1 SECTION 1. Chapter 69 of the General Laws is hereby amended by striking out section

7 administered by the department and shall have the following purposes:-

8 (1) To expand learning time in the form of longer school days, additional school days or a
9 combination of both;

10 (2) To provide school districts the opportunity to add additional time to the school

12 student achievement. This additional time shall be designed to:- provide more instructional

13 opportunities in mathematics, literacy, science and other core subjects to support academic
14 proficiency; provide educators with increased opportunities to work collaboratively and to
15 participate in professional development; and provide school districts the opportunity to add or
16 expand programs and curricula such as arts, music, health and wellness, sports, drama and other
17 learning opportunities; (3) To provide a framework for sustained state funding for school
18 districts who voluntarily extend their school day or year;(4) To encourage schools to form
19 partnerships with community-based organizations and institutions of higher learning to provide
20 additional opportunities to children; and (5) To provide for accountability to ensure the efficient
21 and effective implementation of expanded learning time in participating districts. (c) For the
22 purposes of this section, the following definitions shall apply:-

23 “Department”, the department of elementary and secondary education.

24 “ELT performance contract,” a plan developed by a school district that defines specific
25 goals for the school over a 3 year period relating to student achievement, teacher collaboration
26 and leadership, and student engagement and other data related to the implementation of the
27 program, to measure and track the effectiveness of expanded learning time schools.

28 Implementing expanded learning time schools, their district and the department must agree to the
29 goals in the ELT performance contract during the first year of implementation as a condition of
30 the school receiving an implementation grant from the department.

31 “Expanded learning time”, the redesign of the school calendar with the addition of 300
32 hours to a school’s calendar through additional hours to the school day or additional days to the

46 students eligible for free and reduced lunch programs; (ii) districts in the bottom 10 per cent of
47 statewide grade ten MCAS scores; (iii) districts whose proposals use partnerships with
48 community-based organizations and institutions of higher education. Not less than 60 per cent of
49 all funds granted under this program shall be awarded to prioritized districts.

50

51 (2) Exploratory grant proposals under this section shall include, but not be limited to:-

56 the school attain its school improvement goals;

57 the anticipated number of schools and students that will be affected; and

58 identification of individuals who will participate in the planning process, including

59 representatives of teachers unions, parents, administrators and school partners.

60 (3) The department may issue guidelines for the submission of exploratory grant

63 implementation proposal and having the proposal approved by the department. The

64 implementation proposals shall include: -

65 300 additional hours to the minimum school year as established under this section;

66 mandatory additional time for all students in participating schools, provided that districts

76 implementation grants under paragraph (1).

77 (g) The department shall develop guidelines for an annual review of the progress being
78 made by each implementing district.

79 (1) A school receiving an implementation grant shall have until the end of the fourth year
80 of implementation to reach the goals specified in its ELT performance contract. If the school
81 does not attain the goals as specified in the ELT performance contract at the end of the fourth
82 year of implementation, the department shall not continue to renew the grant.

83 (i) The department shall review the ELT performance contract of an ELT school at the
84 conclusion of the fourth year of implementation for each school to determine whether the school
85 has fulfilled the ELT performance contract.

87 to schools to meet the goals of their ELT performance contract before the department ends the
88 participation of said school in the program.
