242 instrumentality of the commonwealth other than the department of transportation, the other
243 department, agency or instrumentality shall take such action.

244 SECTION 11. Notwithstanding any other general or special law to the contrary, all

276 department and the authority and their agents or contractors may enter upon any right-of-way,
277 land or premises of a railroad company or railway company or its assigns for purposes that the
278 department or authority may consider necessary or convenient to carry out this section. If a
279 flagman is needed to carry out this section, the railroad company, railway company or its assigns
280 shall provide the flagman. For the purposes of this section, “bridge” shall include any structure
281 spanning and providing passage over water, railroad right-of-way, public or private way, other
282 vehicular facility or other area. Any project exempted from any provision of law under this
