Re: Facility Inspection – Worcester County House of Corrections and Jail, West Boylston

Dear Superintendent Rives:

The Massachusetts Department of Public Health (Department) Division of Environmental Health Regulations and Standards (EHRS) conducted an inspection of the Worcester County Jail and House of Correction on November 18, 2024, accompanied by Noe Bard, Environmental Health and Safety Officer, in accordance with Department regulations 105 CMR 451.000: Minimum Health and Sanitation Standards and Inspection Procedures for Correctional Facilities.

The inspection identified 309 total deficiencies; 145 new deficiencies under the Required Standards (.100 and .200 series), 18 repeat deficiencies under the Required Standards, 98 new deficiencies under the Recommended Standards (.300 series), and 48 repeat deficiencies under the Recommended Standards.

Overview

Section 1 provides details of all deficiencies, including repeat deficiencies, found during the inspection. These are categorized by Required Standards, Recommended Standards, or additional applicable regulatory standards.

Section 2 provides information on areas that EHRS found to be compliant.

Section 3 documents the areas that EHRS did not inspect.

Section 4 provides information on submitting a Plan of Correction for the identified deficiencies.

Section 5 outlines observations and recommendations related to the inspection.

SECTION 4: Plan of Correction

This facility does not comply with the Department's Regulations cited above. In accordance with 105 CMR 451.404, please submit a plan of correction within 10 working days of receipt of this notice. The Plan of Correction must include:

1. Specific corrective steps to be taken
2. A timetable for the corrective actions for larger projects
3. The date by which correction will be achieved
4. Any interim measures being implemented to ensure the health and safety of incarcerated individuals and facility staff
5. The plan should be signed by the Superintendent or Administrator and submitted to my attention, at the address listed above.

SECTION 5: Observations and Recommendations

1. The inmate population was 687 at the time of the inspection.

To review the specific regulatory requirements please visit our website at www.mass.gov/dph/dcs and click on "Correctional Facilities" [105 CMR 451.000](#) is available in both PDF and RTF formats. For more specific information about the food standards, you can download the merged food code, which can be found [here](#).

An inspection may also include observations of other conditions which could constitute a threat to the health or safety of inmates or employees, including but not limited to the standards set forth by the Department as follows, and report on such pursuant to 451.402(B). You can use these links below to review these standards:

Re: Plan of Correction – Worcester County House of Corrections and Jail, West Boylston

Dear Superintendent Rives:

The Massachusetts Department of Public Health, Division of Environmental Health Regulations and Standards (EHRS) has received your Plan of Correction in response to my inspection on November 18, 2024. After review, the EHRS finds the plan addresses all the deficiencies noted in the report with the following exceptions:

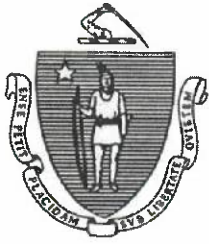

- In areas your facility was cited for the inability of cell windows to open and close, your Plan of Correction (POC) states “Renovation Plan awaiting DCAMM Funding”. While the EHRS understands you do not have control over DCAMM’s allotment of funds, we remain concerned with these areas and would ask to be kept apprised of the DCAMM funding progress. In addition, the EHRS asks that you provide a plan describing the interim measures you have implemented to ensure the health and safety of inmates and staff in said areas.
- In regards to the issue of cell size, the EHRS appreciates the limitations of correctional facilities and the need to accommodate the ever-increasing population; however we remain concerned with the inadequate cell size.

Thank you for your prompt attention to this matter, should you have any questions please contact me at the address listed above.

Sincerely,

Cory J. Holmes

Re: Plan of Correction – Worcester County House of Corrections and Jail

Dear Mr. Holmes:

Pursuant to the Department of Public Health (DPH) Regulations 105 CMR 451.000 – Minimum Health and Sanitations Standards and Inspection Procedures for Correctional Facilities, attached please find a corrected response to the inspection conducted on November 18, 2024. In reply to the observations and recommendations, we note the following.

- The WCSO is awaiting funding from DCAMM for the process of replacing all windows for the H, I, J, K, and L Buildings. The project cost is estimated at \$17M and cannot be supported from the WCSO operating budget. Therefore, we require assistance from DCAMM. Parts for repair are unavailable. However, the modular housing unit windows will be allowed open to provide airflow into the facility after the outdoor temperatures are warm enough, typically by the end of April. The WCSO will continue to monitor temperatures and ensure that temperatures and airflow remain within the required range.

As always, we will continue to keep DPH apprised of any updates.

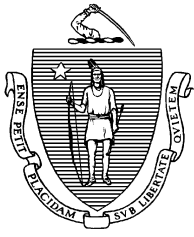

If you require additional information, please feel free to contact me.

Sincerely,

Jason Rivera
Superintendent
