1 SECTION 1. Chapter 29 of the General Laws is hereby amended by inserting the
2 following new section:-

3 Section 2GGGGGG. (a) There shall be a Medicaid Stabilization Trust Fund which shall
4 be a separate, nonbudgeted revenue fund to be administered by the secretary of health and human
5 services. There shall be credited to the fund: (i) any transfers by the executive office of health
6 and human services in accordance with section 85 of chapter 118E; (ii) an amount equal to any
7 federal financial participation revenues claimed and received by the commonwealth for eligible
8 expenditures made from the fund; (iii) any revenue from appropriations or other money
9 authorized by the general court and specifically designated to be credited to the fund; and (iv)
10 interest earned on any money in the fund. Amounts credited to the fund shall be expended,

11 without further appropriation, to prevent reductions in access to care for MassHealth
12 beneficiaries and reductions in reimbursement of healthcare services reimbursed by the program.

13 (b) Money in the fund shall be expended for Medicaid payments under an approved state
14 plan or federal waiver; provided, however, that all Medicaid payments from the fund shall be: (i)
15 subject to the availability of federal financial participation; (ii) made only under federally-
16 approved payment methods; and (iii) consistent with federal funding requirements and all
17 applicable federal payment limits as determined by the secretary of health and human services.
18 To accommodate timing discrepancies between the receipt of revenue and related expenditures,
19 the comptroller may certify for payment amounts not to exceed the most recent revenue
20 estimates as certified by the secretary of health and human services to be transferred, credited or
21 deposited under this section. The secretary of health and human services shall, to the maximum
22 extent possible, administer the fund to obtain federal financial participation for the expenditures
23 of non-federal money from the fund. Money remaining in the fund at the end of a fiscal year
24 shall not revert to the General Fund and shall be available for expenditure in subsequent fiscal
25 years.

35 cent of risk-based capital in calendar year 2023 in accordance with criteria developed by the
36 division of insurance, in consultation with the executive office. The executive office shall specify
37 by regulation the method of calculating the assessment, procedures for payment of the
38 assessment and requirements for submission of data by health insurers.

39 (b) The executive office shall establish by regulation the mechanism for enforcing the
40 assessment liability under this section in the event that a carrier does not make a scheduled
41 payment; provided, however, that the division may, for the purpose of administrative simplicity,
42 establish threshold liability amounts below which enforcement may be modified or waived; and
43 provided further, that this enforcement mechanism may include assessment of interest on the
44 unpaid liability at a rate not to exceed an annual percentage rate of 18 per cent and late fees or
