Re: Massachusetts Joint Transportation Committee Oversight Hearing

To Whom It May Concern:

As House and Senate chairs of the Joint Committee on Transportation, we write with respect to the above-referenced oversight hearing that the Committee will be holding on July 22, 2019 at 10 am in Gardner Auditorium at the State House. The purpose of the oversight hearing is to inform the Committee of the facts and circumstances surrounding the failure of the Registry of Motor Vehicles to suspend the license to operate of Volodymyr Zhukovskyy following his arrest for operating under the influence in Connecticut. Zhukovskyy was subsequently involved in a motor vehicle accident in New Hampshire that took the lives of 7 motorcyclists.

Because Fast Enterprises is the vendor responsible for installation of the RMV's ATLAS system – and specifically the licensing systems that went online in March 2018 – we believe a representative from Fast Enterprises with knowledge of the project would greatly assist the Committee as we attempt to develop an understanding of RMV operations in this area.

We therefore request that you provide us with the name of an employee who could serve as a suitable witness, or, in the alternative, the name of the project lead for the ATLAS installation, and ask that they be in attendance and ready to testify at the time and place noted above.

We thank you for your prompt attention to this request.

Sincerely,
