RE: County Registers Technological Fund
(September 2017) Plan for the Norfolk County Registry of Deeds

Dear Mr. Welch:

This is a submission of a plan for expenditure from the County Registers Technological Fund for the Norfolk County Registry of Deeds, and a request for referral of this plan to the Committee on Ways and Means and Post Audit and Oversight.

The proposed plan is consistent with the Registry's submitted IT profile, the provisions of Section 4 of Chapter 4 of the Acts of 2003, and MGL Chapter 29 Section 2KKK for the purposes of technological improvements at the Norfolk County Registry of Deeds utilizing systems interoperable with other like systems used by other registries. In preparing this plan I have consulted with the Commonwealth's Chief Information Officer and the State Secretary, as per the attached letters.

The specific proposed expenditures, totaling \$250,000.00, have been developed in conjunction with Norfolk Registry's Chief Information Officer, James Limbey, and are for

A. Registry of Deeds Indexed Documents - \$250,000.00

Detail including descriptions and proposed component costs is attached. All services (and equipment, where applicable) are to be obtained pursuant to the provisions of MGL Ch. 30B.

Thank you for your assistance in this matter.

Sincerely yours,

William P. O'Donnell
