An Act relative to neighborhood stabilization and economic development.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Paragraph (5) of subsection (q) of section 6 of chapter 62 of the General
2 Laws, as appearing in the 2020 Official Edition, is hereby amended by striking out, in lines 898
3 and 904, the figures “\$10,000,000” and inserting in place thereof the figures “\$30,000,000”.

4 SECTION 2. Subsection (5) of section 38BB of chapter 63 of the General Laws, as so
5 appearing, is hereby amended by striking out, in lines 44 and 50, the figures “\$10,000,000” and
6 inserting in place thereof the figures “\$30,000,000”.

7 SECTION 3. Section 3 of chapter 70B of the General Laws, as so appearing, is hereby
8 amended by inserting after the colon, in line 21, the following words:—“neighborhood
9 stabilization,”.

10 SECTION 4. Section 1 of chapter 121A of the General Laws, as so appearing, is hereby
11 amended by replacing the definitions of “decadent area”, “sub-standard area”, and “project” with
12 the below definitions of those terms, and inserting the following additional definitions after the
13 definition of “project”-

14 “Decadent area”, an area, including a spot rehabilitation property, which is detrimental to
15 safety, health, morals, welfare or sound growth of a community because of the existence of a
16 building or buildings which are out of repair, physically deteriorated, unfit for human habitation,
17 or obsolete, or in need of major maintenance or repair, or because much of the real estate in
18 recent years has been sold or taken for non-payment of taxes or upon foreclosure of mortgages,
19 or because a building or buildings have been torn down and not replaced and in which under
20 existing conditions it is improbable that the building or buildings will be replaced, or because of
21 a substantial change in business or economic conditions, or because of inadequate light, air, or
22 open space, or because of excessive land coverage, or because diversity of ownership, irregular
23 lot sizes or obsolete street patterns make it improbable that the area will be redeveloped by the
24 ordinary operations of private enterprise, or by reason of any combination of the foregoing
25 conditions.

26 “Sub-standard area”, an area, including a spot rehabilitation property, upon which there is
27 a dwelling or wherein dwellings predominate which, by reason of dilapidation, overcrowding,
28 faulty arrangement or design, lack of ventilation, light, or sanitation facilities, or any
29 combination of these factors, are detrimental to safety, health, morals, welfare or sound growth
30 of a community.

31 “Project”, any undertaking consisting of the construction in one or more specified
32 blighted open, decadent or sub-standard areas of decent, safe and sanitary residential,
33 commercial, industrial, institutional, recreational or governmental buildings and such
34 appurtenant or incidental facilities as shall be in the public interest, and the operation and
35 maintenance of such buildings and facilities after construction. A “project” may include as
36 incidental thereto any one or more of the following:— (a) acquisition and assembly of the land
37 (and buildings and structures and other improvements thereon, if any) within a blighted open,
38 decadent or sub-standard area or areas; (b) clearance of the land within a blighted open, decadent
39 or sub-standard area or areas; (c) acquisition, assembly and clearance of land, buildings or
40 structures not in themselves blighted, decadent, or sub-standard if their inclusion is necessary for

42 sub-standard area or areas; and (d) installation, construction, and reconstruction of public and
43 private ways, public utilities and services, and site improvements essential to the preparation of

47 chapter 40H; a bona-fide non-profit organization, established under chapter 180 that has, in the
48 determination of the housing board, satisfactory and sufficient experience in the construction or
49 rehabilitation of residential or non-residential buildings, the creation or provision of affordable

51 neighborhoods, or a similar purpose; a redevelopment authority established under chapter 121B;
52 or a partnership of two or more of any of the foregoing; that is approved under this chapter to
53 rehabilitate a spot rehabilitation property.

54 “Spot Rehabilitation Property”, a residential single-family home, a residential building
55 with not more than four separate units, a commercial property under 10,000 square feet with a

62 distressed, upon consideration of the following: the building or buildings are out of repair,
63 physically deteriorated, unfit for human habitation, or obsolete, or in need of major maintenance
64 or repair, or because the building has been sold or taken for non-payment of taxes or upon
65 foreclosure of mortgages.

66 “Spot Rehabilitation Project”, any project, the subject of which consists exclusively of
67 spot rehabilitation properties.

68 SECTION 5. Chapter 121A of the General Laws, as so appearing, is hereby further
69 amended by deleting section 7A and inserting in its place the following:-
