DISTRICT/ADDRESS:

*Middlesex, Suffolk, and Essex*

**SENATE . . . . . No. 178**

---

By Mr. Baddour, a petition (accompanied by bill, Senate, No. 178) of Steven A. Baddour and Sal N. DiDomenico for legislation to reduce special education referrals and costs. Education.

---

The Commonwealth of Massachusetts

—————  
In the Year Two Thousand Eleven  
—————

An Act reducing special education referrals and costs..

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Chapter 71B of the General Laws, as appearing in the 2010 Official  
2 Edition, is hereby amended by adding after Section 5C the following new Section:-

3 Section 5D. (a) There is hereby established, subject to appropriation, a pre-special  
4 education referral reimbursement program. Said program shall reimburse municipalities for one  
5 half of the eligible instructional costs associated with the reduction of special education referrals  
6 for problems with reading/literacy through the implementation of Reading Recovery. Said  
7 reimbursements shall be in addition to amounts distributed pursuant to chapter 70 of the General  
8 Laws and shall not be included in the calculation of base aid, as defined in said chapter 70, for  
9 any subsequent fiscal year.

10 (b) For the purposes of this section, the following words shall have the following  
11 meanings:—

12 “Reading Recovery”, a one to one, scientific research-based, short term (12-20  
13 weeks), pre-special education referral early literacy intervention delivered by a certified Reading

14 Recovery teacher to children at risk of failing to learn to read and write in first grade. Children  
15 are selected for service based on performance in six literacy assessments published in Clay's An  
16 Observation Survey of Early Literacy Achievement. Reading Recovery teachers must be  
17 certified as having completed a year-long accredited university-based Reading Recovery  
18 program.

19 "Instructional costs", costs directly attributable to providing students with one to one  
20 intervention services of a Reading Recovery teacher for not more than twenty weeks. Such costs  
21 shall include as salary of educational personnel, salary of related services personnel, costs for  
22 specialized books, materials or equipment. Instructional costs shall not include transportation  
23 costs, administrative or overhead costs, the costs of adapting classrooms or materials that are  
24 used by more than one student, the costs of fringe benefits of personnel employed by the school  
25 district. Instructional costs for the purposes of this reimbursement program also shall not include  
26 the salary of personnel providing educational services when such services are not specially  
27 designed instruction for the student in Reading Recovery.

28 (c) Instructional costs eligible for reimbursement under the program shall be reported by  
29 a school district to the department in a form and manner as prescribed by the commissioner. The  
30 department shall review the report and approve those per pupil instructional costs that are  
31 eligible for reimbursement pursuant to the program within 30 days of submission. Based upon  
32 the approved costs, the department shall calculate the reimbursement due a municipality.

33 (d) Districts shall notify the department within 30 days of any change in previously  
34 approved instructional costs, including but not limited to changes in a student's enrollment status  
35 in Reading Recovery.

36 (e) In preparing a budget recommendation for the subsequent fiscal year for consideration  
37 by the local appropriating authority, a school district shall project Reading Recovery costs and  
38 enrollments, including per pupil instructional costs eligible for reimbursement under this  
39 program. The school committee's budget recommendation shall exclude any such instructional  
40 costs eligible for reimbursement under this program. Upon receipt of reimbursements paid under  
41 this program by the municipal treasurer, in the case of local school districts, or the regional  
42 district treasurer in the case of regional school districts, such amounts shall be recorded by the  
43 municipality or district as additional appropriations to the school committee, without any further  
44 action being required on the part of the local appropriating authority.

45 (f) Reimbursements shall be made based on the previous year's per-pupil instructional  
46 costs, as pursuant to subsection (c), in compliance with department of education audits and  
47 procedures. Reimbursements shall be made in 4 quarterly payments to coincide with the  
48 distribution of funds made available pursuant to said chapter 70. Each quarterly payment shall be  
49 equal to 25 per cent of the estimated reimbursements for the previous year's submissions, subject  
50 to appropriation.
