67 (ii) not improve without treatment and such deterioration could result in harm to the
68 patient or others.

69 (b) Assisted outpatient treatment shall not be ordered unless the court approves a written
70 treatment plan presented to the court which conforms to the requirements of section 71 /2; of this
71 chapter, and which contains the name of the designated director of the mental health treatment
72 agency that will supervise and administer the patient's treatment program.

74 section 71/2 of this chapter which, considering all available alternatives for treatment, it
75 determines appropriate and the least restrictive treatment alternative available.

77 meets the criteria for assisted outpatient treatment, , the court may order the director of
78 appropriate treatment program to oversee such plan.

80 subsequent order shall not exceed 365 days.

84 supervising mental health professional in charge of a patient's assisted outpatient treatment,
85 determines that the patient is not complying with the terms of the order and that the outpatient
86 plan no longer remains appropriate, the court may enter an order amending its original order. The
87 amended order may alter the outpatient treatment plan, or request an emergency evaluation to
88 determine whether the failure to hospitalize such person would create a likelihood of serious
89 harm.

90 (2) If a patient refuses to comply with an amended outpatient plan, further amendments
91 may be made as the court deems necessary including the inpatient commitment of the patient
92 where the court finds that failure to hospitalize such person would create a likelihood of serious
93 harm.

94 (3) If the court determines the person meets the standard for inpatient commitment and
95 the patient refuses to comply with an amended order, the court may authorize and direct a peace
96 officer to take the patient into protective custody and transport him to the agency specified for
97 inpatient treatment.

98 (4) When reporting or being returned to a treatment facility for inpatient treatment

106 professional in charge of the patient's outpatient treatment.

107 (b) The supervising mental health professional shall require periodic reports, not more
108 frequently than every 30 days, concerning the condition of patients committed to outpatient
109 treatment from any person, agency, or organization assigned to supervise such patients.

111 committed to outpatient treatment at least once every 30 days.

113 treatment plan during the course of commitment, subject to judicial review after notice to and
114 objection of the patient.

115 (e) The supervising mental health professional may, at any time during the course of the
116 ordered outpatient treatment, petition the court for inpatient commitment of the patient if, in the
117 supervising mental health professional's judgment, the patient has failed to comply with a term of
118 the outpatient treatment plan and outpatient treatment no longer remains appropriate.

119 (f) The supervising mental health professional may, at any time, petition the court for
120 termination of a patient's assisted outpatient treatment order if the supervising mental health
121 professional determines that assisted outpatient treatment is no longer the least restrictive
122 appropriate treatment available.

123 (g) Nothing in this section shall prevent the supervising mental health professional from
124 authorizing involuntary commitment and treatment in an emergency under section 12 of this
125 chapter.

126 SECTION 7. Section 9 of said Chapter 123 of the General Laws, as so appearing, is
