Re: Facility Inspection – Massachusetts Treatment Center, Bridgewater

Dear Superintendent Curto:

The Massachusetts Department of Public Health (Department) Division of Environmental Health Regulations and Standards (EHRS) conducted an inspection of the Massachusetts Treatment Center on April 23, 2026 accompanied by Tyler Patterson, Environmental Health and Safety Officer, in accordance with Department regulations 105 CMR 451.000: Minimum Health and Sanitation Standards and Inspection Procedures for Correctional Facilities.

The inspection identified 145 total deficiencies: 50 new deficiencies under the Required Standards (100 and .200 series), 40 repeat deficiencies under the Required Standards, 19 new deficiencies under the Recommended Standards (.300 series), and 36 repeat deficiencies under the Recommended Standards.

Overview

Section 1 provides details of all deficiencies, including repeat deficiencies, found during the inspection. These are categorized by Required Standards, Recommended Standards, or additional applicable regulatory standards.

Section 2 provides information on areas that EHRS found to be compliant.

Section 3 documents the areas that EHRS did not inspect.

Section 4 provides information on submitting a Plan of Correction for the identified deficiencies.

Section 5 outlines observations and recommendations related to the inspection.

SECTION 2: Areas Found to be in Compliance

EHRS inspected 170 additional areas of the facility which were found to be in compliance.

SECTION 3: Areas EHRS did not Inspect

EHRS did not inspect 1 area of the facility because they were either in use, locked, or under construction:

Area	Description of Area
1. Staff Food Service	Unable to Inspect – Closed

SECTION 4: Plan of Correction

This facility does not comply with the Department's regulations cited above. In accordance with 105 CMR 451.404, please submit a plan of correction within 10 working days of receipt of this notice which includes:

1. Specific corrective steps to be taken
2. A timetable for the corrective actions for larger projects
3. The date by which correction will be achieved
4. Any interim measures being implemented to ensure the health and safety of incarcerated individuals and facility staff
5. A signature by the Superintendent or Administrator responsible for the plan. The signed plan should be submitted to my attention, at the address listed above.

SECTION 5: Observations and Recommendations

1. The inmate population was 548 at the time of inspection.
2. During the main kitchen inspection, the warewash machine was not in operation. Kitchen staff had started utilizing interim measures such as manually washing and sanitizing dishes or using Styrofoam trays until repairs could be made.

To review the specific regulatory requirements, please visit the [Massachusetts Department of Public Health Regulatory and Compliance Unit](#) and [read the minimum health and sanitation standards for correctional facilities](#) available in both PDF and RTF formats. For more specific information about the food standards, you can [download the merged food code](#).

An inspection may also include observations of other conditions which could constitute a threat to the health or safety of inmates or employees, including but not limited to the standards set forth by the Department as follows, and report on such pursuant to 451.402(B). You can use these links below to review these standards:

Re: Plan of Correction – Massachusetts Treatment Center, Bridgewater

Dear Superintendent Curto:

The Massachusetts Department of Public Health, Division of Environmental Health Regulations and Standards (EHRS) has received your Plan of Correction (POC) in response to my inspection on April 23, 2026. After review, EHRS finds the plan does not appropriately address all of the deficiencies noted.

1. The regulation 105 CMR 451.404 Plan of Correction requires facilities to provide the specific corrective steps taken to address deficiencies noted within the report. Please provide additional information on the specific corrective steps taken to address all deficiencies noted within the report.
2. Please clarify the estimated date of repair for all deficiencies noted within the report including instances where estimated dates of repair are accompanied by a corrective action indicating the repairs have already been completed.
3. In regards to the issue of overcrowding, EHRS appreciates the limitations of correctional facilities and the need to accommodate the ever-increasing population; however we remain concerned with the overcrowded conditions.

Thank you for your prompt attention to this matter, should you have any questions please contact me at the address listed above.

Sincerely,

Patrick Wallace

Re: Plan of Correction – Massachusetts Treatment Center, Bridgewater

Dear Superintendent Curto:

The Massachusetts Department of Public Health, Division of Environmental Health Regulations and Standards (EHRS) has received your Plan of Correction (POC) in response to my inspection on April 23, 2026. After review, EHRS finds the plan does not appropriately address all of the deficiencies noted.

1. The regulation 105 CMR 451.404 Plan of Correction requires facilities to provide the specific corrective steps taken to address deficiencies noted within the report. Please provide additional information on the specific corrective steps taken to address all deficiencies noted within the report.
2. Please clarify the estimated date of repair for all deficiencies noted within the report including instances where estimated dates of repair are accompanied by a corrective action indicating the repairs have already been completed.
3. In regards to the issue of overcrowding, EHRS appreciates the limitations of correctional facilities and the need to accommodate the ever-increasing population; however we remain concerned with the overcrowded conditions.

Thank you for your prompt attention to this matter, should you have any questions please contact me at the address listed above.

Sincerely,

Patrick Wallace

Re: Plan of Correction – Massachusetts Treatment Center, Bridgewater

Dear Superintendent Curto:

The Massachusetts Department of Public Health, Division of Environmental Health Regulations and Standards (EHRS) has received your Plan of Correction (POC) dated July 16, 2026. After review, EHRS finds the plan appropriately addresses all of the deficiencies noted in the report.

Thank you for your prompt attention to this matter, should you have any questions please contact me at the address listed above.

Sincerely,

A handwritten signature in blue ink that reads "Patrick Wallace".
