SECTION 2. Section 24N of Chapter 111 of the General Laws, as so appearing, is hereby amended by striking out paragraph (d) in its entirety and inserting in place thereof the following paragraph:-

(d) Under regulations adopted by the commissioner of public health, each surcharge payor in the commonwealth shall pay to the commissioner of public health, for deposit in the Vaccine Purchase Trust Fund, a routine childhood immunizations surcharge assessed by the commissioner. The amount shall take into consideration the limitations on expenditures described in subsection (b) any anticipated surplus or deficit in the trust fund, and shall exclude any costs anticipated to be covered by federal contribution. Any increase in the surcharge amount for the prior fiscal year shall not be more than the percentage set as the health care cost growth benchmark, established under section 9 of chapter 6D, unless the commissioner of public health

submits a detailed report to the clerks of the house of representatives and senate who shall forward the report to the house and senate committees on ways and means, the house and senate chairs of the joint committee on public health and the house and senate chairs of the joint committee on health care financing explaining the need for the increase.
