Assistance provided under this section shall be equivalent to assistance that is otherwise available pursuant to the state low-income housing tax credit program. Assistance for a project shall be in an amount not to exceed the amount that the department determines is equivalent to the equity yield of the maximum state low-income housing tax credit allocable to the project under department guidelines. The proportion of housing units to be subject to affordability restrictions, the term of affordability, and the eligibility of occupants in the affordable units shall, to the extent practicable, be consistent with the requirements for projects assisted through the state low-income housing tax credit program pursuant to section 6I of chapter 62 or section 31H of chapter 63. The department shall use the instruments as are necessary to enforce the requirements of this section, including, but not limited to affordability restrictions, below market interest rate mortgages, and regulatory agreements which provide for the deferred payment of the mortgages. If, on the date such loans become due and payable to the commonwealth, an outstanding balance exists, such loans may be extended for such periods, each period not to extend beyond 10 years, as the department determines, provided that the project continues to remain affordable housing as set forth in the contract or agreement entered into for the duration of the project by the department. In the event that the terms of repayment detailed in this section would cause a project authorized by this section to become ineligible to receive federal funds which would otherwise assist in the development of that project, the department may waive the terms of repayment which would cause the project to become ineligible. On or before January 1, 2005 the department shall promulgate regulations and guidelines in consultation with the advisory committee established in section 7B necessary to effectuate the purposes of this section. The initial contracts for state financial assistance shall be announced on or before June 1, 2005.

The committee shall be comprised of the following 7 members;— the director of the department of housing and community development or his designee; the commissioner of the department of revenue or his designee; the secretary of the division of the executive office of administration and finance or his designee; the executive director of the Massachusetts Housing Finance Agency or his designee; the executive director of the Massachusetts Housing Partnership Fund or his designee; and a representative appointed by each of the following organizations: the Citizens’ Housing and Planning Association, Inc. and the Massachusetts Housing Investment Corporation. The department may purchase from, sell to, borrow from, loan to, contract with or otherwise deal with any person in which any committee member is in any way interested or involved, if the interest or involvement is disclosed in advance to the members of the committee and recorded in the minutes of the committee meeting. A committee member having an interest or involvement shall not participate in an action of the committee relating to that person. Employment by the commonwealth or service in any agency thereof shall not be considered to be such an interest or involvement. Such advisory committee shall report its findings and recommendations to the department on or before January 1, 2006.”
