To the Members of the Special Commission on Correctional Consolidation and Collaboration:

Enclosed, please find a sampling of documents from the past several years that attempt to tell a richer story of the rehabilitative work and community engagement that takes place at the Hampshire Sheriff's Office.

It is important to note that most of the documents collected here were shared directly with the Hampshire County legislative delegation, all Hampshire County media, and the HSO's FaceBook page. Many other documents are communications with The Executive Office of Administration and Finance, as well as the Joint Committee on Ways and Means. All documents contained herein are, and have been, readily accessible to members of the Legislature, as well as the general public.

As always, my staff and I stand ready to provide as much information as the Commission believes is required to produce thoughtful recommendations for the future of the Massachusetts carceral system.

Thank you.

Patrick J. Cahillane
Sheriff, Hampshire County
