Dear Clerks James and Hurley and Chairs Cusack, Moran, Michlewitz and Rodrigues,

Pursuant to Section 5 of Chapter 62F, as amended by the Acts of 2023, the Department of Revenue (DOR) hereby submits its March, 2024 report on year-to-date net state tax revenue for the current fiscal year, an estimate of net state tax revenue for the remainder of the current fiscal year, and an estimate of if, and when, net state tax revenue may exceed allowable state tax revenue for the current fiscal year.

Based on DOR's estimates of FY24 full fiscal year net state tax revenue and FY24 allowable state tax revenue, the Department currently projects FY24 full fiscal year net state tax revenue will not exceed FY24 allowable state tax revenue. DOR's estimates are based on currently available data and are subject to revisions as additional data becomes available.

Pursuant to subsection (d) of section 2BBBBBB of section 17 of chapter 29, 4% income surtax revenue shall not be subject to the allowable state tax revenue limitations established by chapter 62F.

Note that for the purposes of this report, year-to-date FY24 revenue and the full fiscal year estimate of FY24 revenue have been reduced by the amount of the 62F payments made in FY24 as a result of the 62F process. Chapter 62F provides that, to determine whether net state tax revenues have exceeded allowable state tax revenues in a fiscal year, net state tax revenues must be "decreased by the amount of state tax revenues abated or refunded." G.L. c. 62F, § 2. In FY24, the application of this statutory requirement results in a net state tax revenue figure that differs from FY24 revenue totals reported in other revenue reports and Commonwealth financial statements, which are issued pursuant to separate statutory authority. The net state tax revenue figure reported here applies only in the context of the 62F calculation for FY24.

Based on available data, DOR certified that tax revenues estimated to have been collected from the additional 4% income tax was \$408,190,406 during the period between July 1, 2023 and January 31, 2024. Please note that this amount is subject to revision in future certification periods as DOR further analyzes tax data.

1) For the purposes of this report, year-to-date FY24 revenue and the full fiscal year estimate of FY24 revenue have been reduced by the amount of the 62F payments made in FY24 as a result of the 62F process. Chapter 62F provides that, to determine whether net state tax revenues have exceeded allowable state tax revenues in a fiscal year, net state tax revenues must be "decreased by the amount of state tax revenues abated or refunded." G.L. c. 62F, § 2. In FY24, the application of this statutory requirement results in a net state tax revenue figure that differs from FY24 revenue totals reported in other revenue reports and Commonwealth financial statements, which are issued pursuant to separate statutory authority. The net state tax revenue figure reported

2) Pursuant to subsection (d) of section 2BBBBBB of section 17 of chapter 29, 4% income surtax revenues shall not be subject to the allowable state tax revenue limitations established by chapter 62F.

3) Pursuant to Section 20 of Chapter 28 of the 2023 Acts, the Department of Revenue (DOR) is required to certify to the State Comptroller, after each quarterly period during the fiscal year, the amount of tax revenues estimated to have been collected due to the additional 4% income tax levied pursuant to Article XLIV of the Amendments of the Constitution of the Commonwealth. Based on available data, DOR certified that tax revenues estimated to have been collected from the additional 4% income tax was \$408,190,406 during the period between July 1, 2023 and January 31, 2024. Please note that this amount is subject to revision in future certification periods as DOR further analyzes tax data.

4) Per M.G.L Chapter 62F, the State Auditor shall annually on or before the third Tuesday of September, independently determine whether net state tax revenues for the immediately preceding fiscal year exceeded the allowable state tax revenues for said fiscal year.
