38 and asserts that he is factually innocent of that criminal offense, may file a motion pursuant to  
39 this Chapter.

40 Section 3. Requirements and procedures for filing.

41 (a) A person seeking relief pursuant to this Chapter shall file a motion in the court in  
42 which the conviction was entered, using the same caption and docket number as identified the  
43 underlying case.

44 (b) The motion shall include the following information, and when relevant, shall include  
45 specific references to the record in the underlying case, or to affidavits that are filed in support of  
46 the motion that are signed by a person with personal knowledge of the factual basis of the  
47 motion:

48 (1) The name and a description of the requested forensic or scientific analysis; and

49 (2) Information demonstrating that the requested analysis is admissible as evidence in  
50 courts of the commonwealth; and

51 (3) A description of the evidence or biological material on which the analysis may be  
52 conducted, including its location if known; and

53 (4) Information demonstrating that the evidence or biological material was obtained in  
54 relation to the underlying case; and

55 (5) Information demonstrating that the analysis has the potential to result in evidence  
56 that is material to the moving party's identification as the perpetrator of the crime in the  
57 underlying case; and

58 (6) Information demonstrating that the evidence or biological material has not been  
59 subjected to the requested analysis because:

60 1. The requested analysis had not yet been developed at the time of the conviction; or

61 2. The results of the requested analysis were not admissible in courts of the  
62 commonwealth at the time of the conviction; or

63 3. The moving party and his attorney were not aware of and did not have reason to be  
64 aware of the existence of the evidence or biological material at the time of the underlying case  
65 and conviction; or

66 4. The moving party's attorney in the underlying case was aware at the time of the  
67 conviction of the existence of the evidence or biological material, the results of the requested  
68 analysis were admissible as evidence in courts of the commonwealth, and a reasonably effective  
69 attorney would have sought the analysis; or

70 5. The evidence or biological material was otherwise unavailable at the time of the  
71 conviction.

72 (c) The moving party shall file with the motion copies of all reports, documents,  
73 memoranda, and notes from forensic or scientific analysis that has been conducted on any

74 evidence or biological material that was obtained in relation to the underlying case. The moving  
75 party shall include these reports with the motion regardless of whether the moving party has  
76 previously provided them to the prosecuting attorney, whether they were offered or admitted as  
77 evidence in the underlying case, or whether they would have been admissible as evidence in the  
78 underlying case.

79 (d) The moving party shall provide copies of those portions of the transcripts of the trial,  
80 if applicable, during which the results of forensic or scientific analysis was offered as evidence  
81 by either the moving party or prosecuting attorney.

82 (e) The moving party shall identify all court proceedings that are currently pending and  
83 that relate to the underlying case, including the name of the court, docket number, and status of  
84 each such proceeding. The moving party shall also certify that each party to those proceedings  
85 has received notice of the proceedings under this Chapter.

86 (f) If the moving party is unable to include for filing with the motion any of the items or  
87 information described in (b), (c), and (d), the moving party shall include a description of efforts  
88 made to obtain such items and information.

89 (e) A person who pleaded guilty or nolo contendere in the underlying case may file a  
90 motion under this Chapter. A judge shall not find that identity was not or could not have been a  
91 material issue in the underlying case because of the plea. A person who is alleged to have, or  
92 admits to having, made a statement that is or could be incriminating may file a motion under this  
93 Chapter. A judge shall not find that identity was not or should not have been a material issue in  
94 the underlying case because the moving party made, or is alleged to have made, an incriminating  
95 statement.

96 (f) The court may deny, without prejudice, any motion which fails to include all the  
97 information required by this Section.

98 Section 4. Service of process and response to motion.

99 (a) The moving party shall file the motion with the court which adjudicated the  
100 underlying case and shall serve a copy of the motion on the prosecuting attorney.

101 (b) The prosecuting attorney shall have 60 days to file a response with the court and  
102 shall simultaneously serve the response on the moving party. The prosecuting attorney may  
103 request one 30 day extension in which to file the response, which the court shall allow only for  
104 good cause shown.

105 (c) The prosecuting attorney's response shall include:

106 (1) An inventory of all evidence or biological material that was obtained in relation to  
107 the underlying case, regardless of whether it was introduced at trial or would be admissible;

108 (2) The current location of all evidence or biological material that was obtained in  
109 relation to the underlying case; and

110 (3) A detailed chain of custody for the evidence or biological material that is the subject  
111 of the motion.

112 (d) The response shall also include copies of all reports, documents, memoranda, and  
113 notes from forensic or scientific analysis that has been conducted on any evidence or biological  
114 material that was obtained in relation to the underlying case. The prosecuting attorney shall  
115 include these documents with the response regardless of whether the prosecuting attorney has  
116 earlier provided them to the moving party or defense counsel, or whether such documents were

117 offered or admitted as evidence in the underlying case, or whether such documents would have  
118 been admissible.

119 (e) The response shall also include any specific legal or factual objections that the  
120 prosecuting attorney has to the requested analysis.

121 (f) The response may include evidence or other information relating to the guilt of the  
122 moving party.

123 Section 5. Appointment of counsel.

124 The judge in his discretion may assign or appoint counsel to represent a moving party in  
125 the preparation and presentation of motions filed under this Chapter.

126 Section 6. Hearing.

127 (a) The court shall order a hearing on the motion if it conforms with the requirements of  
128 section 3.

129 (b) The judge who conducted the trial or accepted the moving party's plea of guilty or  
130 nolo contendere in the underlying case shall conduct the hearing if possible.

131 (c) The moving party may file a motion requesting that he be present at the hearing on  
132 the motion. If the judge allows such a motion, the judge shall order the commonwealth to  
133 produce the moving party at the hearing.

134 Section 7. Ruling on the Motion.

135 (a) The judge shall state findings of fact and conclusions of law on the record, or shall  
136 make written findings of fact and conclusions of law, that support the decision to allow or deny a  
137 motion brought under this Chapter.

138 (b) The judge shall allow the motion if each of the following has been demonstrated by  
139 a preponderance of the evidence:

140 (1) that the evidence or biological material exists;

141 (2) that the evidence or biological material has been subject to a chain of custody that is  
142 sufficient to establish that it has not been substituted, tampered with, replaced, or altered in any  
143 material respect;

144 (3) that the evidence or biological material has not been subjected to the requested  
145 analysis;

146 (4) that the requested analysis has the potential to result in evidence that is material to  
147 the moving party's identification as the perpetrator of the crime in the underlying case;

148 (5) that the purpose of the motion is not the obstruction of justice or delay;

149 (6) that the results of the particular type of analysis being requested have been found to  
150 be admissible in courts of the commonwealth; and

151 (7) that , if the results of the requested analysis are favorable to the moving party, justice  
152 may not have been done in the underlying case.

153 (c) The judge may order the production of information and materials in whatever form,  
154 from the commonwealth or any person or entity, by subpoena or other legal process.

155 Section 8. Laboratory.

156 (a) In allowing a motion under this Chapter, a judge may impose reasonable conditions  
157 on the analysis designed to protect the interests of the commonwealth in the integrity of the  
158 evidence or biological material and the analysis.

159 (b) The prosecuting attorney and the moving party shall agree on a laboratory to conduct  
160 the analysis.

161 (c) If the prosecuting attorney and the moving party are unable to agree on a laboratory,  
162 the judge shall designate a laboratory that is accredited by the American Society of Crime  
163 Laboratory Directors Laboratory Accreditation Board and has the capability to perform the  
164 requested analysis.

165 (d) The laboratory shall be provided with a copy of all of the filings relating to the  
166 motion, including all of the judge's orders. The laboratory shall also be provided with a copy of  
167 this Chapter in its entirety.

168 (e) The laboratory shall only communicate with the prosecuting attorney and the moving  
169 party simultaneously and in writing.

170 (f) Neither the prosecuting attorney nor the moving party shall communicate with the  
171 laboratory without simultaneously communicating with the other party.

172 (g) The laboratory shall endeavor to retain and maintain the integrity of a sufficient  
173 portion of the evidence or biological material for replicate analysis. If, after initial examination  
174 of the evidence or biological material, but before the actual analysis, the laboratory determines  
175 that there is insufficient material for replicate analysis, it shall simultaneously notify in writing

176 the prosecuting attorney, the moving party, and the judge. In the event that there is insufficient  
177 material to perform replicate analysis, upon request of either party, the judge shall make such  
178 orders to ensure that representatives of the moving party and the prosecuting attorney have the  
179 opportunity to observe the analysis. Such analysis shall be subject to the rules and practices of  
180 the laboratory.

181 (h) The moving party shall cooperate with the laboratory. At the laboratory's request  
182 and upon court order, the moving party shall provide biological samples to the laboratory. If the  
183 moving party unreasonably fails to cooperate with the laboratory, the judge may deny the motion  
184 with prejudice.

185 Section 9. Timeliness of analysis.

186 Upon allowance of a motion under this Chapter, analysis shall take place as soon as  
187 practicable.

188 Section 10. Costs.

189 The costs of the analysis shall be borne:

190 (a) by the moving party if the moving party is not indigent and has sufficient means to  
191 make such payment; or

192 (b) by the commonwealth; or

193 (c) by both the moving party and the commonwealth, in shares as the court deems  
194 equitable.

195 Section 11. Effect on other proceedings.

196 (a) A motion may be filed under this Chapter even if an appeal of the conviction or  
197 other post-conviction proceedings in the underlying case are pending.

198 (b) A judge shall consider a motion filed pursuant to this Chapter even if there is an  
199 appeal or other post conviction proceedings pending.

200 (c) If the judge allows a motion filed pursuant to this Chapter, the court in which the  
201 appeal or post conviction proceedings are pending shall be notified if different from the court in  
202 which the motion was filed. When a court receives notice under this section, it shall stay any  
203 appeal or post conviction proceedings pending the final outcome of proceedings pursuant to this  
204 Chapter.

205 (d) Proceedings pursuant to this chapter shall not stay or otherwise interfere with a term  
206 of incarceration, parole, probation, or other sentence imposed.

207 Section 12. Disclosure of results of analysis.

208 (a) The results of the analysis shall be simultaneously disclosed to the moving party, the  
209 prosecuting attorney, and the judge.

210 (b) At the request of any party, or on its own initiative, the judge shall order production  
211 of the underlying laboratory data, documents, and notes.

212 Section 13. Effect of analysis.

213 (a) If the analysis confirms that the factual findings for the verdict or judgment in the  
214 underlying case were correct, and that the moving party was properly convicted and sentenced,  
215 the court shall deny the motion with prejudice. The court may also order:

216 (1) The prosecuting attorney to provide copies of the report of the analysis to the  
217 Superintendent of the Department of Correction and the Chairperson of the Parole Board;

218 (2) The prosecuting attorney to provide copies of the report of the analysis to relevant  
219 criminal offender databases; or

220 (3) The moving party to assume the cost of the analysis.

221 (b) If the analysis neither confirms nor contradicts the factual findings for the verdict or  
222 judgment in the underlying case, the court shall:

223 (1) Order any additional analysis requested if the court concludes that the requirements  
224 of § are met, or

225 (2) If no additional analysis is requested that would meet the requirements of § deny  
226 the motion with prejudice if either:

227 A. No additional analysis is requested, or

228 B. Additional analysis is requested but the requirements of § are not met.

229 (c) If the analysis demonstrates that the factual findings for the verdict or judgment in  
230 the underlying case were incorrect, and that the moving party was not properly convicted or  
231 sentenced, notwithstanding any rule or law that would bar a new trial, the court shall:

232 (1) On motion of the prosecuting attorney and good cause shown, order replicate  
233 analysis of the evidence or biological material and a stay of further proceedings pending the  
234 result of the replicate analysis, with the cost of such replicate testing to be borne by the  
235 prosecuting attorney;

236 (2) Order the release of the moving party from custody;

237 (3) On motion of the moving party, order a new trial; or

238 (4) Order any other relief that serves the interest of justice.

239 Section 14. Notice to victims.

240 (a) If a motion is filed under this Chapter, the prosecuting attorney may notify the victim  
241 of the crime in the underlying case pursuant to G. L. c. 258B.

242 (b) The prosecuting attorney shall promptly notify the victim and the victim and witness  
243 assistance board if a judge allows the motion.

244 (c) The prosecuting attorney shall promptly notify the victim and the victim and witness  
245 assistance board of the result of the analysis.

246 Section 15. Waiver of rights.

247 The right to file a motion pursuant to this Chapter shall not be waived. This prohibition  
248 of any waiver includes, but is not limited to, any stated or unstated waiver that is or is alleged to  
249 be part of any agreement or understanding related to any plea of guilty or of nolo contendere or  
250 to any sentencing or appellate proceeding or to any correctional placement or conditions.

251 Section 16. Preservation of evidence and biological material.

252 (a) Any governmental entity that is in possession of evidence or biological material that  
253 is collected for its potential evidentiary value during the investigation of a crime, the prosecution  
254 of which results in a conviction, shall retain such evidence and biological material for the period  
255 of time that any person remains in the custody of the commonwealth in connection with that

256 crime, without regard to whether the evidence or biological material was introduced at trial.  
257 Each governmental entity shall retain all such evidence and biological material in a manner that  
258 is reasonably designed to preserve the evidence and biological material and to prevent its  
259 destruction or deterioration.

260 (b) The secretary of the executive office of public safety and security shall promulgate  
261 regulations governing the retention and preservation of evidence and biological material by any  
262 governmental entity, which regulations shall include standards for maintaining the integrity of  
263 the materials over time, the designation of officials at each governmental entity with custodial  
264 responsibility, and requirements of contemporaneously recorded documentation of individuals  
265 having and obtaining custody of any evidence of biological material.

266 Section 17. Liability.

267 (a) Governmental officials and employees acting in good faith shall not be liable in a  
268 civil or criminal proceeding for any act or pursuant to the provisions of this chapter.

269 (b) If a governmental entity responsible for the preservation of evidence or biological  
270 material engages in willful or wanton misconduct or gross negligence which results in the  
271 deterioration or destruction of evidence or biological material so that a laboratory is unable to  
272 perform adequate or proper analysis, that entity shall be subject to proceedings for contempt.

273 (c) Nothing in this chapter shall create any cause of action for damages against the  
274 commonwealth or any of its subdivisions or officers, employees, agents, or subdivisions, except  
275 as provided in this Section.

276 Section 18. Appeal.

277 An order allowing a motion filed under this Chapter is not a final and appealable order.  
278 An order denying a motion filed under this Chapter is a final and appealable order. Any appeal  
279 from such an order shall be claimed by filing a notice of appeal within 30 days of the court's  
280 entry of the written order upon the docket.
