“SECTION 1. Chapter 176J of the General Laws is hereby amended by inserting after section 11 the following section:-

Section 11A. (a) For an insured member who (1) is receiving an active course of medical treatment from a health care provider

for a serious disease, including but not limited to, cancer or cystic fibrosis, that if disrupted in the course of medical treatment would pose an undue hardship to the patient and (2)(i) began this active course of treatment before being enrolled in a reduced or selective network plan where the provider is not part of the reduced or selective network or (ii) began this active course of treatment before being enrolled in a tiered network plan where the provider is in the highest cost-sharing tier, the carrier shall provide coverage for those medically necessary and covered services that are part of that active course of treatment provided by that health care provider, to the extent required by subsection (b).

(b) A carrier to which subsection (a) applies shall cover the health care provider's services for the duration of the active course of treatment during the plan year, if (1) the insured's employer offers the insured only a choice of reduced or selective network plans in which the health care provider is not part of any of the offered reduced or selective networks, or a choice of tiered network plans in which the health care provider is in the highest cost-sharing tier; (2) that health care provider is a comprehensive cancer center, pediatric hospital or pediatric specialty unit as defined in section 1 of chapter 118G; and (3) that health care provider is providing the insured with an active course of medical treatment that is not available from another provider in the network of the insured's plan.

For services provided under this section by a provider in the highest cost-sharing tier of a tiered network plan, patient cost-sharing shall be based on the second-highest cost-sharing tier in that plan.

(d) The commissioner shall adopt regulations to carry out this section.

SECTION 2. Said chapter 176J is hereby further amended by adding the following 2 sections:-

Section 14. If a medically necessary and covered service is not available to a member within the carrier's provider network, the carrier shall cover the services out-of-network, for as long as the service is unavailable in-network.

SECTION 3. Notwithstanding any general or special law, rule or regulation to the contrary, the division of insurance shall conduct a review of the network adequacy and cost and quality effectiveness of insurance products under section 11 of chapter 176J of the General Laws for the health care needs of children and the health care needs of cancer patients, and shall submit a written report to the house and senate committees on ways and means and the joint committee on health care financing not later than December 31, 2012. *Adjournment in Memory of Janice Voss*

The Senator from Hampden and Hampshire, Ms. Candaras, moved that when the Senate adjourns today, it adjourn in memory of NASA employee and woman astronaut Janice Voss.

Mission Specialist Voss died Tuesday, February 7, 2012, at the age of 55 after a courageous battle with breast cancer. She was a leading woman astronaut. She was one of only six women in history to fly in space five or more times, and one of just a few astronauts, male or female, to log more than 1000 hours in space.

A year after graduating from Minnechaug Regional High School in Wilbraham in 1972, Ms. Voss went to work for NASA while simultaneously attending Purdue University. After earning a bachelor's degree in engineering science in 1975 from Purdue University, Ms. Voss went on to the Massachusetts Institute of Technology where she earned a master's degree in science and a doctorate in aeronautics and astronautics. After completing her doctorate in 1987, she took a job with Orbital Sciences Corp. and was selected by NASA to become an astronaut candidate in 1990.

Ms. Voss flew five missions in seven years, starting in 1993 aboard the shuttle Endeavour. Four of these missions were in the 1990s. Ms. Voss's final mission was a flight to the International Space Station in 2000 where as part of a radar topography mission, she helped map out more than 47 million square miles of the Earth's surface. Ms. Voss's final mission was the most comprehensive space-based, earth mapping effort to that time, producing maps in three dimensions.

Ms. Voss was generous with her time and talent, speaking frequently to schoolchildren in Massachusetts and elsewhere, encouraging them to consider careers in the sciences and at NASA.

Ms. Voss was born in South Bend, Indiana in 1957, but called Wilbraham home. One of four daughters of James R. Voss and former Wilbraham Board of Selectwoman G. Louise Voss, Ms. Voss moved with her family to Wilbraham in 1968. Her parents have since moved back to their native Indiana. Astronaut Voss was an inspiration to young people everywhere but especially to the young women of Massachusetts and Western Massachusetts.

Accordingly, as a mark of respect to the memory of Janice Voss, at twenty-five minutes past three o'clock P.M., on motion of Ms. Candaras, the Senate adjourned to meet again on Monday next at eleven o'clock A.M.
