Applicable Law

General Law c. 124, §6A (Effective April 1, 2023) Report on use of facilities of department of corrections and sheriff's offices:

(a) The department of correction, in collaboration with the Massachusetts Sheriffs Association, Inc., shall report on the use of all facilities of the department and of each sheriff's office during the periods of January 1 to June 30, inclusive, and July 1 to December 31, inclusive, of each year. The reports shall be due not later than 30 days after the close of each period. Each report shall include, but not be limited to:

(i) an inventory of all buildings that are used or have been used to house inmates since January 1, 2018; (ii) a catalog of changes in use or purpose for all housing units and buildings during the preceding period; (iii) all housing units in each building and the original design capacity of each; (iv) all cells or rooms in each housing unit and the number of beds in each cell or room; (v) a brief description of the housing unit including, but not limited to, the custody level and function of the unit; (vi) the average daily amount of time offered out of cell for recreation, programs, education or employment to inmates in each housing unit during the preceding period; (vii) the average inmate count in each housing unit for the preceding period; (viii) an inventory of all buildings in all correctional facilities, regardless of whether the building has ever been occupied by inmates, with a brief description of each building and a statement as to whether the building is used for housing; provided, however, that if the building is used for housing, the report shall include whether it is occupied, unoccupied but available for future habitation or no longer considered habitable; and (ix) the last date on which an inmate was housed in a housing unit or building that does not currently house inmates; provided, however, that if multiple housing units in the same facility are categorized in the same way as to the features outlined in clauses (v) and (vi), the housing units may be aggregated for the purpose of inmate count reporting under clause (vii) and the number of housing units aggregated shall be reported; and provided further, that for reporting under other clauses above in which buildings or housing units are referred to individually, their official names need not be used.

(b) The report shall be submitted to the Executive Office for Administration and Finance, the Senate and House Committees on Ways and Means, the Joint Committee on the Judiciary and the Joint Committee on Public Safety and Homeland Security.

The report shall be published in document form and downloadable spreadsheet form on the website of the department of correction. The Massachusetts Sheriffs Association, Inc. shall furnish all data necessary for this report to the department of correction.

Report Section 1. Facility Data

Pursuant to M.G.L. c.124 §6A (a), the following data in this Section describes:

“(ii) a catalog of changes in use or purpose for all housing units and buildings during the preceding period; (iii) all housing units in each building and the original design capacity of each; (iv) all cells or rooms in each housing unit and the number of beds in each cell or room; (v) a brief description of the housing unit including, but not limited to, the custody level and function of the unit; (vi) the average daily amount of time offered out of cell for recreation, programs, education or employment to inmates in each housing unit during the preceding period; (vii) the average inmate count in each housing unit for the preceding period.”

The roman numerals contained in the statute have been converted to corresponding integers in this Section.

‘4. All cells or rooms in each housing unit and the number of beds in each cell or room.’ *Note on calculating bed counts:* Additional details in the Comments column are provided for Units that have a varying number of beds per [Dormitory Style] Room, as shown in the Total Unit Beds [per]/Room column.

Report Section 2. Building Data

Pursuant to M.G.L. c.124 §6A (a), the following data in this Section describes:

“(i) an inventory of all buildings that are used or have been used to house inmates since January 1, 2018”

“(viii) an inventory of all buildings in all correctional facilities, regardless of whether the building has ever been occupied by inmates, with a brief description of each building and a statement as to whether the building is used for housing; provided, however, that if the building is used for housing, the report shall include whether it is occupied, unoccupied but available for future habitation or no longer considered habitable; and(ix) the last date on which an inmate was housed in a housing unit or building that does not currently house inmates; provided, however, that if multiple housing units in the same facility are categorized in the same way as to the features outlined in clauses (v) and (vi), the housing units may be aggregated for the purpose of inmate count reporting under clause (vii) and the number of housing units aggregated shall be reported; and provided further, that for reporting under other clauses above in which buildings or housing units are referred to individually, their official names need not be used.”

The roman numerals contained in the statute have been converted to corresponding integers in this Section.
