

JOINT COMMITTEE ON TELECOMMUNICATIONS, UTILITIES, AND ENERGY

BILL SUMMARY

BILL NO. H.3532 (Senate Companion S.2321)

TITLE: An Act relative to renewable energy production technologies

SPONSOR: Rep. Frank Moran (Lawrence)

COMMITTEE: Telecommunications, Utilities, and Energy

HEARING DATE: October 9, 2025

PRIOR HISTORY: 2023-2024: accompanied by study order H.4778 (Sponsored by Rep. Elliot)

CURRENT LAW:

Section 139 of MGL Chapter 164 sets the rules and regulations for Class I, II and III net metering facilities. 2022 Session Laws added a section establishing eligibility for more than one facility on a single parcel.

SUMMARY:

Amends the ‘single parcel rule’ to extend net metering eligibility to a solar facility located on the same parcel as *any* other net metering facility, not just another solar facility.
