## INDEPENDENT AUDITOR'S REPORT

To the Advisory Board of the Southeastern Regional Transit Authority  
New Bedford, Massachusetts

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of the Southeastern Regional Transit Authority ("the Authority") as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate remaining fund information of the Southeastern Regional Transit Authority, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

*Continued*

## SOUTHEASTERN REGIONAL TRANSIT AUTHORITY

### Other Matters

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and certain pension and other post-employment information, as outlined in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the Authority's basic financial statements. The budgetary comparison, the statement of revenue and cost of service, and the statement of unreimbursed cost of service are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The budgetary comparison, the statement of revenue and cost of service, and the statement of unreimbursed cost of service have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2019 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Authority's internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited)

For the Year Ended June 30, 2019

The Authority's discussion and analysis of Southeastern Regional Transit Authority's financial performance provides an overview of the Authority's financial activities for the years ended June 30, 2019 and June 30, 2018. This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the Authority's finances. The summary should not be taken as a replacement for the audit which consists of the financial statements and other supplementary information that presents all the Authority's revenues and expenses.

Please read this management discussion and analysis in conjunction with the Authority's basic financial statements, which begin on page 11.

**FINANCIAL Highlights:**

- Total operating revenue increased slightly from \$2,636,781 in fiscal year 2018 to \$2,732,295 in fiscal year 2019 (a 3.6% increase).
- Total operating expenses increased from \$21,022,420 in fiscal year 2018 to \$21,872,768 in fiscal year 2019 (a 4.0% increase).
- Operating assistance from the Commonwealth increased \$112,507 during fiscal year 2019 and federal operating assistance increased \$781,915 during fiscal year 2019 versus fiscal year 2018.

*Using the Annual Report:*

This annual report consists of four parts - *management discussion and analysis* (this section), the *basic financial statements*, *required supplementary information* and *supplementary information*.

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority is a special purpose government engaged in only business-type activities.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements consist of the statement of net position, the statement of activities and the statement of cash flows. These statements include all assets, deferred outflows of resources, liabilities, deferred inflows of resources and the net position of Southeastern Regional Transit Authority. The statement of net position presents the assets, deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference reported as net position. The statement of activities shows in broad terms how the net position changed during the fiscal year. The statement of cash flows summarizes the movement of cash and the utilization of resources during the year. The notes to the financial statements provide additional information that is essential to the understanding of the data provided in the basic financial statements.

Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating. There are three allowable categories of net position as prescribed under GASB 34; net position invested in capital assets, net of related debt; net position that is restricted in use, and net position that is unrestricted.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis (Unaudited) (Continued)

For the Year Ended June 30, 2019

**CONDENSED FINANCIAL INFORMATION**

**Net Position.** The Authority's net position decreased between fiscal years ended June 30, 2019 and June 30, 2018 by \$1,862,222 on the GAAP basis. The largest contributing factor to this decrease in 2019 was depreciation expense, which was \$3,035,489. Depreciation expense exceeded capital grants (which totaled \$1,248,581) by \$1,786,908. Any cost of service in excess of revenue is reimbursed by Commonwealth of Massachusetts operating assistance (currently formula based and forward-funded), with a portion of net cost of service assessed to the cities and towns served by the Authority. The remainder is funded through federal operating assistance pursuant to Section 9 of the Urban Mass Transportation Act of 1964. See Table 1.

(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis (Unaudited) (Continued)

For the Year Ended June 30, 2019

**Changes in Net Position.** The Authority's total operating revenue increased by 3.6% to \$2,732,295. Operating expenses also increased by \$850,348 in the current year due to increases in charges to net pension liabilities and depreciation, on the GAAP basis and an increased demand for paratransit services which increased labor costs for that line item.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis (Unaudited) (Continued)

For the Year Ended June 30, 2019

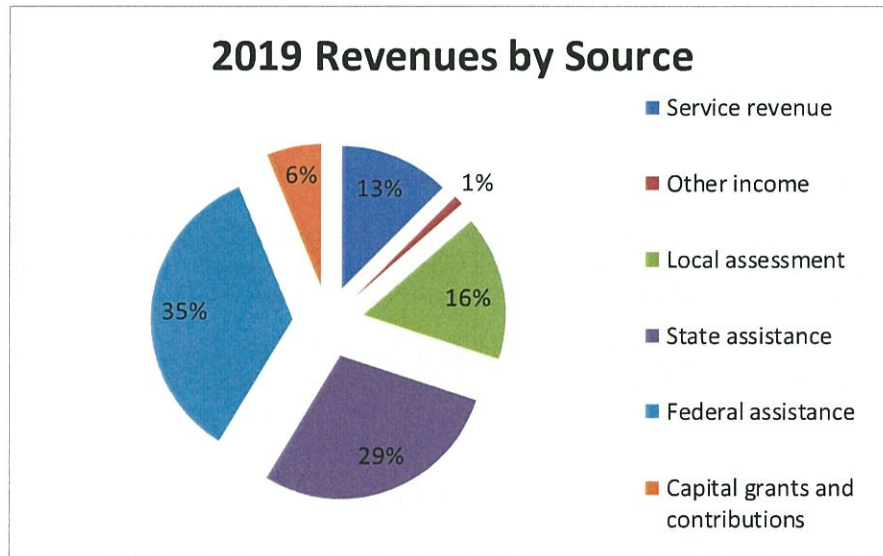

**ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS**

Approximately 70% for 2019 and 73% for 2018 of the Authority support comes from federal and state operating assistance and from federal and state capital grants and contributions. The capital grants are to be used for various purposes connected with the planning, modernization and expansion of transportation and facilities. These grants are deferred until such time as the related facilities are put into service. Then the grants are amortized over the estimated useful life of the assets as a reduction of unreimbursed cost of service. The remaining revenues of service, other revenue and local assessments to member communities generate the remaining 30% for 2019 and 27% for 2018. See Table 3.

The operation of bus service is contracted to Southcoast Transit Management, Inc. and a management fee is paid. Transportation service expenses are reimbursed to Southcoast Transit Management weekly upon receipt of an invoice detailing the 2019 weekly expenses. Approximately 65% of the operating cost relates to the cost of transportation services (i.e., salaries and fringe benefits) with 14% of the operating cost representing non-cash depreciation and amortization costs for 2019 as well as 14% of the costs relating to general and administrative costs. See Table 4.

Approximately 62% of the operating cost relates to the cost of transportation services (i.e. salaries and fringe benefits) with 14% of the operating cost representing non-cash depreciation and amortization costs for 2018.

*Table 3*

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis (Unaudited) (Continued)

For the Year Ended June 30, 2019

**Table 4**

**DISCUSSION AND ANALYSIS OF BALANCES AND TRANSACTIONS**

The Authority finished the current year with a decrease in net position of \$1,862,222. The decrease is a result of depreciation exceeding purchases of capital assets for the current fiscal year, coupled with increases in pension and OPEB expense, as a result of the experience of the Authority's three pension plans and its OPEB plan.

The Authority's capital improvement program provides for the replacement and expansion of the present bus fleet and other transportation equipment and the construction of the bus loading facilities, of which \$80,231,173 has been approved for grant spending through June 30, 2019. (See Note 2)

**DISCUSSION AND ANALYSIS OF SIGNIFICANT BUDGET VARIANCES**

The Authority did revise its budget during fiscal year 2019 as a result of overall operations. Unfavorable variances were present only in intermodal centers, fuel and insurance. These unfavorable variances totaled \$10,502. The remaining categories had favorable variances. See the "Supplementary Information" section for more information.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis (Unaudited) (Continued)

For the Year Ended June 30, 2019

**DISCUSSION OF SIGNIFICANT CAPITAL ASSETS AND LONG-TERM DEBT ACTIVITY DURING THE YEAR**

At the end of fiscal year 2019, the Authority had invested \$51,376,901 in property, plant and equipment. \$16,989,057 had been invested in buildings and improvements; \$1,924,712 is invested in non-depreciable assets (land and construction in progress) with the remaining \$32,463,132 in buses and equipment. This amount represents an 2.2% increase or \$1,119,159 over fiscal year 2018 when the Authority had \$50,257,742 invested in property, plant and equipment of which \$16,989,057 had been invested in buildings and improvements, \$1,924,712 was invested in non-depreciable assets, with the remaining \$31,660,365 in buses and equipment. More detailed information about the Authority's capital assets is presented in the notes to the basic financial statements.

	<u>2019</u>	<u>2018</u>	<u>Change in Balances</u>
Land	\$ 326,611	\$ 326,611	\$ -
Construction in progress	1,598,101	1,541,504	56,597
Building and improvements, net	7,787,996	8,049,985	(261,989)
Buses and equipment, net	10,994,489	13,098,669	(2,104,180)
Service equipment, net	222,839	229,395	(6,556)
Furniture and fixtures, net	9,466	21,006	(11,540)
Computers, net	921,931	342,220	579,711
Planning, net	416,311	455,263	(38,952)
Total	<u>\$ 22,277,744</u>	<u>\$ 24,064,653</u>	<u>\$ (1,786,909)</u>

As of June 30, 2019 the Authority had \$4,254,041 in revenue bonds outstanding at the end of the fiscal year. The purpose of these bonds is to provide cash flow when the revenue from the FTA, Local Assessment and State Contract Assistance is received at a later date. Under Chapter 161B of the Massachusetts General Laws, the Commonwealth is required to pay principal and interest that is due on any of the Authority bonds issued when the Authority does not have the funds available. The amount of revenue bonds outstanding at June 30, 2019 provide necessary cash flow to cover the expanded services being provided during prior fiscal years for which local assessment receipts (i.e. the physical cash receipts) will not be collected until fiscal years 2020 and 2021.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS**

SRTA will receive Statewide 5339 Small Urban Funding for FFY2019 which can be used for Bus and Bus Facilities. This funding rotates between three Small Urban systems within Massachusetts, each year. SRTA intends to use this funding for repairs at each of its four facilities. SRTA's dependency on federal funding has grown over the past few years. With the 2020 census approaching, SRTA is watching closely for potential impacts on the New Bedford UZA. There is a chance for Providence and New Bedford to become one Large Urban Area. This change could drastically limit Federal Funding available to SRTA's ability to flex the use of funding toward operating expenses.

In the development of the State's FY19 budget, the Legislature required that MassDOT form a task force comprised of RTA Administrators, MassDOT officials, State Representatives and State Senators to develop a statewide transportation policy that guides levels of service and corresponding performance. During this Task Force, basic levels of funding were identified and made available provided that the RTA's work with MassDOT to improve communication and transparency with regards to performance and the use of data driven management decisions. The next phase of work for the Task Force is to develop a funding formula that rewards performance and good stewardship across all of the Regional Transit Systems. The State FY20 budget saw an increase in base funding along with new opportunities for discretionary distributions.

Lastly, SRTA's ridership has improved, which modestly boosted fare revenue. In May of 2019, SRTA began work with SRPEDD on a new fare equity analysis. The last analysis was completed in 2012, and in conjunction with the implementation of a modernized revenue collection system. This new fare analysis update will help guide the next evolution of fare structure as SRTA explores moving to digital fare payment technologies.

Notes to Financial Statements

June 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

The financial statements of the Southeastern Regional Transit Authority ("the Authority") have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP"). The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

*Reporting Entity*

The Southeastern Regional Transit Authority ("the Authority") was established on April 24, 1974 and commenced operations on July 1, 1974, pursuant to Chapter 1141 of the Acts of 1973 of the Commonwealth of Massachusetts ("the Commonwealth"), Massachusetts General Law 161B to provide public transportation for the territory comprised of the cities of New Bedford and Fall River and the Towns of Acushnet, Dartmouth, Fairhaven, Freetown, Mattapoisett, Somerset, Swansea and Westport. Beginning in 1974, the Authority entered into an operating agreement with a contracted operator who would provide public transportation in the Authority's service area at levels and on routes specified by the Authority, as required by MGL Chapter 161B, Section 25.

Such agreements are put out to bid in three year intervals, the most recent agreement beginning on June 1, 2017. The Authority has the exclusive right and option to extend the agreement for two additional one year terms. The Authority has the right to terminate the agreement in writing, 90 days prior to the end of the term or with 90 days' notice upon termination based on good cause, for lack of funding for the transit system or for convenience. The Authority provides the full financial support necessary to reimburse the operator for losses sustained in the operating of service, plus an annual management fee for each year of the contract.

The financial statements present information on activities of the Authority for which the Advisory Board has oversight responsibility. The criteria, as established by the Governmental Accounting Standards Board, for inclusion of activities in the oversight entity's financial statements are: selection of governing authority, designation of management, ability to significantly influence operations, accountability over fiscal matters and scope of public service. Accordingly, the accompanying statements of revenue, expenses and changes in net position include the revenues and expenses of the operator incurred in the operation of transportation services.

*Component Units*

In conformity with accounting principles generally accepted in the United States of America, management has evaluated any potential component units being considered for inclusion in the financial reporting entity.

GASB Statement No. 61 modified existing requirements for the assessment of potential component units in determining what should be included in the financial reporting entity and applicable financial reporting entity disclosure requirements. Based on GASB Statement No. 61 guidance, organizations that previously were required to be included as a component units by meeting the fiscal dependence criterion now must also have a "financial benefit or burden relationship" present between the primary government and that organization for it to be included in the reporting entity as a component unit. Pursuant to this GASB pronouncement, no component units were identified based on management's evaluation for inclusion in the accompanying financial statements. Additionally, the accompanying financial statements are incorporated into the financial statements of the Commonwealth as the Authority is a component unit of the Commonwealth's Department of Transportation.

*Basis of Accounting*

The operations of the Authority are accounted for as an enterprise fund on the accrual basis in order to recognize the form of economic resources. Under this basis, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, depreciation of assets is recognized, and all assets and liabilities associated with the operations of the Authority are included in the Statement of Net Position. Operating revenues and expenses result from providing transportation services to member communities. All other revenue and expenses are reported as nonoperating revenue and expenses.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)***

*Basis of Accounting (Continued)*

Under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Government Entities that use Proprietary Fund Accounting*, the Authority has adopted the option to apply only those Financial Accounting Standards Board (FASB) statements and interpretations issued before November 30, 1989, that do not conflict with or contradict GASB pronouncements. Only GASB pronouncements issued after this date will be followed.

*Budgeting*

Under Massachusetts General Law Chapter 161B, Section 8h, the Authority adopts an annual operating budget for the planning and administrative activities. The budgeting process enables the Authority to determine the annual contributions required from the member jurisdictions and the Commonwealth of Massachusetts to fund its planning and administrative activities. The budget is prepared on the accrual basis. Depreciation/amortization of grants are not recognized as an expense as these expenses are not budgeted each year. These expenses are reclassified for the purpose of preparing financial reports in accordance with GAAP.

*Unreimbursed Cost of Service*

Massachusetts General Law Chapter 161B Section 10, provides that the Commonwealth shall reimburse the Authority for the Net Cost of Service, as defined by MGL Chapter 161B Section 1. The Net Cost of Service includes a charge equal to the payments made on long-term debt during the period, but does not include charges for depreciation/amortization or grants for operating assistance from the Federal Department of Transportation. The Net Cost of Service is that amount remaining of the net operating expense after the local assessment is taken. This balance is the contracted amount owed by the Commonwealth as State Contract Assistance.

The cost of service in excess of revenue presented in the accompanying Statements of Revenue, Expenses and Changes in Net Position differs from the Net Cost of Service because the Authority follows generally accepted accounting principles for financial reporting purposes. The following table reconciles the Authority's cost of service in excess of revenue to its Net Cost of Service for the year ended June 30, 2019.

Balance at beginning of year	\$	-
Cost of service in excess of revenue		(19,131,456)
Expenses not reimbursable and other operating assistance:		
Depreciation and amortization in excess of principal payments on long-term debt		3,035,489
Local assistance		3,293,539
Federal operating assistance including associated capital maintenance and expanded services		7,036,414
Rounding differences		(2)
Net cost of service		(5,766,016)
Net cost of service reimbursed by the Commonwealth		5,766,016
Over reimbursement of cost of service	\$	-

For financial reporting purposes, the Authority follows the generally accepted accounting principle of depreciating the cost of property over its estimated useful life. The cumulative excess and principal payments on long-term debt are charged to the unreimbursed cost of service account and are recovered in years when the sum of grant amortization and principal payments made on long-term debt exceed depreciation.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)***

*Cash and Cash Equivalents*

Cash and cash equivalents consist of cash on hand and amounts on deposit with banks, including certificates of deposit with maturities of 90 days or less.

*Grants and Other Receivables*

The Authority carries its accounts receivable at an amount equal to uncollected but earned revenue less write-offs. On a periodic basis, the Authority evaluates its' accounts receivable and utilizes the direct write-off method. Accounts receivable are considered delinquent if not in accordance with the contractual terms. Receivables are written off after collection efforts have failed.

*Accrued Sick and Vacation*

Authority employees are granted vacation and sick leave in varying amounts. At the end of employment, an employee may be reimbursed for accumulated vacation days and sick days if certain conditions are met. The Authority records accrued sick and vacation costs as an accrued expense.

*Net Position*

The Authority reports net position as restricted when legally segregated for a specific use or for other special purposes. Otherwise, these balances are considered unrestricted.

Legal restrictions on net position as of June 30, 2019 consisted of the Authority's stabilization fund and its extraordinary repairs reserve. The "investment in capital assets" section of net position represent resources related to the capital assets of the Authority.

*Capital Assets*

Capital assets are recorded at historical cost, while donated fixed assets are recorded at fair market value as of the date of the gift with an aggregated cost of \$1,000 or more and a useful life of more than one year.

Depreciation is charged to operating expense, based on the straight-line method, at rates that are designed to amortize the cost of the property over its estimated useful life. The estimated useful lives on the depreciable portion of the major categories of transportation property are as follows:

	<u><b>Estimated Useful Life</b></u>
Buildings and improvements	10 - 40 years
Buses and equipment (including service equipment)	3 - 12 years
Furniture and fixtures	6 - 10 years
Planning	10 years

When property and equipment are disposed, depreciation is removed from the respective accounts, and the resulting gain or loss, if any, is recorded in operations. In fiscal year 2019, this gain/loss was immaterial to the Statement of Revenues, Expenses and Changes in Net Position.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)***

*Grants*

The Authority receives grants from certain governmental agencies to be used for various purposes connected with the planning, modernization and expansion of transportation and facilities. These grants are deferred until such time as the related facilities are put into service. The grants are then amortized over the estimated useful lives of the assets as a reduction of the unreimbursed cost of service.

In addition, the Authority receives grants for operating assistance from the Federal Department of Transportation and the Commonwealth Department of Transportation. Those funds are credited to the Net Cost of Service, as they are a reduction of the amounts that would otherwise be paid by the 10 cities and towns constituting the Authority. Capital grants of the Authority are reported as revenue rather than contributed capital as required by GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

*Materials, Supplies and Inventory*

The Authority uses the weighted average cost method for valuation purposes. The costs of inventory items are recorded as expenditures when used.

*Income Taxes*

The Authority is exempt from Federal and Commonwealth of Massachusetts income taxes since it is a public body established by statute.

*Advertising*

Advertising costs are expensed as incurred. Advertising costs totaled \$230 for the year ended June 30, 2019.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes and disclosures. Actual results could differ from those estimates.

*Concentration of Credit Risk*

Financial instruments which potentially subject the Authority to concentrations of credit risk consist principally of investments, cash equivalents and grant receivables. The Authority's cash equivalents were with various credit-worthy financial institutions, investments consisted of grant receivables due from Federal, state and local assessments. The Authority considers the credit risk associated with financial instruments to be minimal.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Implementation of New Accounting Principles

For the year ending June 30, 2019, the Authority implemented the following pronouncements issued by the GASB:

- GASB Statement No. 83, *Certain Asset Retirement Obligations*
- GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*

The implementation of Statement Nos. 83 and 88 had no material reporting impact for the Authority.

Summary of Significant Accounting Policies – City of New Bedford Contributory Retirement System

*Pensions.* For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of New Bedford’s Contributory Employees’ Retirement System (“the System”) and additions to/deductions from the System’s fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Summary of Significant Accounting Policies – Hourly Plan

*Pensions.* For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Pension Plan of the Southeastern Regional Transit Authority and South Coast Transit Management Inc. for Employees Covered by Collective Bargaining (“the Hourly Plan”) and additions to/deductions from the Hourly Plan’s fiduciary net position have been determined on the same basis as they are reported by the Hourly Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Summary of Significant Accounting Policies

*Pensions.* For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Salaried Employees’ Pension Plan of the Southeastern Regional Transit Authority and South Coast Transit Management, Inc. (“the Salaried Plan”). Additions to/deductions from the Salaried Plan’s fiduciary net position have been determined on the same basis as they are reported by the Salaried Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. **CAPITAL IMPROVEMENT PROGRAM AND RELATED GRANTS**

The Authority’s capital improvement program provides for the replacement and expansion of the present bus fleet and other transportation equipment and the construction of bus loading facilities. Grant spending net depreciation/amortization is as follows:

	Federal	State, Local & Other	Total
Approved grant spending through June 30, 2019	\$ 59,143,846	\$ 21,087,327	\$ 80,231,173
Amortization	(45,991,986)	(12,455,909)	(58,447,895)
Net grants balance	\$ 13,151,860	\$ 8,631,418	\$ 21,783,278

Receivables for capital grant expenditures from the federal and state governments were \$125,769 as of June 30, 2019. The expenditures were funded by transportation bonds and operating funds.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

3. ***CASH, CASH EQUIVALENTS AND INVESTMENTS***

Cash and investments as of June 30, 2019 is classified in the accompanying financial statements as follows:

Cash and investments – business-type activities	\$414,092
Cash and investments – fiduciary funds	\$134,944

Deposits are in various financial institutions and are carried at cost which approximates market value. The carrying amount of deposits is displayed in the Statement of Net Position as “Cash”. Petty cash is included in the presentation of cash on the Statement of Net Position in the amount of \$1,137 on June 30, 2019.

Custodial credit risk for deposits is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party.

At year end the Authority’s carrying amount of deposits was \$549,036, including \$1,137 of petty cash and the bank balance was \$746,070. Of the bank balance, \$611,125 was covered by Federal Depository Insurance and \$0 was covered by the Depository Insurance Fund.

The OPEB trust fund, which has a balance of \$134,944 at June 30, 2019, is not FDIC or DIF insured as it contains stocks, bonds, mutual funds and other securities that are not bank deposits or obligations, are not guaranteed by any bank and are not insured or guaranteed by the FDIC, the Federal Reserve Board, or any government agency.

The Authority has not formally adopted a deposit and investment policy that limits the Authority’s allowable deposits and investments and addresses the specific types of risk to which the Authority is exposed.

Notes to Financial Statements (Continued)

June 30, 2019

4. ***INVESTMENTS – DEFINED BENEFIT PENSION PLANS AND OPEB TRUST FUND (CONTINUED)***

**c.) OPEB TRUST FUND**

The Authority holds investments that are measured at fair value on a recurring basis. Recurring fair value measurements are those that the GASB Statement requires or permits in the Statement of Net Position at the end of each reporting period. Because investing is not a core part of the Authority's mission, the Authority determined that the disclosures related to these investments only need to be disaggregated by major type. The Authority chose a narrative format for the fair value disclosures of the OPEB Trust Fund instead of using a tabular format for disclosing the levels within the fair value hierarchy.

The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles and GASB Statement No. 72, Fair Value Measurement and Application. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. The Authority has the following recurring fair value measurements as of June 30, 2019:

**Debt Securities:**

- Fixed Income Mutual Funds totaling \$59,270 are valued using quoted market prices (Level 1 inputs)

**Equity Securities:**

- Equities totaling \$73,641 are valued using quoted market prices (Level 1 inputs)

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

5. ***DUE FROM COMMONWEALTH OF MASSACHUSETTS***

The Authority receives various forms of assistance from the Commonwealth for operating assistance as provided in enabling legislation under which the Commonwealth will pay the Authority a portion of its net cost of service. At June 30, 2019, the Authority was owed from the Commonwealth local assessments from fiscal year 2018 and 2019, as well as state capital grant funding. The Commonwealth's department providing this support is the Executive Office of Transportation.

The following is the amount due to the Authority as of June 30, 2019:

<u>Date Received</u>	<u>Commonwealth Appropriation Account Number</u>	<u>Commonwealth Department Name</u>	<u>Appropriation Number / Payment Ref</u>	<u>Fiscal Year of Appropriation</u>	<u>Amount</u>
7/22/2019	N/A	Treasurer	104339-12	FY19 Local Assessment	\$ 260,783

(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

**6. LOCAL ASSESSMENTS**

The Authority's net cost of service is also funded through assessments to member municipalities, which may increase by no more than 2.5% annually *plus* the members' share of any new services. (MGL Chapter 59 Section 20A). The increase above 2.5% as noted below is as a result of a votes of the Authority's Advisory Board where the Board voted for expanded services to the participating communities (beginning with fiscal year 2015).

Below is a comparison of local assessments to member communities under the provisions of MGL Chapter 161B Section 9 for the current and prior fiscal year as well as the upcoming fiscal year.

Please note – the fiscal year indicated below is based on the “Cherry Sheet” year, not the year in which the local assessments were *earned*. For example, the amount budgeted for local assessments in the fiscal year 2019 budget will not be assessed on the Cherry Sheets until fiscal year 2021.

Member Communities	2018	2019	Percent Change*	2019 Member Allocation
New Bedford	\$ 1,179,064	\$ 1,211,498	2.8%	38.7%

Depreciation expense was \$3,035,487 for the fiscal year ended June 30, 2019.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

**8. NOTES PAYABLE AND LINES OF CREDIT**

The Authority is subsidized by the Commonwealth for its annual "Net Cost of Service" as defined in the legislation. These subsidies are funded subsequent to the year in which the costs are incurred. Therefore, the Authority issues revenue anticipation notes to cover cash from deficiencies until funding is received.

Under Chapter 161B of the Massachusetts General Laws, the Commonwealth is required to pay principal or interest that is due on any of the Authority's bond or note issues if the Authority does not have the funds available.

At June 30, 2019, the Authority had a revenue anticipation note of \$4,250,000 outstanding with interest rate of 2.50% due to mature on August 23, 2019. Of the balance on the note, an unamortized premium of \$4,041 remains. The original premium on the note when issued was \$24,243.

The revenue anticipation notes acquired during 2019 were for the purposes of funding operating expenses. Interest expense for 2019 on revenue anticipation notes was \$102,990.

Note Type	Interest Rates	Issuance Dates	Maturity Date	Beginning Balance	Acquisitions	Premium	Dispositions	Amortized Premium	Ending Balance	Interest Paid
RAN	1.50%	8/25/17	8/24/18	\$ 4,252,868	\$ -	\$ -	\$ (4,250,000)	\$ (2,868)	\$ -	\$ 7,246
RAN	2.50%	8/24/18	8/23/19	-	4,250,000	24,243	-	(20,202)	4,254,041	95,744
				<u>\$ 4,252,868</u>	<u>\$ 4,250,000</u>	<u>\$ 24,243</u>	<u>\$ (4,250,000)</u>	<u>\$ (23,070)</u>	<u>\$ 4,254,041</u>	<u>\$ 102,990</u>

The Authority opened a revolving line of credit dated July 5, 2018 in the amount of \$750,000, with an interest rate equal to that of the Prime Rate as published by the Wall Street Journal minus 0.50%, with no floor rate, to cover short-term cash needs while State contracts were in process of being executed. The assets of the Authority act as collateral on the line of credit in the event of a default. At June 30, 2019, the Authority had no outstanding balance on the line of credit.

**9. FEDERAL CONTRACT ASSISTANCE**

The Authority is eligible for grants of operating assistance from the Federal Department of Transportation. Pursuant to Section 5307 of the Federal Transit Administration T21, as amended, the federal government will fund up to 50% of the Authority's Net Cost of Service, as defined. Federal operating assistance amounted to \$6,035,868 for the year ended June 30, 2019. Additionally, the Federal government funded \$800,000 of preventative maintenance costs and \$178,646 of ADA Paratransit services.

The United States Department of Transportation approves capital grants to fund up to 80% of the Authority's capital improvement projects. Capital grants of the Authority are reported as revenue rather than contributed capital as required by GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*. In addition, the Federal government may fund up to 80% of the Authority's preventative maintenance and ADA services costs.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

10. ***STATE CONTRACT ASSISTANCE***

The Authority has a contract with the Commonwealth of Massachusetts for operating assistance (MGL Chapter 161B Section 23) providing the Authority with up to 50% of the Authority's net cost of service be paid by the Commonwealth and shall not be assessed upon the cities and towns constituting the Authority. Funding is determined in the Commonwealth's budget and is divided between RTAs based on a formula considering such factors as size and operating environment, as well as ridership and previous state funding levels. Total State Contract Assistance (SCA) for fiscal year 2019 totaled \$5,766,016, an increase of \$112,507 over the previous year. In fiscal year 2018, SRTA received SCA of \$5,653,509.

11. ***NET POSITION - RESTRICTED FOR OTHER PURPOSES***

In accordance with Massachusetts General Laws Chapter 161 Section 6(q), the Authority has established a reserve for extraordinary expenses. Prior approval from state officials is required before any expenditures can be made from this reserve. At June 30, 2019, that reserve amounted to \$641,624. The Authority added \$15,650 to this reserve in the current fiscal year from its net position. This reserve is at its maximum allowable balance under the law at fiscal year end June 30, 2019.

12. ***SRTA EMPLOYEE PENSION PLAN (CITY OF NEW BEDFORD CONTRIBUTORY RETIREMENT)***

***General Information about the Pension Plan***

*Plan description.* The System is a contributory defined benefit plan, as established by MGL Chapter 32, covering all City of New Bedford Retirement System member unit employees deemed eligible by the retirement board, with the exception of the school department employees who serve in a teaching capacity.

The System qualifies as a *cost-sharing multiple employer plan* since pension obligations exist for employees of more than one employer and plan assets can be used to pay the benefits of the employees of any employer. Five employers currently participate in the System, the City of New Bedford, the New Bedford Housing Authority, the Greater New Bedford Regional Technical Vocational High School, the Greater New Bedford Regional Refuse Management District, and the Southeastern Regional Transit Authority. Each employer contributes into the plan annually as determined by the Public Employee Retirement Administration Commission ("PERAC"). Please see the section below entitled "Contributions" for more information.

The PERAC issues a publicly available report on the City of New Bedford Retirement System pursuant to MGL Chapter 32 Section 21 that can be obtained at [www.mass.gov/perac](http://www.mass.gov/perac). This report contains additional information with respect to the System.

*Benefits provided.* The System provides retirement, disability, and death benefits. Retirement benefits vest after ten years of creditable service and are determined by multiplying average salary by a benefit rate related to the member's age and job classification at retirement, and the resulting product by his creditable service. The amount determined by the benefit formula cannot exceed 80% of the member's highest three year average salary (for employees hired prior to April 2, 2012) or 80% of the member's highest five year average (for employees hired on or after April 2, 2012). The benefit rate also varies with the member's retirement age and group classification (see below). Members may elect to receive their retirement allowances in one of three forms of payment (Options A, B and C) per MGL Chapter 32.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

**12. SRTA EMPLOYEE PENSION PLAN (CITY OF NEW BEDFORD CONTRIBUTORY RETIREMENT)**  
*(Continued)*

*Benefits provided (continued).* Members of the System are eligible for two types disability benefits (ordinary and accidental disability) for which allowances are determined based on the date the member entered the System along with the “group” the member belongs to. Death benefits are also available for members who die as a result of a work-related injury if the member was retired for accidental disability and the death was the natural and proximate result of the injury or hazard undergone on account of which such member was retired. Allowances for death benefits consist of immediate payments to a named beneficiary equal to the accumulated deductions at the time of death, plus a pension equal to 72% of current salary. Other allowances are also entitled to those surviving spouses of the police or fire departments.

Chapter 17 of the Acts of 1997 was adopted by the New Bedford Contributory Retirement System. The result of such adoption allows the Retirement Board to vote to pay a cost of living increase (COLA) for that year, with the percentage determined by the increase in the Consumer Price Index used for indexing Social Security benefits, but cannot exceed 3.0%.

*Contributions.* Member contributions vary depending on the most recent date of membership. Members who entered the system prior to 1975 contribute 5% of regular compensation. Members who entered between 1975 and 1983 contribute 7% of regular compensation. Members who entered between 1984 and June 30, 1996 contribute 8% of regular compensation. Members who entered after July 1, 1996 will contribute 9% of regular compensation. Also, members who joined after 1978 are required to make extra contributions equal to 2% of all compensation exceeding \$30,000 annually.

Under Chapter 32 Section 22F of the Massachusetts Laws, employers are required to make the necessary contributions to the trust such that the plan reaches a full funding status by 2040. Thereafter, annual contributions equal to the normal cost will keep the Plan's assets and liabilities in balance. Contributions to the pension plan from participating employers was \$33,082,046 for the fiscal year ended June 30, 2019 as determined by PERAC. Of the total contributed, \$162,112 represents contributions from the Southeastern Regional Transit Authority (“the Authority”). PERAC establishes rates based on an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of the benefits earned by the employees during the year, with an additional amount to finance any unfunded accrued liability.

***Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

The System's net pension liability was measured as of December 31, 2018 (i.e. the “measurement date” as defined by GASB Statement No. 68), and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2018. Update procedures were used to roll forward the total pension liability to the measurement date.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

**12. SRTA EMPLOYEE PENSION PLAN (CITY OF NEW BEDFORD CONTRIBUTORY RETIREMENT)**  
*(Continued)*

At June 30, 2019 (i.e. the “reporting date” as defined by GASB Statement No. 68), the System reported a net pension liability of \$413,022,533 while the Authority reported a liability of \$2,023,934 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2018. The Authority’s proportion of the net pension liability was based on a projection of the Authority’s long-term share of contributions to the pension plan relative to the projected contributions of the participating employers, actuarially determined. The following chart illustrates each employers proportionate share used at the measurement date:

<u>Employer</u>	<u>Fiscal Year 2019 Actual Employer Contributions</u>	<u>Employer Allocation Percentage</u>
City of New Bedford	\$ 28,817,471	87.1091%
New Bedford Housing Authority	2,200,206	6.6508%
Greater NB Regional Voc. Tech HS	1,613,698	4.8779%
Greater NB Regional Refuse Mgmt. District	288,559	0.8723%
Southeastern Regional Transit Authority	162,112	0.4900%
	<u>\$ 33,082,046</u>	<u>100.0000%</u>

At December 31, 2018, the Authority’s proportion was 0.4900 percent, which was different from its proportion measured as of December 31, 2017, when it was 0.4995 percent. Under GASB Statement No. 68, that change in proportion is noted in deferred outflows / inflows (below).

For the year ended June 30, 2019, the Authority recognized pension expense of \$306,487. At June 30, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 77,658	\$ -
Changes of assumptions	149,730	6,867
Net difference between projected and actual earnings on pension plan investments	93,562	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	60,861	41,255
	<u>\$ 381,811</u>	<u>\$ 48,122</u>

\$0 was reported as deferred outflows of resources related to pensions resulting from Authority contributions subsequent to the measurement date of December 31, 2018. There were no employer contributions after December of 2018. Had employer contributions been made subsequent to the December 31, 2018 measurement date, it would have been recognized as a deferred outflow of resources in the year ended June 30, 2019 (per GASB Statement No. 71).

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

**12. SRTA EMPLOYEE PENSION PLAN (CITY OF NEW BEDFORD CONTRIBUTORY RETIREMENT)**  
*(Continued)*

*Actuarial assumptions.* The total pension liability in the January 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement (not a list of all assumptions):

Inflation	3% per year
Salary increases	Group 1: 5% - 3.25%, based on service Group 4: 6% - 3.75%, based on service
Investment rate of return	7.5%, net of pension plan investment expense, including inflation

Mortality rates for both pre-retirement and post retirement for males and females, were based on the RP-2000 mortality tables. Mortality for disabled members is also represented by the RP-2000 Mortality Tables. For further details on the assumptions used, please refer to the January 1, 2018 actuarial valuation.

The actuarial assumptions used in the January 1, 2018 valuation were prepared using generally accepted actuarial principles and practices and meet the parameters set by GASB Statement No. 68. The assumptions used represent the best estimate of anticipated experience of the system.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equities	30.00%	3.90%
International Equities	10.00%	4.20%
Emerging Markets Equities	10.00%	6.30%
Private Equity	10.00%	7.10%
Fixed Income	15.00%	0.70%
Real Estate	10.00%	3.00%
Alternatives (GTAA)	15.00%	2.60%
Cash	0.00%	0.00%
Total	<u>100.00%</u>	

*Discount rate.* The discount rate used to measure the total pension liability was 7.50 percent (as selected by the Retirement Board; this discount rate approximates the long-term expectation of investment returns). The discount rate was selected based on a projection of employer and employee contributions benefit payments, expenses and the long-term expected rate of return on trust assets. Under Chapter 32 of the Massachusetts Laws, employers are required to make the necessary contributions to the trust such that the plan reaches a fully funded status by 2040. In addition, Chapter 32 also gives the Retirement Board the right to go directly to the Assessors of the community and add an additional property tax to bills for amounts not paid by employer. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Authority's proportionate share of the net pension liability to changes in the discount rate.* The following presents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
Authority's proportionate share of the net pension liability	\$ 2,415,109	\$ 2,023,934	\$ 1,692,836

*Pension plan fiduciary net position.* Detailed information about the System's fiduciary net position is available in the City of New Bedford financial statements.

**Payables to the pension plan**

At June 30, 2019, the Authority did not report any amounts payable to the System for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2019. The Authority paid-in 100% of its required appropriation.

**13. DEFINED BENEFIT PENSION PLANS (HOURLY AND SALARIED)**

**a.) HOURLY PLAN**

*General Information about the Pension Plan*

*Plan description.* The Hourly Plan's defined benefit pension plan provides pensions for all employees covered by the collective bargaining agreement between the Union and the Operating Company. The Hourly Plan is a *single-employer defined benefit pension plan* administered by the Southeast Regional Transit Authority and South Coast Transit Management. The Authority has agreed under terms of the operating agreement, to provide retirement benefits to the employees of the Operator and to continue playing benefits to those retired employees who were eligible to collect benefits. The Hourly Plan's provisions were last approved on April 1, 2014. There were no nonemployer contributing entities or special funding situations, as defined by GASB 68, for this plan.

*Benefits provided.* The Hourly Plan provides retirement, termination, disability, and death benefits. Retirement benefits for general employees are calculated as 1.5 percent of the employee's average compensation times the employee's years of service. Employees with 5 years of continuous service are eligible to retire at age 62. Termination benefits are 100% vested after 5 years of vesting service and are the same as normal retirement benefits with income deferred until Normal Retirement Date. Termination benefits equal the accrued benefit on the date of termination multiplied by the vesting percentage. All employees are eligible for disability benefits after 10 years of service with monthly income payable until normal retirement, death, or recovery and a deferred annuity payable at the Normal Retirement Date. Death benefits equal a monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death. The amount paid for death benefits equal the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.

There have been no changes in plan provisions during the measurement period (July 1, 2017 to June 30, 2018) or between the measurement date and the fiscal year end (June 30, 2019).

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

13. **DEFINED BENEFIT PENSION PLANS (HOURLY AND SALARIED) (Continued)**

*Employees covered by benefit terms.* At June 30, 2018 (the measurement date), the following employees were covered by the benefit terms:

Active plan members	113
Inactive plan members entitled to but not yet receiving benefits	27
Disabled plan members entitled to benefits	1
Retired plan members or beneficiaries currently receiving benefits	110
Subtotal	251

*Contributions.* The basis for determining contributions is an actuarially determined contribution rate that is calculated each year in the plan's actuarial valuation report. The actuarially determined contribution rate is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with additional amounts to finance any unfunded accrued liability and plan administrative expenses. The actuarially determined contribution for the measurement period ending June 30, 2018 is \$821,682 for employer contributions. The actuarially determined contribution for the upcoming measurement period ending June 30, 2019 is \$1,042,554. Currently, there is no written funding policy. It is assumed that the past contribution pattern will continue.

***Net Pension Liability***

The Hourly Plan's net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

*Actuarial assumptions.* The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement (not a complete list of all assumptions used):

Inflation	2.25% increase per year
Salary increases	4.25% increase each year until retirement
Investment rate of return	6.75% (long-term)
Discount rate	6.75% (single rate)

Mortality rates were based on the 2018 IRS Prescribed Mortality – Optional Combined Table for Small Plans, male and female, both during and before the benefit payment period.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2017 – June 30, 2018.

The expected long-term return on plan assets assumption was developed as a weighted average rate based on the target allocation of the plan and the Long-Term Capital Market Assumptions (CMA) 2018 Version. The key fundamental economic inputs for these models are future inflation, economic growth, and interest rate environment. Due to the long-term nature of the pension obligations, the investment horizon for the CMA 2018 is 20-30 years.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

13. **DEFINED BENEFIT PENSION PLANS (HOURLY AND SALARIED) (Continued)**

<u>Asset Class</u>	<u>Expected Arithmetic Return</u>	<u>Expected Geometric Return</u>	<u>Target Allocation</u>
US Equity - Large Cap	7.85%	6.50%	38.09%
US Equity - Mid Cap	8.10%	6.50%	4.58%
US Equity - Small Cap	8.55%	6.50%	3.10%
Non-US Equity	8.10%	6.50%	22.60%
Real Estate (direct property)	5.80%	5.50%	6.35%
Cash	1.55%	1.55%	0.26%
TIPS	3.05%	2.85%	0.00%
Core Bond	3.75%	3.60%	18.65%
High Yield	6.70%	6.30%	6.37%
Total			<u>100.00%</u>

*Discount rate.* The discount rate used to determine the total pension liability was 6.75%. The discount rate used for the prior measurement date was 7.00%.

The plan's fiduciary net position and benefit payments were projected to determine if the plan's fiduciary net position was greater than or equal to the expected benefit payments for each period from 2018 to 2110. The fiduciary net position was projected to be greater than or equal to the expected benefit payments for each period from 2018 to 2110. Benefit payments after 2110 are projected to be \$0.

The long-term rate of return of 6.75% is used to calculate the actuarial present value of projected payments for each future period when the projected fiduciary net position is greater than the projected benefit payments. Otherwise, a municipal bond rate of 3.93% is used. The municipal bond rate is from Barclays Municipal GO Long Term (17+ Y) Index, which includes 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher securities, as of the measurement date.

The discount rate of 6.75% is the single rate that incorporates the long-term rate of return and municipal bond rate assumptions as described above.

**Changes in the Net Pension Liability**

	<u>Increase (Decrease)</u>		
	<u>Total Pension Liability (a)</u>	<u>Plan Fiduciary Net Position (b)</u>	<u>Net Pension Liability (a) - (b)</u>
Balances at the beginning of the period	\$ 21,258,199	\$ 18,646,730	\$ 2,611,469
Changes for the year:			
Service cost	551,377	-	551,377
Interest	1,483,051	-	1,483,051
Differences between expected and actual experience	137,727	-	137,727
Changes in assumptions	1,091,647	-	1,091,647
Contributions - employer	-	870,050	(870,050)
Net investment income	-	1,562,065	(1,562,065)
Benefit payments, including refunds of employee contributions	(1,179,095)	(1,179,095)	-
Administrative expense	-	(20,622)	20,622
Net changes	<u>2,084,707</u>	<u>1,232,398</u>	<u>852,309</u>
Balances at the end of the period	<u>\$ 23,342,906</u>	<u>\$ 19,879,128</u>	<u>\$ 3,463,778</u>

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

13. **DEFINED BENEFIT PENSION PLANS (HOURLY AND SALARIED) (Continued)**

*Sensitivity of the net pension liability to changes in the discount rate.* The following presents the net pension liability of the Hourly Plan, calculated using the discount rate of 6.75 percent, as well as what the Hourly Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75 percent) or 1 percentage point higher (7.75 percent) than the current rate:

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
Hourly Plan Net Pension Liability	\$ 6,058,674	\$ 3,463,778	\$ 1,254,067

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended June 30, 2019, the Hourly Plan recognized pension expense of \$847,512. At June 30, 2019, the Plan reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 107,256	\$ 440,974
Changes of assumptions	1,616,278	1,131,404
Net difference between projected and actual earnings on pension plan investments	1,066,277	1,216,290
	\$ 2,789,811	\$ 2,788,668

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2020	\$ 368,082
2021	(32,603)
2022	(421,817)
2023	87,481
2024	-
Thereafter	-
Subtotal - all years	\$ 1,143

**Payable to the Pension Plan**

At June 30, 2019, the Hourly Plan did not report any payables for outstanding amounts of contributions to the pension plan required for the year ended June 30, 2019.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

13. **DEFINED BENEFIT PENSION PLANS (HOURLY AND SALARIED) (Continued)**

**b.) SALARIED PLAN**

*General Information about the Pension Plan*

*Plan description.* The Salaried Employees' Pension Plan is a *single-employer defined benefit pension plan* administered by the Southeast Regional Transit Authority and South Coast Transit Management. There were no nonemployer contributing entities or special funding situations, as defined by GASB 68, for this plan.

*Benefits provided.* The Hourly Plan provides retirement, termination, disability, and death benefits. Retirement benefits for general employees are calculated as 2.15 percent of the employee's average compensation times the employee's years of service, with maximum service of 40 years. For participants employed after November 1, 2015, the benefit amount changes to 1.65% of average compensation times service. Employees with 5 years of service are eligible to retire at age 62. Termination benefits are 100% vested after 5 years of vesting service and are the same as normal retirement benefits with income deferred until Normal Retirement Date. Termination benefits equal the accrued benefit on the date of termination multiplied by the vesting percentage. Totally and permanently disabled employees are eligible for disability benefits at attained age 55 after 10 years of service with monthly income payable until normal retirement reduced by 2% for a participant that does not qualify for social security disability for each year that the early retirement date precedes the normal retirement date with a max reduction of 20%. Death benefits equal a monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death. The amount paid for death benefits equal the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.

There have been no changes in plan provisions during the measurement period (July 1, 2017 to June 30, 2018) and no changes in plan provisions were made between the measurement date and the fiscal year end (June 30, 2019).

*Employees covered by benefit terms.* At June 30, 2018 (the measurement date), the following employees were covered by the benefit terms:

Active plan members	24
Inactive plan members entitled to but not yet receiving benefits	15
Retired plan members or beneficiaries currently receiving benefits	24
Subtotal	63

*Contributions.* The basis for determining contributions is an actuarially determined contribution rate that is calculated each year in the plan's actuarial valuation report. The actuarially determined contribution rate is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with additional amounts to finance any unfunded accrued liability and plan administrative expenses. The actuarially determined contribution for the measurement period ending June 30, 2018 is \$265,973 for employer contributions. The actuarially determined contribution for the upcoming measurement period ending June 30, 2019 is \$359,143. Currently, there is no written funding policy. It is assumed that the past contribution pattern will continue.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

13. **DEFINED BENEFIT PENSION PLANS (HOURLY AND SALARIED) (Continued)**

**Net Pension Liability**

The Salaried Plan's net pension liability was measured as of June 30, 2018 (for the employers' fiscal year ended June 30, 2019), and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

*Actuarial assumptions.* The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25% increase per year
Salary increases	3.5% increase each year until
Investment rate of return	6.75% (long-term)
Discount rate	6.75% (single rate)

Mortality rates were based on the 2018 IRS Prescribed Mortality – Optional Combined Table for Small Plans, male and female, during the benefit payment period.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2017 – June 30, 2018.

The expected long-term return on plan assets assumption was developed as a weighted average rate based on the target allocation of the plan and the Long-Term Capital Market Assumptions (CMA) 2018 Version. The key fundamental economic inputs for these models are future inflation, economic growth, and interest rate environment. Due to the long-term nature of the pension obligations, the investment horizon for the CMA 2018 is 20-30 years.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Expected Arithmetic Return</u>	<u>Expected Geometric Return</u>	<u>Target Allocation</u>
US Equity - Large Cap	7.85%	6.50%	38.22%
US Equity - Mid Cap	8.10%	6.50%	4.57%
US Equity - Small Cap	8.55%	6.50%	3.08%
Non-US Equity	8.10%	6.50%	22.56%
Real Estate (direct property)	5.80%	5.50%	6.34%
Cash	1.55%	1.55%	0.24%
TIPS	3.05%	2.85%	0.00%
Core Bond	3.75%	3.60%	18.63%
High Yield	6.70%	6.30%	<u>6.36%</u>
Total			<u>100.00%</u>

*Discount rate.* The discount rate used to determine the total pension liability was 6.75%. The discount rate used for the prior measurement date was 7.00%.

The plan's fiduciary net position and benefit payments were projected to determine if the plan's fiduciary net position was greater than or equal to the expected benefit payments for each period from 2018 to 2109. Benefit payments after 2109 are projected to be \$0.

15. **OTHER POST EMPLOYMENT BENEFITS**

**General Information about the OPEB Plan**

*Plan description.* The Authority provides health, life and dental insurance benefits to actives, retirees, their dependents and beneficiaries in accordance with Chapter 32B of Massachusetts General Laws under various contributory plans. Specific benefit provisions and contribution rates are established by collective-bargaining agreements, state laws and the Authority. All benefits are provided through third-party insurance carriers and health maintenance organizations that administer, assume and pay all claims for specific plans. The Plan does not issue a standalone financial report.

GASB Statement No. 75 requires the following disclosures in the financial statements:

*Benefits provided.* The Authority provides retiree medical, dental and life insurances. Employees are eligible for the retiree medical plan at age 55 and the completion of 10 years of service (if hired before April 2, 2012) or with 20 years of service regardless of age. Those hired on or after April 2, 2012 shall be eligible to retire upon attainment of age 60 with 10 years of credible service. Retirees shall pay 25% of the premiums in retirement.

The eligibility requirements for the dental and life insurance plans are the same as they are for the medical plan. However, employees will pay 0% of the premiums in retirement for the dental plan and 25% of the premiums in retirement for the life insurance plan.

*Employees covered by benefit terms.* At June 30, 2019 (the measurement date), the following employees were covered by the benefit terms:

Retired, Disabled, Survivors and Beneficiaries receiving benefits	1
Inactive plan members entitled to, but not yet receiving benefit payments	-
Active plan members	5
Subtotal	6

*Contributions.* The contribution requirements of plan members and the Authority are established and may be amended through Authority ordinances. For the period ending on the June 30, 2019 measurement date, total Authority premiums plus implicit costs for the retiree medical program are \$14,537. The Authority is also made a contribution to the OPEB Trust of \$19,650 for a total contribution of \$34,187.

**Net OPEB Liability**

The Authority's net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2017.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

15. **OTHER POST EMPLOYMENT BENEFITS (Continued)**

*Actuarial assumptions.* The total OPEB liability at the measurement date of June 30, 2019 (valuation date of July 1, 2017) was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

<b>Valuation Date:</b>	July 1, 2017
<b>Measurement Date:</b>	June 30, 2019
<b>Actuarial Cost Method:</b>	Individual Entry Age Normal
<b>Discount Rate:</b>	6.25%, net of OPEB plan investment expense, including inflation
<b>Compensation Increases:</b>	3.00% per year
<b>Inflation Rate:</b>	2.75% per year
<b>Healthcare Cost Trend Rates:</b>	Medicare Supplement Plans: Initial Trend of 5.00% for 2019 grading down 0.00% per year for an ultimate trend rate of 5.00%.
	Non-Medicare Plans: Initial Trend of 5.00% for 2019 grading down 0.00% per year for an ultimate trend rate of 5.00%.
	Dental Plans: Initial Trend of 5.00% for 2019 grading down 0.00% per year for an ultimate trend rate of
<b>Mortality Tables:</b>	RP-2000 Employee/Healthy Annuitant projected generationally with Scale BB
<b>Participation:</b>	80% of future retirees are assumed to participate in the retiree medical plan upon retirement. 100% of future retirees are expected to elect life insurance.

The actuarial assumptions used in the July 1, 2017 valuation were based on the results the experience of the plan and reasonable expectations and, in combination, represent the best estimate of the anticipated experience under the plan.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

15. ***OTHER POST EMPLOYMENT BENEFITS (Continued)***

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Domestic Equity - Large Cap	33.50%	4.00%
Domestic Equity - Small/Mid Cap	2.75%	6.00%
International Equity - Developed Market	6.00%	4.50%
International Equity - Emerging Market	3.00%	7.00%
Domestic Fixed Income	38.00%	2.00%
International Fixed Income	4.00%	3.00%
Alternatives	8.75%	6.50%
Real Estate	3.75%	6.25%
Cash & Cash Equivalents	0.25%	0.00%
<b>Total</b>	<b><u>100.00%</u></b>	<b><u>3.67%</u></b>

*Discount rate.* The single equivalent discount rate used to measure the total OPEB liability was 6.25 percent. The projection of cash flows used to determine the discount rate assumed that Authority contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

15. **OTHER POST EMPLOYMENT BENEFITS (Continued)**

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended June 30, 2019, the Authority recognized OPEB expense of \$25,578. At June 30, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ -	\$ 34,727
Net difference between projected and actual earnings on pension plan investments	-	1,211
	\$ -	\$ 35,938

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<b>Year ended June 30:</b>	
2020	\$ (3,480)
2021	(3,480)
2022	(3,480)
2023	(3,479)
2024	(3,177)
Thereafter	(18,842)
Subtotal - all years	\$ (35,938)

**Payable to the OPEB Plan**

At June 30, 2019, the Authority reported a payable of \$19,117 for the outstanding amount of contributions to the OPEB Trust required for the year ended June 30, 2019.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

16. ***DEFERRED COMPENSATION PLANS***

Certain employees of the Authority are eligible to contribute to a deferred compensation plan pursuant to Section 457 of the Internal Revenue Code ("IRC"). Under this plan, the Authority withholds the amount of compensation mutually agreed upon with each participant up to a prescribed limit outlined in the plan.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights shall be held in one or more annuity contracts, issued by an insurance company qualified to do business in the state where the contract was issued, for the exclusive benefit of participants and beneficiaries under the plan. The Authority disclaims any and all rights with respect to entitlement to proceeds of any plan as set and deems them reserved solely for the benefit of participants under the terms of the plan.

Certain employees of the Authority are eligible to contribute to contribute to a deferred compensation plan pursuant to Section 401 of the IRC and ERISA Section 501. At the end of the plan year there were six (6) participants and the net plan assets totaled \$67,747.

17. ***RISK MANAGEMENT***

In conjunction with its normal operations, the Authority is exposed to various risks of loss related to torts, theft of, damage to and destruction of property and injuries to employees. The Authority purchases commercial insurance from independent third parties to cover these risks. There have been no claims that have exceeded insurance coverage.

GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, requires that liabilities for self-insured claims be reported if it is probable that a loss has been incurred and the amounts can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. The estimated liability for all self-insured losses incurred but not reported is not material at June 30, 2019.

18. ***LEGAL AND OTHER***

The Authority is involved in numerous lawsuits, claims and grievances arising in the normal course of business, including claims for personal injury and personnel practices, property damage, and disputes. In the opinion of the General Counsel to the Authority, payment of claims by the Authority, for amounts not covered by insurance, in the aggregate, are not expected to have a material adverse effect on the Authority's financial position.

19. ***COMMITMENTS***

On May 30, 2012 the Southeastern Regional Transit Authority signed an agreement with Goodyear Tire & Rubber Company through May 31, 2017. A new agreement was signed for the period of June 1, 2017 through July 31, 2022 with Bridgestone Americas Tire Operations, LLC. This agreement is to lease the Authority the number of tires sufficient to keep all of Southeastern Regional Transit Authority's vehicles fully equipped and to provide an adequate reserve supply.

The Authority agrees to furnish to Bridgestone by the 15<sup>th</sup> day of each month a record of the daily revenue and non-revenue vehicle miles. The amount of monthly payments is computed by using the applicable billing rate per tire mile in effect during the preceding month.

20. ***ECONOMIC DEPENDENCY***

The Authority received a substantial amount of its' support from federal and state governments. A significant reduction of this support, if this were to occur, may have an effect on operations.

**SOUTHEASTERN REGIONAL TRANSIT AUTHORITY**  
(A Component Unit of the Massachusetts Department of Transportation)

Notes to Financial Statements (Continued)

June 30, 2019

21. ***TRANSIT SERVICE***

The operation of the Authority's fixed route service and maintenance of the Authority's transportation property are performed by First Transit under the terms of an agreement whereby First Transit operates mass transit along such routes and according to such a schedule as defined by the Authority. First Transit uses South Coast Transit Management, Inc. (SCTM), a wholly owned subsidiary, for the performance of the actual fixed route and ADA paratransit operations. In return, the Authority agrees to pay First Transit a management fee and to reimburse SCTM for all costs and expenses which are reasonable and necessary for the efficient operation of the service.

22. ***SUBSEQUENT EVENTS***

For purposes of determining the effects of subsequent events on these financial statements, management has evaluated events which have occurred subsequent to June 30, 2019, and through September 23, 2019, the date on which the financial statements were available to be issued.

On July 1, 2019, the Massachusetts Department of Transportation signed the 2020 fiscal year's contract assistance in the amount of \$5,766,016 of which half the amount (\$2,883,008) was received by the Authority on August 9, 2019.

The Authority issued a Revenue Anticipation Note (RAN) dated August 23, 2019 in the amount of \$4,500,000, with an interest rate of 2.25%. The due date of the RAN is August 21, 2020 and is to be used to fund operating expenses.

23. ***FUTURE IMPLEMENTATION OF GASB PRONOUNCEMENTS***

The GASB has issued the following statements:

- GASB Statement No. 84, *Fiduciary Activities*, which is required to be implemented during fiscal year 2020. Management is currently evaluating the potential impact that the implementation of this Statement will have on the financial statements.
- GASB Statement No. 87, *Leases*, which is required to be implemented during fiscal year 2021. Management will evaluate the potential impact that the implementation of this Statement will have on the financial statements at some point in the future.
- GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, which is required to be implemented during fiscal year 2021. Management will evaluate the potential impact that the implementation of this Statement will have on the financial statements at some point in the future.
- GASB Statement No. 90, *Majority Equity Interests – an amendment of GASB Statement No. 14 and 61*, which is required to be implemented during fiscal year 2020. Management is currently evaluating the potential impact that the implementation of this Statement will have on the financial statements.
- GASB Statement No. 91, *Conduit Debt Obligations*, which is required to be implemented during fiscal year 2022. Management will evaluate the potential impact that the implementation of this Statement will have on the financial statements at some point in the future.

These pronouncements will be implemented by their respective implementation dates.

24. **810 CMR 53.03(2) DISCLOSURE**

The Administrator (CEO), date of hire November 30, 2011, compensation for fiscal year 2019 was \$119,158. The CEO was paid \$2,248 for one week of unused vacation time buyback as per the Authority's personnel policies. The CEO receives a family health insurance plan and contributes 25% of the cost of the premium.

The Deputy Administrator & CFO, date of hire October 5, 2011, compensation for fiscal year 2019 was \$104,836. The Deputy Administrator & CFO was paid \$1,978 for one week of unused vacation time buyback as per the Authority's personnel policies. The Deputy Administrator & CFO receives a family health insurance plan and contributes 25% of the cost of the premium.

Advisory Board members and officers do not receive compensation.

25. **RESTATEMENT NOTE**

It was necessary to restate fund balance to reflect changes in the measurement date in accordance with the parameters of GASB Statement No. 75 and the actuaries' professional opinion during the current fiscal year. This restatement is a one-time change in parameters used and will be consistently applied to future OPEB valuations.

Net position, beginning of year	\$ 21,391,125
To restate beginning net position to reflect the change in the measurement date under GASB Statement No. 75	<u>95,404</u>
Net position, beginning of year, restated	<u>\$ 21,486,529</u>

Contributions in relation to the actuarially determined contribution	343,163	203,002	237,824	259,296	201,848
Contribution deficiency (excess)	\$ (77,190)	\$ 160,073	\$ 5,778	\$ (21,472)	\$ 57,448
Covered-employee payroll	\$ 1,443,635	\$ 1,284,184	\$ 1,451,933	\$ 1,272,201	1,301,056
Contributions as a percentage of covered-employee payroll	23.77%	15.81%	16.38%	20.38%	15.51%

**Notes to Schedule**

Valuation Date:

A measurement date of June 30, 2018 has been used for the fiscal year ending June 30, 2019.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Cost Method, level percent of pay
Asset Valuation Method	Market value of assets as of the measurement date
Inflation	2.25% long-term
Salary Increases	3.5% increase each year until retirement
Investment Rate of Return	6.75% (weighted average rate)
Retirement Age	Active and inactive participants are assumed to retire at normal retirement age, or current age if later.
Mortality	2018 IRS Prescribed Mortality - Optional Combined Table for Small Plans, male and female, during benefit payment period 2018 IRS Prescribed Mortality - Optional Combined Table for Small Plans, male and female, before benefit payment period

\* - Per paragraph 138 of GASB Statement No. 68, the Authority is not required to retrospectively present its' 10-year RSI schedules, as this information was not available at transition and historical information was not measured in accordance with the parameters of GASB Statement No. 68.

**Schedule of Money-Weighted Rate of Return – Salaried Plan**

	2019	2018	2017	2016	2015
Money-weighted rate of return	8.86%	17.55%	-3.36%	0.60%	14.90%

\* - Per paragraph 138 of GASB Statement No. 68, the Authority is not required to retrospectively present its' 10-year RSI schedules, as this information was not available at transition and historical information was not measured in accordance with the parameters of GASB Statement No. 68.

Supplementary Information

Notes to the Statement of Revenues and Expenses - Budgetary Basis

For the Year Ended June 30, 2019

The accompanying Statement of Revenues and Expenses - Budget and Actual presents comparisons of the legally adopted budget (more fully described in Note 1) with actual data on the budgetary basis. Since accounting principles applied for purposes of developing data on a budgetary basis do not differ significantly from those used to present financial statements in conformity with GAAP, a reconciliation of resultant basis, timing, perspective and entity differences in the excess (deficiency) of revenues over expenses for the year ended June 30, 2019 are as follows:

Increase (decrease) in net position - GAAP basis	\$ (1,862,222)
Capital grants and contributions	(1,248,581)
Depreciation	3,035,489
Pension expense (GAAP only)	64,847
OPEB expense (GAAP only)	26,120
Transfer to extraordinary repairs reserve	(15,650)
Rounding and other adjustments	(3)
Increase (decrease) in net position - Budget basis	<u>\$ -</u>
