Introduction

Section 39D(b) of Chapter 127 of the General Laws directs the Commissioner of Correction to report quarterly as to the status of Restrictive Housing in state facilities. According to the mandate, the Commissioner is to report quarterly and provide to the Restrictive Housing Oversight Committee, as to each Restrictive Housing unit within each state correctional facility, the following:

- the number of prisoners as to whom a finding of Serious Mental Illness has been made and the number of such prisoners held for more than 30 days;
- the number of prisoners who have committed suicide or committed non-lethal acts of self-harm;
- the number of prisoners according to the reason for their Restrictive Housing;
- as to prisoners in Disciplinary Restrictive Housing, a listing of prisoners with names redacted, including an anonymized identification number that shall be consistent across reports, age, race, gender and ethnicity, whether the prisoner has an open mental health case, the date of the prisoner's commitment to discipline, the length of the prisoner's term and a summary of the reason for the prisoner's commitment;
- the number of placement reviews conducted pursuant to clause (iv) and (v) of subsection (a) of section 39B and the number of prisoners released from Restrictive Housing as a result of such placement reviews;
- the length of original assignment to and total time served in Disciplinary Restrictive Housing for each prisoner released from Disciplinary Restrictive Housing as a result of a placement review;
- the count of prisoners released to the community directly or within 30 days of release from Restrictive Housing;
- the known disabilities of every prisoner who was placed in Restrictive Housing during the previous 3 months;
- the number of mental health professionals who work directly with prisoners in Restrictive Housing;
- the number of transfers to outside hospitals directly from Restrictive Housing;
- such additional information as the commissioner may determine

Methodology

Disciplinary Restrictive Housing is a placement of an incarcerated individual in Restrictive Housing in a state correctional facility for disciplinary purposes to serve a disciplinary sanction after a finding has been made that the incarcerated individual has committed a breach of discipline in accordance with 103 CMR 430, Inmate Discipline. Disciplinary Restrictive Housing ends when an incarcerated individual is released to general population or to a specialty unit that no longer confines one to a cell for more than 22 hours per day.

This report reflects that, with the exception of Disciplinary Restrictive Housing in the Department Disciplinary Unit (DDU)², Massachusetts Department of Correction (MADOC) no longer utilizes any form of Restrictive Housing at any facility. MCI Framingham ceased utilizing any form of Restrictive Housing as

¹ For the purposes of this report, incarcerated individuals who spend less than 24 hours in Disciplinary Restrictive Housing are counted as having spent one day in Disciplinary Restrictive Housing.

² With the dissolving of the DDU on June 16, 2023, the MADOC no longer utilizes restrictive housing at any facility.

of March 12, 2020. Moreover, as of May 18, 2022 at Souza Baranowski Correctional Center (SBCC) and April 4, 2022 at other facilities³, MADOC ceased utilizing Restrictive Housing (with the exception of Disciplinary Restrictive Housing in the DDU) and transitioned to a Behavior Assessment Unit (BAU) model of intervention.⁴ An incarcerated individual in Disciplinary Restrictive Housing is serving a sanction in the DDU for committing a severe violation of institutional rules. The DDU is located at MCI Cedar Junction (CJ), a medium security facility with a maximum component.

This report includes incarcerated individuals placed in Disciplinary Restrictive Housing in the DDU during the second quarter of 2023 (April 1 to June 30) as well as those who were already in Disciplinary Restrictive Housing in the DDU at the start of the quarter.

The data used for this report comes from the MADOC's Inmate Management System, MADOC Health Services Division, and MADOC Prison Division. Unless otherwise stated, incarcerated individuals' commitment numbers were utilized to arrive at the totals for each section.⁵

_

³ MCI Concord, NCCI Gardner, Massachusetts Treatment Center, MCI Norfolk, Old Colony Correctional Center, and MCI Shirley.

⁴ While in a BAU, incarcerated individuals are not housed in Restrictive Housing, as defined by G.L. c. 127, sec. 1, the American Correctional Association, or 103 CMR 423. The BAU houses individuals removed from general population due to unacceptable risk to facility safety and operations. While in the BAU, an interdisciplinary appraisal team identifies the underlying causes of behavior, identifies the individual's potential needs, and refers the individual for placement to an appropriate setting required to meet those needs. Additionally, individuals are offered a minimum of three hours out-of-cell time daily, a weekly wellness group, access to core general population programs (e.g., education and recidivism reduction programming) through tablets or packet work as applicable, and program tablets for self-directed enrichment work. BAU Monthly reports are available publicly at https://www.mass.gov/report/department-of-correction-reports.

⁵ It is possible that the same incarcerated individual could have been in MADOC custody under different commitment numbers during the quarter.

Section 1. Serious Mental Illness, Suicide, Self-Injurious Behavior

The following data table describes:

- The number of incarcerated individuals in Disciplinary Restrictive Housing as to whom a finding of Serious Mental Illness (SMI) has been made and the number of such individuals held in Disciplinary Restrictive Housing for more than 30 days; and
- The number of incarcerated individuals in Disciplinary Restrictive Housing who have committed suicide⁶ or committed non-lethal acts of self-harm⁷ (Self-Injurious Behaviors, or SIBs)

An incarcerated individual is indicated as SMI if he or she is diagnosed with an SMI prior to or during their placement in Disciplinary Restrictive Housing within the reporting quarter. An incarcerated individual is indicated as engaging in SIBs if he or she has a recorded SIB occurrence during the Disciplinary Restrictive Housing placement.

Section 2. Reasons for Placement in Restrictive Housing

The table describing the reason for Restrictive Housing placement will no longer be included in this report because, as detailed above, with the exception of Disciplinary Restrictive Housing in the DDU, MADOC no longer utilizes Restrictive Housing. Incarcerated individuals in Disciplinary Restrictive Housing in the DDU are there as a result of disciplinary sanctions for serious disciplinary offenses. Details of this subgroup are outlined in Section 4 of this report.

⁶ Suicide refers to a completed act ending one's life.

⁷ These Self-Injurious Behaviors (SIBs) include hanging, self-strangulation, asphyxiation, cutting, self-mutilation, ingestion of a foreign body, insertion of a foreign body, head banging, drug overdose, jumping and biting.

Section 3. Placement Reviews

The following table describes:

 The number of placement reviews conducted pursuant to clause (iv) and (v) of subsection (a) of section 39B and the number of incarcerated individuals released from Restrictive Housing as a result of such placement reviews

In accordance with clause (iv) of subsection (a) of M.G.L. c. 127, § 39B, after incarcerated individuals are placed in Disciplinary Restrictive Housing, they must receive placement reviews not later than 6 months after placement and every 90 days thereafter. The DDU placement reviews listed below reflect these data. While ongoing DDU placement reviews are preceded by a 24 hour notice, the incarcerated individual may waive the right to a placement review upon receipt of the 24 hour notice. Therefore, Table 3 below lists both the number of DDU placement reviews offered via 24 hour notice, and the number that actually occurred.

Section 4. Disciplinary Restrictive Housing

The following data table contains:

 A listing of incarcerated individuals in Disciplinary Restrictive Housing with names redacted, including an anonymized identification number that shall be consistent across reports, age, race, gender and ethnicity, whether the individual has an Open Mental Health case, the date of the individual's commitment to discipline, the length of the individual's term and a summary of the reason for the commitment

Incarcerated individuals described in Table 4a below are in Disciplinary Restrictive Housing serving a sanction for an offense in Category 1 or Category 2 as set forth in 103 CMR 430, <u>Inmate Discipline</u>.⁸ The stay of an incarcerated individual sanctioned to the DDU may be determined by more than one disciplinary report sanction. For the purposes of this report, the sanction term is aggregated to reflect all disciplinary sanctions an individual is expected to serve. Therefore, in some cases an individual's sanction term may exceed the 120-month maximum for a single disciplinary report.

⁸ Only Category 1 and 2 offenses have the option of carrying DDU sanctions. See Appendix II for offenses.

Section 4a. DDU Time Served and Release Upon Review

The following information describes:

 The length of original assignment to and total time served in Disciplinary Restrictive Housing for each incarcerated individual released from Disciplinary Restrictive Housing as a result of a placement review

In the second quarter of 2023, there were no releases from Disciplinary Restrictive Housing as a result of a DDU placement review.

Section 6. Disability, Mental Health Staffing, Hospital Transfers

The following data table describes:

- The known disabilities¹⁴ of every incarcerated individual who was placed in Disciplinary Restrictive Housing during this quarter;
- The number of mental health professionals who work directly with incarcerated individuals in Disciplinary Restrictive Housing; and
- The number of transfers to outside hospitals 15 directly from Disciplinary Restrictive Housing
