Observations and Recommendations

1. The inmate population was 25 at the time of inspection.

2. During the COVID-19 pandemic there have been several changes made to the conduct of inspections for the CSP, one of those changes made include reducing the amount of time CSP inspectors spend at one facility during an inspection. During the most recent inspection of your facility the CSP conducted an abbreviated inspection of

your facility focusing on those areas that have historically shown up on past reports as well as areas of high concern for health and safety. The focused inspection was conducted in an effort to reduce COVID-19 exposure to facility staff, inmates and CSP inspectors, because of this, the inspection report is significantly shortened. We hope to return to standard inspectional procedures soon.

This facility does not comply with the Department's Regulations cited above. In accordance with 105 CMR 451.404, please submit a plan of correction within 10 working days of receipt of this notice, indicating the specific corrective steps to be taken, a timetable for such steps, and the date by which correction will be achieved. The plan should be signed by the Superintendent or Administrator and submitted to my attention, at the address listed above.

To review the specific regulatory requirements please visit our website at www.mass.gov/dph/dcs and click on "Correctional Facilities" (available in both PDF and RTF formats).

To review the Food Establishment Regulations or download a copy, please visit the Food Protection website at www.mass.gov/dph/fpp and click on "Retail food". Then under DPH Regulations and FDA Code click "Merged Food Code" or "105 CMR 590.000 - State Sanitary Code Chapter X - Minimum Sanitation Standards for Food Establishments".

To review the Labeling regulations please visit the Food Protection website at www.mass.gov/dph/fpp and click on "Food Protection Program regulations". Then under Food Processing click "105 CMR 500.000: Good Manufacturing Practices for Food".
