KATHLEEN E. WALSH
SECRETARY

ROBERT GOLDSTEIN, MD, PhD
COMMISSIONER

2024 Municipal Naloxone Bulk Purchase Trust Fund Annual Report

October 2024

Legislative Mandate

The following annual report is hereby issued pursuant to Section 2RRRR of Chapter 29 of the Massachusetts General Laws:

Section 2RRRR. (a) There shall be a Municipal Naloxone Bulk Purchase Trust Fund to be administered and expended by the commissioner of public health or a designee for the municipal naloxone bulk purchase program. Municipalities may join the program to purchase naloxone for municipal first responder agencies. The State Office of Pharmacy Services shall assist with the purchasing and distribution of naloxone on behalf of the program. The department of public health shall provide technical assistance to participating municipalities to ensure that municipalities complete all training and registration requirements.

(b) The fund shall consist of: (i) payments made by participating municipalities for the purchase of naloxone; (ii) revenue from appropriations or other monies authorized by the general court and specifically designated to be credited to the fund; and (iii) funds from public or private sources, including, but not limited to, gifts, grants, donations, rebates and settlements received by the commonwealth that are specifically designated to be credited to the fund. Funds received under clauses (ii) or (iii) shall be apportioned in a manner determined by the department and shall be applied to provide price reductions for municipalities purchasing naloxone through the program. Amounts credited to the fund shall not be subject to further appropriation and monies remaining in the fund at the end of a fiscal year shall not revert to the General Fund. The commissioner shall report annually not later than October 1 to the house and senate committees on ways and means on the fund's activity. The report shall include, but not be limited to, revenue received by the fund, revenue and expenditure projections for the forthcoming fiscal year and details of all expenditures from the fund, the municipalities participating in the program, the amount of naloxone purchased by each municipality and the discount procured through bulk purchasing.

Background

In 2015, the Legislature established the Municipal Naloxone Bulk Purchasing program, which allows municipalities to purchase naloxone for municipal first responder agencies at a discounted rate. Naloxone, a medication used to reverse the effects of opioids, including heroin, is used across the Commonwealth by first responders. Municipalities have seen a significant increase in cost and demand since the beginning of the opioid epidemic.

The State Office for Pharmacy Services (SOPS) is the Department of Public Health (DPH) office responsible for managing the bulk purchase program. SOPS receives requests directly from municipalities, purchases the naloxone on their behalf, ships and invoices directly. SOPS manages the funds received from the cities and towns, reorders and maintains inventory to achieve the best price possible.

Through the FY16 budget, a Trust Fund was established to accept: (i) payments made by participating municipalities for the purchase of Naloxone; (ii) revenue from appropriations or other monies authorized by the general court and specifically designated to be credited to the fund; and (iii) funds from public or private sources, including, but not limited to, gifts, grants, donations, rebates and settlements received by the Commonwealth that are specifically designated to be credited to the fund.

In FY19, new legislative language provided for the Bureau of Substance Addiction Services (BSAS) contracted agencies to purchase naloxone at the public interest price and county sheriff's departments to purchase naloxone at the discounted first responder cost.

At the end of FY21 and throughout FY22, SOPS assisted BSAS in providing naloxone to Opioid Treatment Programs (OTP) throughout the state. Additionally, in April FY22, BSAS provided SOPS further funding to fully cover the cost of naloxone for all end users of the bulk purchasing program – first responders, schools, health departments, sheriff's offices and other agencies.

For FY23, SOPS continued to support BSAS locations that joined the Community Naloxone Program (CNP) and Harm Reduction sites in managing requests, shipping and ordering Naloxone products. In FY23, BSAS was able to fully fund Naloxone requests for SOPS end users – first responders, schools, health departments, sheriff's offices. As a result, expenses and revenues for the Trust Fund were significantly reduced.

Due to generic competition, SOPS was able to leverage the cost of naloxone between manufacturers. In July of 2021, the cost of a box (2 sprays) was \$70.76. SOPS was able to reduce the cost to \$66.89 by the end of January 2022 and then further reduced it to \$63.67 by the end of March 2022. SOPS continued to work with Emergent Biosciences to obtain better

pricing for Narcan and in July 2022, the cost went down to \$44.81 resulting in cost avoidance of \$3,267,221.76 on 147,972 boxes purchased.

In FY24, SOPS continued to support the BSAS Naloxone distribution programs – Community Naloxone Program (CNP) and Harm Reduction sites, as well as providing product for first responders, schools, sheriff's offices and other state agencies. Most city and town health departments joined CNP. All of the product distributed was fully subsidized with the exception of a small number of sites choosing to purchase with grant funds, public entities that are not first responders but are able to acquire at public interest cost or CNP sites also choosing to obtain at public interest cost.

SOPS was able to achieve two more Narcan price reductions during FY24. Beginning in September 2023, the price changed for a box of two sprays from \$44.81 (22.41 per dose) to \$38.69 (19.35 per dose). Then on May 15, 2024, SOPS was able to have the cost decreased further to \$31.12 (15.56 per dose). The first decrease resulted in cost avoidance of \$905,969.28 for 147,552 boxes (295,104 doses) purchased and the second decrease resulted in cost avoidance of \$193,852.56 for 25,608 boxes (51,126 doses) purchased during the last 45 days of FY24.

Revenue Received by the Fund

During FY24, total payments received from 30 orders was \$219,053.65. There were 332 orders shipped representing 147 municipal police and fire departments, 1 board of health, 30 schools or school districts, 8 colleges, 2 county sheriff’s department, Department of Mental Health (DMH) group homes, MA Dept of transitional Assistance, MBTA, Attorney General’s Office, Dept of Fire Services, Environmental Police, Parole Board, Trial Court and Norfolk County DA Office.

With funding from BSAS, there was limited need to purchase Naloxone from Trust Fund balance.
Summary of Trust Fund activity for FY'24

Balance - as of 7/1/2023	\$ 934,661.36
Spend	\$ (499,933.50)
Revenue	\$ 219,053.65
Balance - as of 7/1/2024	\$ 653,781.51

FY24 Expenditures

A total of \$7,877,004.60 was expended on Naloxone products:

- Trust Fund	\$ 499,933.50
- BSAS Funding	\$ 7,377,071.10

1,720 doses	Naloxone 2mg Syringe
157 each	Nasal Atomizers
406,512 doses	Narcan 4mg Nasal Spray (203,256 boxes of 2)
20 doses	Kloxxado 8mg Nasal Spray (10 boxes of 2)

Narcan 4mg Nasal Spray continues to be the preferred product for most customers, although some fire and police departments continue to utilize the Naloxone 2mg Syringe and Nasal Atomizers. Only one town ordered Kloxxado 8mg – Topsfield Police Dept.

Throughout FY24, all products were readily available with no recall or manufacturing issues. SOPS didn't encounter any problems obtaining product or shipping to customers.

Summary of Naloxone 2mg Syringes, Atomizers and Narcan 4mg Spray, Kloxxado 8mg Spray Supplied in FY24

Date Shipped	Account Name	# Naloxone Syr	# Narcan Nasal Spray Pkg (2 units each)	# Atomizers	# Kloxxado Nasal Spray Pkg (2 units each)

FY25 Forecast

Over the past decade, several new products have become available for opioid-related overdose reversal, including multiple high-dose and long-acting overdose reversal agents, also referred to as opioid antagonists. While these products have been tested in clinical trials and may be approved by FDA for use in reversing opioid-related overdoses, the medical literature and clinical experience confirm that these agents are more likely to precipitate withdrawal, which can in turn increase mistrust and foster avoidance of future use of opioid antagonists among people who use drugs

SOPS will continue to provide Naloxone products to municipalities at a significantly discounted cost. SOPS has been successful in lowering the cost of Narcan spray and will continue to pursue opportunities to further reduce costs.
