Remarks of Senator Paul W. Mark.

Great to play to a packed audience. Awesome to be here. It's a great honor to be elected to the Senate and to have the opportunity to make a first speech here today. I came to the Senate from the House of Representatives where I served for six terms and I want to mention that, while I was in the House, yes I spoke on the floor, but I actually never gave a ceremonial first speech. So, you may be asking how did that happen, how did that come about? I was an early newer Representative and a classmate of mine who later became the Chair of the Republican party, was making what I would call an incendiary speech that I found offensive. And in respect to what I was hearing and my desire to want to say something about it, I stood up abruptly and said Madam Speaker, I'd like to be heard, and I launched into a tirade against him, against his amendment, and when I finished I said I hope the amendment is not adopted, and the amendment was not adopted, and I sat down, and my former classmate now the Mayor of Melrose started slow clapping. He said, you know buddy you just gave your first speech, no ceremony, nothing. But it was preferable to me because it was a speech about something that I felt very passionate about and instead of being ceremonial I took the opportunity to say something and make sure that what I cared about was happened and was respected.

So because I never had the chance to give that ceremonial first speech on the House side I want to say thank you to the people that for twelve years elected me to the House of Representatives, the people that took a chance on a 31 year old who had never been elected to public office before, you rolled the dice, and I hope that dice roll paid dividends, I hope your investment paid off and it was a great honor to serve you. And I also want to thank the people of the 57 cities and towns of the Berkshire, Hampden, Franklin and Hampshire district, and those towns in alphabetical order are Adams, Alford...no, I'm kidding. I want to thank the people for taking another chance and electing me to serve a district that has

Remarks of Senator Paul W. Mark.

57 communities in all 4 western counties, that is actually bigger than the state of Rhode Island. And all of us elected here, we all actually represent about the same number of people, within 5% of each other at the most. So how does some of us have neighborhoods of a city, how does some of us have 4 or 5 towns, and how does one of us have a district that is twice as big as any other senate district in the state, the largest legislative district in the history of this commonwealth. Because 54 of the towns have a population of less than 10,000 people and about 40 of them actually have a population pf less than 5,000, and many of these communities can have as few as less than 1,000 people, and some have even fewer than 500 people. So from Pittsfield 41,000, to the city of North Adams about 11,000 people, to the smallest city in our commonwealth down to the tiny towns of Mt. Washington and Monroe which both have populations of less than 150 people, we have a very tough time having our voice heard and making our ends meet. So when you live in a town of 150 people, that means for property taxes, there might be 40 households that are paying it. So we are extremely reliant on every penny that we get from the state. A lot of the land is taken up in our small communities because it is state owned, it is not available to be developed, and we love being the stewards of that land for the rest of the Commonwealth, but in order for us to make that work in the smallest communities, sometimes we need help. And so I really appreciate that in this bill today that we are taking up there is going to be an inclusion of \$25M that is intended to be directed towards these smallest communities.

When you ask, how did it happen, how did we get the attention for these really small towns, I have to thank a couple of my colleagues for being involved. First of all, all of my colleagues in Western Massachusetts, all of my colleagues that are members of the Rural Caucus, always work together to make sure that these smallest towns have their voices heard and are treated as the equal to any other municipality in the state. But specifically, I want to name three people. The Chair of Transportation, the Chair of Ways and Means, and the President of our Senate. The three of them have spent time coming to western Massachusetts, coming to my district, already only in my third month in office, and hearing the concerns of the people. The Senate President visited Northern Berkshire County last week, she sat with the Mayor of North Adams, she listened to what was unique in our area, and it hit home. The Chair of Ways and Means sat through a question and answer period in the town of Lenox where about 50 town officials from all over my district came, from Berkshire, Hampshire and Hampden counties. And specifically, what I heard resonated with him was, commentary from the towns of Becket, Goshen, the Town of Washington and the town of Mt. Washington. Have you heard of these towns before? If not, they are extremely small and they made this pitch that we have circumstances that just are not the same as the great bulk of the population of the state of Massachusetts. And the Chair of Transportation has been to my district, has sat with rural leaders and has listened about how can we make a difference in the smallest towns.

As Vice Chair of that Committee, I am greatly honored to see this happening today. Because nothing in the Legislature happens by yourself. Coming from the House, and now spending this time in the Senate, none of us accomplish anything on our own. None of us are that great at speaking or thinking up stuff. It happens because we're part of a team who work together and collaborate together. So I am grateful to be now a member of this Chamber where the opportunity to collaborate is so much greater than it can be in the House. Because the numbers are so fewer, the chance to build one on one relationships is so amazing and already so productive.

I want to thank my members of my first term class, specifically the five of us, the Fab Five Freshmen. You've been amazing people to grow and learn with and collaborate together and I look forward to that continuing as we become part of this Team and we work this Team to make sure that every community in this state is winning.

So I'm happy to be here, I'm honored to speak, I thank you all and I hope the bill is adopted.

Ms. Creem in the Chair, on motion of Ms. Comerford, the above remarks were ordered printed in the Journal of the Senate.

After remarks, pending the question on adoption of the amendment previously recommended by the committee on Ways and Means striking out all after the enacting clause and inserting in place thereof the text of Senate document numbered 2375, and pending the main question on ordering the bill to a third reading, Messrs. Keenan and Timilty moved that the proposed new text be amended in section 2, by inserting, in line 22, after the word "department" the following words:- "; provided, however, that the funds shall be used for a \$300,000,000 annual appropriation"; and, in said section 2, by striking out, in line 22, the figure "\$200,000,000" and inserting in place thereof the following figure:- "\$600,000,000"; and, in section 10, by striking out, in line 56, the figure "\$225,000,000" and inserting in place thereof the following figure:- "\$625,000,000".

After remarks, the amendment was rejected.

Mr. Montigny moved that the proposed new text be amended by inserting after section 6 the following:-

"SECTION 6A. Said item 6921-2112 of said section 2I of said chapter 383 is hereby amended by inserting at the end thereof the following: - '; provided, that funds shall be made available for the Massachusetts Department of Transportation BusPlus Program commuter bus service connecting the town of Fairhaven, the city of New Bedford, the University of Massachusetts Dartmouth, the city of Taunton, and the city of Boston beginning April 15, 2023 until such time that commuter rail services commence in the city of New Bedford'."

The amendment was rejected.

Mr. Timilty moved that the proposed new text be amended by inserting after section 2 the following:-

"SECTION 2A. To provide for upgrades to the signals along route 28 in the town of Milton located at the intersection of route 28 and Hillside street and the intersection at route 28 and Reed street; and to provide for the installation of a traffic signal at the intersection of route 28 and Ridgewood road, and for the installation of traffic signal at the intersection of route 28 and Sassamon road \$800,000"; and in said section 2, by striking out, in line 22, the figure "\$200,000,000" and inserting in place thereof the following figure:- "200,800,000".

After remarks, the amendment was rejected.

The Ways and Means amendment was then adopted.

The bill, as amended, was then ordered to a third reading and read a third time.

PAPER FROM THE HOUSE

Engrossed Bill.

An engrossed Bill establishing a sick leave bank for Meredith Mingolelli-Cotter, an employee of the trial court of the commonwealth (see Senate, No. 2377) (which originated in the Senate), having been certified by the Senate Clerk to be rightly and truly prepared for final passage, was passed to be enacted and signed by the Acting President (Ms. Creem) (having been appointed by the President, under authority conferred by Senate Rule 4, to perform the duties of the Chair) and laid before the Governor for her approbation.

Moment of Silence.

At the request of the Mr. Fattman, the members, guests and staff stood in a moment of silence and reflection to the memory of the nine members of the United States Army who lost their lives when two Black Hawk helicopters collided over Fort Campbell in Kentucky.

Order Adopted.

On motion of Mr. Pacheco,--

Ordered, That when the Senate adjourns today, it adjourn to meet again on Monday next at eleven o'clock A.M., and that the Clerk be directed to dispense with the printing of a calendar.

Moment of Silence.

At the request of the Chair (Ms. Creem), the members, guests and staff stood in a moment of silence and reflection to the memory of Michael Gruenbaum.

Adjournment in Memory of Michael Gruenbaum.

The Senator from Norfolk and Middlesex, Ms. Creem, moved that when the Senate adjourns today, it shall adjourn in memory of Michael Gruenbaum of Brookline, who passed away on March 8th, 2023 at the age of 92.

Michael was born Misa Gruenbaum in Prague, Czechoslovakia on August 23, 1930.

Bill laid before the Governor.

Moment of silence.

Time of meeting.

Moment of silence.

His father, Karl, enjoyed a successful legal career. Suddenly, with the German occupation of Czechoslovakia in March 1939, the family's comfortable life ended. The Nazis confiscated their valuables and forced the family into a crowded ghetto, amid disease, starvation and deprivation. There, his father was arrested and murdered in 1941.

Just one year later, Michael was sent to Theresienstadt, also known as the Terezin concentration camp, with his mother, Margaret, and sister, Marietta. Despite the horrors behind the scenes, Terezin was a 'model' camp, famously used by the Nazis for propaganda purposes, including staged music and art performances for visiting Red Cross and dignitaries, between mass deportations to death camps. Fifteen thousand children passed through Terezin. They painted pictures, wrote poetry, and otherwise tried to maintain a vestige of normalcy, while about 90 percent of these children perished in killing centers. However, Michael and his family were spared because Margaret, a talented artist, bartered her skills for protection from transport to the Auschwitz extermination camp.

After liberation, Michael moved with his mother and sister to Paris and Cuba. In Havana, he attended an American high school, and received a BS in civil engineering at MIT and an MA in urban planning from Yale. Michael met his wife, Thelma, while working in Chicago after MIT. They moved to Brookline in 1956, where they raised three sons, and resided for over 60 years.

Michael only began speaking about his Holocaust tribulations in his 80's, after a successful career with the Boston Redevelopment Authority, the Massachusetts Department of Public Works, and the Bruce Campbell consulting firm. He dedicated this time to educating children about the Holocaust, visiting schools, publishing a book, and narrating a short film animated by his grandson, Benjamin, used in many classrooms today. Michael was passionate about preserving the memory of Terezin Concentration Camp, and he was active in the Terezin Music Foundation.

With the recent rise in anti-Semitism, it became additionally important to Michael to share his story with the next generation, to teach the dangers of such hatred and how it can grow. Through this work, he committed his final years to ensuring that we never forget the horrors of the Holocaust and remain vigilant in combatting hatred in all forms.

Michael is survived by three sons, David, Peter, and Leon, and four grandchildren. His late wife, Thelma, passed away in 2005. He will be missed dearly by the Brookline community and all who knew him.

Accordingly, as a mark of respect to the memory of Michael Gruenbaum, at twenty-six minutes past one o'clock P.M., on motion of Mr. Brady, the Senate adjourned to meet again on Monday next at eleven o'clock A.M.
