towns, and regions, providing a crucial connection for commuters, students, seniors, and people with disabilities. Doubling down on our commitment to regional equity, the Committee's budget provides $214 million to support our regional public transit system, including $120 million from Fair Share funds, to maintain and continue expansions to regional bus service, sustain systemwide fare free transit service, and support RTA commuter operations.

Codifying RTA Fare Free. The Committee's budget includes provisions codifying fare free RTA service, requiring all RTAs to eliminate passenger fares for fixed route and ADA required paratransit service.

PILOT. Supplementing conventional sources of local aid, the Committee's budget increases resources for payments in lieu of taxes (PILOT) for state-owned land to impacted municipalities, providing $54.5 million in additional revenue to help ease the budgets of cities and towns, ensuring they can fund essential local services.

Arts, Culture and Libraries. Across Massachusetts, our arts, culture, and libraries are institutions that remain core to the fabric of our communities during this incredibly turbulent and uncertain economic time. Ensuring that arts and culture programs are sustained locally, while maintaining access to a range of information, services, and programs that local libraries provide, the Committee's budget includes $52.4 million for libraries, including $19 million for regional library local aid, $20 million for municipal libraries and $6.2 million for technology and automated resource networks, and $26 million for the Massachusetts Cultural Council to support local creative initiatives.

Health & Human Services

Protecting access to high-quality health care and human services, the Committee's budget makes a range of investments to further maintain our state's safety net, protect core services, and ensure care, help, and support for our most vulnerable citizens is not disrupted during this incredibly uncertain and volatile time. Additionally, to address the Commonwealth's ongoing health and human services workforce challenges, the Committee budget invests in direct-care providers across the continuum of care by increasing Chapter 257 service rates with $207 million in FY 2026. Subsequently, recognizing the growing costs of the state's Personal Care Attendant (PCA) program, the Committee's budget extends the PCA task force created in FY 2025 to report on long-term sustainability including recommending cost-growth targets and requiring the Executive Office of Health Human Services to create a plan and timeline to implement the recommendations.

These important investments and reforms underscore the Committee's strong commitment to ensuring accessible, sustainable, and quality health and human services for Massachusetts residents despite the current federal uncertainty.

MassHealth

The Committee's budget funds MassHealth, the state's Medicaid and Children's Health Insurance Program (CHIP), at a total of $22.41 billion ($8.48 billion net), a gross increase of $2.34 million (11.7%) over the FY 2025 funding level. Amid uncertainty in Washington, the Committee's budget maintains access to comprehensive health care coverage for over 2 million of our Commonwealth's residents. MassHealth covers more than 1 in 4 residents, nearly half of all children and 7 out of every 10 nursing facility residents.

- $1.73 billion to support the Personal Care Attendant program and the historic collective bargaining agreement which raised the wage scale to $25 an hour.
- $582.1 million for nursing facility base Medicaid rates, including the continuation of an additional $112 million in expanded base rates to maintain competitive wages in the Commonwealth's nursing facility workforce.
- $102 million for nursing facility enhanced Medicaid rates to begin the implementation of last session's Long-Term Care Act, Chapter 197 of the Acts of 2024.
- $13.8 million to expand the state's primary care investment strategy through enhanced primary care sub-capitation rates.
- $5.3 million to enhance access to outpatient behavioral health and addiction services.

Mental Health

Throughout the course of Senate President Spilka's tenure, the Senate has been a leader on expanding and protecting access to behavioral and mental health care. As we sustain our efforts to maintain the landmark success of the 2022 Mental Health ABC Act, the Committee's budget safeguards the delivery of mental health care and services in an accessible and equitable manner, protecting over $1.3 billion in a wide range of investments in mental health services and prevention programs vital to the overall health and well-being of adults and children in need.

- $20 million for the Behavioral Health, Access, Outreach and Support Trust Fund to support a variety of behavioral health initiatives.
- $5 million for workforce support for Community Health Centers, including loan forgiveness.

Public Health

Undoubtedly, the Senate's commitment to supporting our state's public health infrastructure and maintaining the quality of life for our residents continues to remain vital during this volatile time. To that end, the Committee's budget makes significant investments to further protect public health programs and services that support wellness, combat illness and promote healthier communities across the Commonwealth, regardless of race, income or zip code.

People with Disabilities

Protecting equal access to opportunities and dignity for people with disabilities is more critically important now than ever before as we face a federal government hellbent on dismantling the disability community. As such, the Committee's budget invests over $3.2 billion into a diverse array of services and programs for people with intellectual, physical, and developmental disabilities, ensuring Massachusetts remains a more equitable, accessible, and inclusive place for people with disabilities in the face of ongoing uncertainty and mounting federal threats.

Protecting Children and Working Families

As such, this budget sustains our past progresses and protects investments in child assistance, food security, and economic security initiatives.

The Committee's budget annualizes a 10 percent increase from FY 2025 for Transitional Aid to Families with Dependent Children (TAFDC) and Emergency Aid to the Elderly, Disabled and Children (EAEDC), which maintains crucial benefits for individuals and working families experiencing deep poverty. This annualization signals that the Senate will continue to uphold its commitment to support working families, amidst the ongoing uncertainty.

School Clothing Allowance. The Committee's budget once again recognizes the challenges associated with raising a child in a high-cost state, especially for low-income families. Veterans' Services

In the face of challenging fiscal circumstances, the Senate continues to faithfully uphold its commitment to support the brave men and women who have served our nation honorably to protect our liberty and our way of life. Last year, the Legislature passed the historic HERO Act, which included comprehensive reforms that increased benefits and modernized services for veterans residing in Massachusetts. The Committee's budget recommendations for the Executive Office of Veterans' Services continue the Senate's faithful support for our veteran population.

This includes funding support for the core services under the Executive Office, including veteran outreach centers, shelters for homeless veterans, and veterans' benefits, as well continued support for the Chelsea and Holyoke Soldiers' Homes. These funds ensure that the Commonwealth will continue to lead the way in meeting the everyday needs of the men and women who have served our nation selflessly with honor.

Last year, the Senate was proud to make a historic investment in housing production by enacting the Affordable Homes Act, which provides over $5 billion in capital authorization to bolster affordable housing development and access across Massachusetts.

As such, the Committee's budget further compliments last year's successful efforts and invests over $1.16 billion, dedicating resources for housing stability, residential assistance, emergency shelter services, and homelessness assistance programs, deploying a humane, responsible, and sustainable approach to supporting families and individuals in need with affordable, safe, and secure housing options.

Residential Broker Fees. The Committee's budget includes a provision that the Senate has consistently led on requiring that a broker's fee charged in connection with a residential rental property be paid by the contracting agent, ensuring that buyers are not burdened with unexpected and extraordinary costs.

Supporting Economic and Workforce Development

The Senate recognizes that the economic and workforce development needs of every community, every region, and every employer are intrinsically connected to supporting the Commonwealth's long-term economic health and success. On the heels of last year's successful passage of the Mass Leads Act, which infused nearly $4 billion into the Commonwealth's economy while making a host of wide-ranging policy changes to make Massachusetts more competitive, the Committee's budget maintains investments in programs that support workforce opportunities for residents, advance the competitiveness of our employers, and ensure economic and workforce development remain a core element as we shape a forward-looking future for our Commonwealth.

For fiscal year 2026 the total amounts to be distributed and paid to each city, town and regional school district from item 7061-0008 of section 2 and item 1596-2450 of section 2F, shall be as set forth in the following lists. If there is conflict between the language of this section and the distribution listed below, the distribution below shall control. The specified amounts distributed from said item 7061-0008 of said section 2 and said item 1596-2450 of said section 2F shall be deemed in full satisfaction of the amounts due under chapter 70 of the General Laws.

For fiscal year 2026, a district's school aid shall be calculated according to the provisions of said chapter 70, as most recently amended by Chapter 132 of the Acts of 2019, also known as the Student Opportunity Act. The foundation budget category of "low-income enrollment" for the purpose of calculating foundation enrollment shall be determined by financial eligibility for certain federal programs, as defined by the provisions of section 2 of said chapter 70, and including a number of students identified and approved as low income through the supplemental claiming system established and posted by the department for that purpose, as well as students identified and approved as homeless for purposes of calculating the McKinney-Vento homelessness grant program administered by the department, consistent with the conditions provided for in said section 2. Provided further, that the assumed special education enrollment percentage for vocational school students shall be set at 4.97 per cent and the assumed special education enrollment percentage for non-vocational school students shall be set at 3.97 per cent.

Foundation increments shall be the additional resources provided for the education of students designated as English learners or low-income; provided, however, that for low-income students the amount of the foundation increment shall be determined by the low-income group into which each district is assigned. Foundation budget rates for employee benefits and fixed charges, guidance and psychological services, special education out-of-district tuition, English learners and low-income students shall be increased by five-sixths of the gap between the rates used in fiscal year 2021 and the rates established in tables 1 and 2 of section 3 of said chapter 70, consistent with adjustments prescribed in said section 3 and set at the rates identified in the table below. Required local contributions shall be calculated pursuant to said chapter 70; provided, that municipal revenue growth factors shall be calculated in a manner consistent with calculations made in fiscal year 2025; provided further, that the total statewide target local contribution shall be 59 percent and the effort reduction percentage shall be 100 percent; and provided further that the minimum aid per pupil dollar amount shall be $150.

Chapter 70 aid for fiscal year 2026 shall be the greater of: (i) foundation aid, or (ii) the sum of base aid and minimum aid. No non-operating district shall receive chapter 70 aid in an amount greater than the district's foundation budget.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994 and for any district that has not accepted the provisions of section 260 of chapter 165 of the acts of 2014; provided, however, that any district for whom such costs are not so considered shall have included as part of net school spending an amount equal to the increase in the foundation budget for the district associated with health care costs of retired teachers.

No payments to cities, towns or counties maintaining an agricultural school under this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted under section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district or independent agricultural school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of administration and finance, under guidelines established by the secretary.
