

January 4, 2019

Michael Hurley
Senate Clerk
Room 335
State House
Boston, MA 02133

Dear Mr. Hurley,

It is my pleasure to submit to you an updated report on ***Home and Healthy for Good: A Solution-Driven Model***, pursuant to the dictate outlined in Fiscal Year 2019 State Budget Line Item 7004-0104. As of December 2018, 1,045 people have been housed! This report details the implementation of this program, information about the number of people served, the average cost per participant, the demographics of those served, residential stability, and projected cost-savings in state-funded programs.

We at the Massachusetts Housing and Shelter Alliance would like to thank you on your leadership on the homeless issues and your continued support for chronically homeless individuals.

Sincerely,

Thomas Brigham
Director of Massachusetts Alliance for Supportive Housing
