**The Commonwealth of Massachusetts**

**In the Year Two Thousand Thirteen**

An Act making investments in youth employment and educational pathways.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           YOUTH SOLUTIONS ACT OF 2013

2           The purpose of this Act is to promote and support activities and programs that will  
3 increase the education, skills and employment of Massachusetts’s youth and their successful  
4 integration into the Massachusetts economy.

5           Whereas employers choose Massachusetts and stay in Massachusetts because of the  
6 quality of its workforce, and whereas Massachusetts also leads the nation in innovation,  
7 technology utilization, and attracting capital, all reflecting a quality workforce, the workforce is a  
8 critical asset of Massachusetts’ economic well-being. However, recent trends in teen  
9 unemployment, high school dropouts, employer skill demands, demographic shifts within the  
10 United States, and immigration into Massachusetts, point to a need to protect our most  
11 competitive asset, the education and skills of our emerging workforce.

12           Whereas the youth workforce development system in Massachusetts consists of a number  
13 of programs across various state agencies, there is a need for better coordination and alignment.  
14 We must address the needs of young people out of the labor market and out-of-work, those who  
15 have either dropped out of school or are at risk for dropping out; the achievement gap within the  
16 public school system; and the development of educational pathways for young people to obtain a

17 post secondary education which is increasingly needed for successful entry into the labor market.  
18 There is no alternative if Massachusetts is to fulfill the promise to all our youth and enable them  
19 to succeed in our economy.
