15 Community Based Services waiver and amending the state plan to make residential care a
16 reimbursable service. The advisory committee will also review the status of physical plant needs
17 of residential care facilities and will consider options for meeting capital improvements
18 necessary to provide quality care and improve the quality of life for residents in residential care.
19 Based on the results of the study, the advisory committee shall make a recommendation to the
20 Secretary of Health and Human Services on actions to be taken, no later than 120 following the
21 passage of this act. The Secretary of Health and Human Services shall take whatever steps
22 necessary to implement the committee's recommendation.
