Re: Facility Inspection - Berkshire County Jail and House of Correction, Pittsfield

Dear Sheriff Bowler:

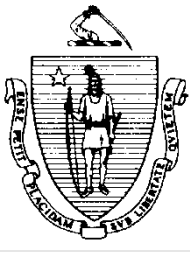

The Massachusetts Department of Public Health's, Bureau of Climate and Environmental Health (BCEH) reorganized and consolidated its seven programs into six divisions. The Community Sanitation Program is now the Division of Environmental Health Regulations and Standards (EHRS). Our division continues to support correctional facilities and has added expertise for indoor air quality assessments for schools and other municipal and state facilities. EHRS also used this opportunity to revise and update the format of the correctional bi-annual inspection reports. This revised format clarifies new and repeat deficiencies outlined in regulation 105 CMR 451.000 and organizes deficiencies based on the 451.100, 451.200 and 451.300 series of provisions, as well as other conditions that may constitute a threat to health and safety.

Throughout this process we understand there has been a delay in receiving your inspection report and we appreciate your patience and understanding as we finalize the new report template. As you receive your reports, please feel free to contact me if you have any questions or concerns.

Sincerely,

Re: Facility Inspection - Berkshire County Jail and House of Correction, Pittsfield

Dear Sheriff Bowler:

The Massachusetts Department of Public Health (Department) Division of Environmental Health Regulations and Standards (EHRS) conducted an inspection of the Berkshire County Jail and House of Correction on September 6, 2024 accompanied by Captain Robert McCluskey and Lieutenant Danielle Tyler, Compliance and Safety Supervisor, in accordance with Department Regulations 105 CMR 451.000: Minimum Health and Sanitation Standards and Inspection Procedures for Correctional Facilities.

The inspection identified 55 total deficiencies: 15 new deficiencies under the Required Standards (.100 and .200 series), 39 repeat deficiencies under the Required Standards, no new deficiencies under the Recommended Standards (.300 series), and one repeat deficiency under the Recommended Standards.

Overview

Section 1 provides details of all deficiencies, including repeat deficiencies, found during the inspection. These are categorized by Required Standards, Recommended Standards, or additional applicable regulatory standards.

Section 2 provides information on areas that EHRS found to be compliant

Section 3 documents the areas that EHRS did not inspect.

Section 4 provides information on submitting a Plan of Correction for the identified deficiencies.

Section 5 outlines observations and recommendations related to the inspection.

Shower Project Phase 1 (DCAMM # J115730-2) Start Date: 4/26/2019 Estimated Completion 4/30/24

This project was initially planned and submitted through DCAMM as an entire building project for all 8 pods. Due to the expected cost after the study, DCAMM asked if we can phase the project into "4" separate phases. After resubmission and certifying the study we have elected to start "Phase 1" with Pods E&F. Each phase will incorporate 2 housing units. The project is currently sitting at a \$1.2 million dollar cost estimate and this is in part of having Stainless Steel custom panel showers installed into existing 7 stalls per pod along with an epoxy coated Handicap Stall. Pitching of the HC stall for drainage and new ADA code compliance will also include structural and slab work. The project will also include all new mixing valves, shower controls and fixtures. **Phase 1 of the project has been completed as of April 2024, we requested funding for phase 2, we are waiting to hear back from DCAMM on the status, we should hear back shortly and construction will start approximately 3 months after we receive the ISA.**

Re: Plan of Correction - Berkshire County Jail and House of Correction, Pittsfield

Dear Sheriff Bowler:

The Massachusetts Department of Public Health, Division of Environmental Health Regulations and Standards (EHRS) has received your Plan of Correction in response to an inspection on September 6, 2024. After review, the EHRS finds the plan addresses all the deficiencies noted in the report with the following exceptions:

1. The ERHS appreciates the information provided on completion dates; however we cannot accept a Plan of Correction without specific corrective steps to be taken for each deficiency noted. Please provide the specific corrective steps taken for the areas where you indicate:
 - a. CAMIS # Completed; or
 - b. Completed.
2. The EHRS appreciates the estimated start and completion dates for the shower project that requires *DCAMM* funding. The EHRS would also like to be informed of your facilities interim measures you have implemented to ensure the health and safety of inmates and staff in these areas.

Thank you for your prompt attention to this matter, should you have any questions please contact me at the address listed above.

Sincerely,

Kerry Wagner, MPH
Field Supervisor, EAIII, EHRS, BCEH
Department of Public Health
67 Forest Street, Suite #100
Marlborough, MA 01752

Dear Kerry:

In compliance with your February 10, 2025 request, I am returning the Report of Conditions issued following the Department of Public Health's September 6, 2024, inspection of the Berkshire County Jail and House of Correction.

Corrective measures have been taken and are so indicated on the enclosed copies as follows:

1. Health and Safety Deficiencies: CAMIS completion descriptions for items #4, #8, #11, #13, #18, #23, #29 and #31.
Deficiencies Under Recommended Standards: CAMIS completion description for item #1.
2. Shower Project Requiring DCAMM funding / Interim Measures Taken to ensure health and safety of inmates and staff: Please see Memo from Primary Captain Robert McCluskey to A.D.S. Thomas Mazzeo dated March 4, 2025.

Should you require anything further, please do not hesitate to contact me.

Respectfully Submitted,

Thomas Bowler,
Sheriff of Berkshire County

Re: Corrective action for shower deficiencies.

In response to the DPH report dated January 6, 2025 regarding shower deficiencies in the housing units the facility has increased cleaning the showers twice a day, once at the end of first shift and again at the end of second shift using a new disinfecting acid bathroom cleaner (#73 shower cleaner). This process will continue in the interim until renovations of all showers within the facility are completed.

Re: Plan of Correction - Berkshire County Jail and House of Correction, Pittsfield

Dear Sheriff Bowler:

The Massachusetts Department of Public Health, Division of Environmental Health Regulations and Standards (EHRS) has received your Plan of Correction dated March 4, 2025. After review, the EHRS finds the plan addresses all the deficiencies noted in the report with the following exceptions:

1. The EHRS cannot accept a Plan of Correction without specific corrective steps to be taken for each deficiency noted. Please provide the specific corrective steps taken for the areas listed below where you indicate "Completed".
 - a. No paper towels at handwash sink in the Gym Staff Bathroom # RE03; and
 - b. No functioning thermometer in refrigerator in the Laundry Office.

Thank you for your prompt attention to this matter, should you have any questions please contact me at the address listed above.

Sincerely,

Re: Facility Inspection - Berkshire County Jail and House of Correction, Pittsfield

Dear Sheriff Bowler:

The Massachusetts Department of Public Health (Department) Division of Environmental Health Regulations and Standards (EHRS) conducted an inspection of the Berkshire County Jail and House of Correction on September 6, 2024 accompanied by Captain Robert McCluskey and Lieutenant Danielle Tyer, Compliance and Safety Supervisor, in accordance with Department Regulations 105 CMR 451.000: Minimum Health and Sanitation Standards and Inspection Procedures for Correctional Facilities.

The inspection identified 55 total deficiencies: 15 new deficiencies under the Required Standards (.100 and .200 series), 39 repeat deficiencies under the Required Standards, no new deficiencies under the Recommended Standards (.300 series), and one repeat deficiency under the Recommended Standards.

Overview

Section 1 provides details of all deficiencies, including repeat deficiencies, found during the inspection. These are categorized by Required Standards, Recommended Standards, or additional applicable regulatory standards.

Section 2 provides information on areas that EHRS found to be compliant

Section 3 documents the areas that EHRS did not inspect.

Section 4 provides information on submitting a Plan of Correction for the identified deficiencies.

Section 5 outlines observations and recommendations related to the inspection.

SECTION 4: Plan of Correction

This facility does not comply with the Department's Regulations cited above. In accordance with 105 CMR 451.404, please submit a plan of correction within 10 working days of receipt of this notice. The Plan of Correction must include:

1. Specific corrective steps to be taken
2. A timetable for the corrective actions for larger projects
3. The date by which correction will be achieved
4. Any interim measures being implemented to ensure the health and safety of incarcerated individuals and facility staff
5. The plan should be signed by the Superintendent or Administrator and submitted to my attention, at the address listed above.

SECTION 5: Observations and Recommendations

1. The inmate population was 187 at the time of inspection.
2. There were 39 repeat violations of the Required Standards found during the inspection.
 - a. The repeat violations of 105 CMR 451.123 relate to the shower facilities in the Housing Pods. In your plan of correction dated March 7, 2024, it indicates that the shower facilities are part of a DCAMM renovation project and identifies an anticipated completion date of April 2024. At the time of the inspection, Housing Pods E and F were unoccupied and under construction as part of this project.
 - i. EHRS requests an updated timeline for completion of the shower renovation project.
 - ii. EHRS recommends daily cleaning of the affected showers in the interim, until renovations of all shower facilities are completed.

To review the specific regulatory requirements please visit our website at www.mass.gov/dph/dcs and click on "Correctional Facilities" [105 CMR 451.000](#) is available in both PDF and RTF formats. For more specific information about the food standards, you can download the merged food code, which can be found [here](#).

An inspection may also include observations of other conditions which could constitute a threat to the health or safety of inmates or employees, including but not limited to the standards set forth by the Department as follows, and report on such pursuant to 451.402(B). You can use these links below to review these standards:

Shower Project Phase 1 (DCAMM # J115730-2) Start Date: 4/26/2019 Estimated Completion 4/30/24

This project was initially planned and submitted through DCAMM as an entire building project for all 8 pods. Due to the expected cost after the study, DCAMM asked if we can phase the project into "4" separate phases. After resubmission and certifying the study we have elected to start "Phase 1" with Pods E&F. Each phase will incorporate 2 housing units. The project is currently sitting at a \$1.2 million dollar cost estimate and this is in part of having Stainless Steel custom panel showers installed into existing 7 stalls per pod along with an epoxy coated Handicap Stall. Pitching of the HC stall for drainage and new ADA code compliance will also include structural and slab work. The project will also include all new mixing valves, shower controls and fixtures. **Phase 1 of the project has been completed as of April 2024, we requested funding for phase 2, we are waiting to hear back from DCAMM on the status, we should hear back shortly and construction will start approximately 3 months after we receive the ISA.**
